You (as payee) are required by law to provide Standard Insurance Company (as payor) with your correct taxpayer identification number (generally your Social Security number). Failure to do so may result in a \$50 penalty imposed by the Internal Revenue Service. In addition, in the event of such failure, we are required to withhold from your taxable distribution according to current regulation, regardless of your withholding election above.

4. Certification

Under penalties of perjury, I certify that:

- 1 The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), **and**
- 2 I am not subject to backup withholding because: (a) I am exempt from backup withholding, (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, **and**
- 3 I am a U.S. person (including a U.S. resident alien).

Important Note: You must **STRIKE OUT** the language in section (2) above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return.

5. Authorization

I have completed appropriate sections of this form and represent that all information is true and accurate. **The Internal Revenue Service does not require your consent to any provision of this document other than the certifications required to avoid backup withholding.**

Date

This Disclosure summarizes important points for you to consider before you purchase Standard Insurance Company's (The Standard's) Tailored Income Annuity.

The Tailored Income Annuity (TIA) is a single-premium immediate annuity. You purchase the annuity with one premium payment or with annuitization of your annuity funds under a deferred annuity. You select the payment option that best suits your needs, and you select the payment frequency for which you would like payments to be made.

The main purpose of an immediate annuity is to receive annuity payments over a period of time. A payment option that provides for payments for a person's lifetime is often elected in order to ensure that the person does not outlive that person's income or assets. Payments received prior to age 59½ are subject to a 10% IRS penalty unless an exception applies.

If you have any questions about the TIA, please ask your broker or financial advisor. You may also contact us at the phone number shown above.

THE ANNUITY CONTRACT *How do I get an immediate annuity started?*

Annuity An immediate annuity allows you to pay a premium for the contract, select a payment option and payment mode, and begin to receive payments immediately after the end of the first payment mode has passed. The maximum payment frequency for an immediate annuity is annually.

Annuitant The annuitant is the person on whose life any life-contingent payment options are based.

Owner The owner is the person or entity who has purchased the contract and to whom the contract is issued.

Issue Age A TIA may be issued for owners age 18-90 and for annuitants age 0-90.

Contract Effective Date The TIA's effective date is the date premium is received in The Standard's home office. The effective date is shown in the contract's data page.

Premium A TIA may be established with premium of \$15,000 to \$1,000,000 (or more with prior home-office approval).

ANNUITY BENEFITS *How are my annuity benefits paid from my immediate annuity?*

Payment Option You have numerous payment options from which to select how you will be paid annuity benefits. The payment option you have elected is described in the contract's data page.

Payment Mode You select how often you would like to be paid the annuity benefit. Examples: monthly, quarterly, semi-annually, annually. The payment mode you have selected is shown in the contract's data page.

Annuity Benefit The Standard determines your annuity benefit amount based on the premium you have paid, and the payment option and payment mode you have elected. The annuity benefit is shown in the contract's data page.

Annuity Benefit Commencement Date Typically, the date annuity benefits begin is after the end of the first payment mode. For example, if you choose a monthly payment mode, the first annuity benefit is paid one month after the contract effective date. Payment of annuity benefits must begin no later than 13 months after the contract effective date. The annuity benefit commencement date is shown in the contract's data page.

PAYMENT OPTIONS *What are my payment option choices?*

Life Income We will pay benefit payments while the annuitant is living. Benefit payments will automatically cease upon the death of the Annuitant.

Certain Period We will pay benefit payments for the certain period you selected on the application for the contract. If the annuitant dies before the certain period ends, we will continue the benefit payments to the beneficiary. Benefit payments will automatically cease as of the end of the certain period. Benefit payments during the certain period may be commuted to a lump-sum payment.

Life Income with Certain Period We will pay benefit payments while the annuitant is living. If the annuitant dies prior to the end of the certain period selected on the application for the contract, (a) benefit payments will continue to the beneficiary until the certain period ends; and (b) benefit payments to the beneficiary may be commuted to a lump-sum payment. If the annuitant is still living at the end of the certain period, payments will continue until the annuitant dies.

Life Income with Installment Refund We will pay benefit payments while the annuitant is living. If the annuitant dies before the total of all paid benefit payments equals the amount of premium paid for the contract, we will pay benefit payments to the beneficiary until the total of all paid benefit payments equals the amount of premium paid for the contract. Benefit payments to the beneficiary may be commuted to a lump-sum payment.

Joint and Survivor Life Income We will pay benefit payments while either annuitant is living. Upon the death of either annuitant, we will continue the benefit payments at 100%, 75%, 66 2/3% or 50% (according to your election on the application for the contract) for the life of the surviving annuitant. Benefit payments will automatically cease upon the death of the last annuitant.

Joint and Survivor Life Income with Certain Period We will pay benefit payments while either annuitant is living. If both annuitants die prior to the end of the certain period selected on the application for the contract, (a) benefit payments will continue to the beneficiary until the certain period ends; and (b) benefit payments to the beneficiary may be commuted to a lump-sum payment. If either annuitant is still living at the end of the certain period, benefit payments will continue until the last annuitant dies.

Joint and Survivor Life Income with Installment Refund We will pay benefit payments while either annuitant is living. Upon the death of either annuitant, we will continue the benefit payments for the life of the surviving annuitant. If the last annuitant dies before the total of all paid benefit payments equals the amount of premium paid for the contract, we will pay benefit payments to the beneficiary until the total of all paid benefit payments equals the amount of premium paid for the contract. Benefit payments to the beneficiary may be commuted to a lump-sum payment.

Joint and Contingent Survivor Life Income We will pay benefit payments while both annuitants are living. If the primary annuitant dies first, we will continue the benefit payments at 50% to the surviving annuitant. If the contingent annuitant dies first, we will continue the benefit payments at 100% to the surviving annuitant. Benefit payments will automatically cease upon the death of the last annuitant.

DEATH BENEFITS *What happens if I die?*

If annuity benefits are payable after you die, annuity benefit payments will be paid to your beneficiary or to the surviving annuitant, according to your selected payment option. Benefit payments to a beneficiary may be commuted to a lump-sum payment.

LIFE INCOME COMMUTATION¹ *May I receive annuity benefits as a lump-sum while I am living?*

You may elect a life income commutation feature on the contract application. After the first two contract years, this feature allows you to receive up to 10% of future annuity benefits as a lump sum in any contract year. If you exercise this feature, remaining annuity benefit payments will be reduced by the percentage commuted. A maximum of 20% of future annuity benefits may be commuted over the lifetime of the contract.

OPTIONAL FEATURE *Are there any other optional features I should know about?*

Inflation Protection On many of our payment options we offer a feature that may guard against the effects of inflation while annuity benefits are paid. Our inflation protection feature allows you to select an annual increase of your annuity benefit by 1%, 2%, 3%, 4% or 5%, as elected by you on the application for the contract. If you elect this feature, the increased annuity benefits begin one year after the first payment is made and would increase annually thereafter.

OTHER INFORMATION *What else do I need to know?*

- You have 30 days to look over the annuity contract. You may return the contract to the agent who sold it or our home office within that 30 days. Any premium paid, including any contract fees or other charges, will be refunded, less any benefits paid, and the contract will be void and considered never in force.
- We pay a commission to the agent, broker or firm for selling you the annuity.

1 Notice

Sound investment practices, as well as state regulations, dictate that annuity brokers who recommend the purchase or exchange of an annuity must have grounds to believe that the transaction is in the purchaser's interest and is appropriate for the purchaser's financial needs and goals. As part of this process, you and your broker should engage in a thoughtful, thorough interview in order to understand your financial background, and current and future needs. Below is a list of suggested topics for discussion. The collection and discussion of this information is for your benefit. It will be used to help your broker determine if an annuity is a suitable investment for you. This information will not be used for any other purpose and will remain confidential.

2 Topics for Determination of Suitability

- Financial status, net worth and current assets, including any existing annuity or life insurance
- Annual income
- Tax status
- Risk tolerance
- Investment objectives
- Current and future monthly financial needs
- Anticipated need to access cash values in the near future (versus the annuity's surrender charge schedule and IRS pre-age 59½ tax penalty, if applicable)
- Any other information relevant to determining whether the annuity is suitable

3 Acknowledgement

Determining the suitability of an annuity contract for a purchaser is the responsibility of the insurance broker, not of the insurance company. In recommending the purchase of an annuity (or the exchange of an annuity that results in another insurance transaction or series of transactions), an insurance broker shall have reasonable grounds for believing that the recommendation is suitable for the purchaser. This determination is made on the basis of facts, disclosed by the purchaser, as to his/her investments and other insurance products, and current financial situation and future financial needs.

Before executing the purchase (or exchange) of an annuity that is the result of the broker's recommendation, an insurance broker shall make reasonable efforts to obtain information about the purchaser's age, financial status, tax status, investment objectives and any other relevant information used or considered to be reasonable by the insurance broker in making the recommendation.

Notice of Replacement of Life Insurance or Annuities

1 Important Notice: Replacement of Life Insurance or Annuities

(This notice must be signed by the applicant(s) and broker, with the original sent to Standard Insurance Company and a copy left with the applicant(s).)

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financial purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy or contract to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interests. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured individual.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on page 2 of this form.

- A. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer or otherwise terminating your existing policy or contract? ☐ Yes ☐ No
- B. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? ☐ Yes ☐ No
- C. If you answered "Yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number, if available) and whether each policy or contract will be replaced or used as a source of financing:

INSURER NAME	CONTRACT/POLICY NUMBER	NAME OF INSURED OR ANNUITANT	REPLACED (R) OR FINANCING (F)
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request, an in force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

3 Important Replacement Issues

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense.

Premiums

- Are they affordable?
- Could they change?
- You're older -- are premiums higher for the proposed new policy?
- How long will you have to pay premiums on the new policy? On the old policy?

Policy Value

- Acquisition costs for the old policy may have been paid, and you may incur costs for the new one.
- What surrender charges do the policies have?
- What expense and sales charges will you pay on the new policy?
- Does the new policy provide more insurance coverage?

Insurability

- If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
- You may need a medical exam for a new policy.
- Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
- Suicide limitations may begin anew on the new coverage.

If you are keeping the old policy as well as the new policy

- How are premiums for both policies being paid?
- How will the premiums on your existing policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old policy are being used to pay premiums?

If you are surrendering an annuity or interest sensitive life product

- Will you pay surrender charges on your old contract?
- What are the interest rate guarantees for the new contract?
- Have you compared the contract charges or other policy expenses?

Other issues to consider for all transactions

- What are the tax consequences of buying the new policy?
- Is this a tax-free exchange? (See your tax advisor.)
- Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
- Will the existing insurer be willing to modify the old policy?
- How does the quality and financial stability of the new company compare with your existing company?
