This Disclosure summarizes important points for you to consider before you purchase Standard Insurance Company's (The Standard's) Focused Growth Annuity.

The Focused Growth Annuity (FGA) is a single-premium deferred annuity. You purchase the annuity with one premium payment, but premiums are accepted during the first 90 contract days to accommodate multiple roll-overs, transfers and exchanges. The FGA is a fixed deferred annuity which means interest is earned during the accumulation phase and annuity payments are deferred until the annuity date or upon annuitization. The FGA's principal and earnings are not subject to income taxes until funds are withdrawn or distributed. A 10% IRS early-withdrawal penalty may apply to withdrawals or distributions prior to age 59½.

The main purpose of a deferred annuity is to save money for retirement and to receive retirement income for life. It is not meant for short-term financial goals.

If you have any questions about the FGA, please ask your broker or financial advisor. You may also contact us at the phone number shown above.

THE ANNUITY CONTRACT *How do I get an annuity started and how will the value of my annuity grow?*

Please check the appropriate box ☐ qualified annuity ☐ non-qualified annuity

Annuity An annuity allows you to pay a premium for the contract and interest will be earned on a tax-deferred basis. The premium and interest earnings are not subject to income taxes until the funds are withdrawn or distributed.

Issue Age An FGA 5, 6 or 7 will be issued to owners age 18-90 and annuitants age 0-90. An FGA10 will be issued to owners 18-80 for annuitants age 0-80.

Annuitant The annuitant is the person on whose life the amount and duration of annuity benefits are based.

Owner The owner is the person or entity who has purchased the contract and to whom the contract is issued.

Contract Effective Date The FGA's effective date is the date premium is received in The Standard's home office. The effective date is shown on the contract cover and in the contract's data pages.

Premium An FGA may be established with an initial premium of \$15,000 to \$1,000,000 (or more with prior home-office approval). Additional premium payments may be made during the first 90 days of the contract. This generally allows for multiple roll-overs, transfers and exchanges.

Interest Rates The initial premium will receive the interest rate in effect as of the date the application and premium are received in the home office. Additional premium received during the first 90 days of the contract will be credited with the interest rate in effect at the time they are received in the home office.

Premium payments are credited with a guaranteed interest rate for five years for the FGA5, six years for the FGA6, seven years for the FGA7, and ten years for the FGA10. Thereafter, the annuity fund will be credited with a renewal rate based on the current economic and interest rate environment.

Interest compounds daily.

Annuity Fund The annuity fund is the amount available to provide annuity benefits, surrender benefits and death benefits. The value of the annuity fund equals: (a) premium plus credited interest; minus (b) amounts surrendered, surrender charges and associated market value adjustments, and premium tax (if any).

Expense Charges There are no expense charges under the contract, other than surrender charges, market value adjustments, and premium tax in those states that require premium tax.

Safety and Guarantees During the market value adjustment period, The Standard guarantees that the owner will never receive less than 87½% of the total premium payments, net of any withdrawals or loans¹ taken. After the market value adjustment period, The Standard guarantees that the owner or beneficiary will never receive less than 100% of the total premium payments, net of any withdrawals or loans¹ taken.

¹403(b) Tax-Sheltered Annuity loans are not available during the market value adjustment period.

²Available after the first contract year.

³The nursing home confinement waiver is not available in Massachusetts. State-specific conditions apply to the terminal condition waiver.

SURRENDER BENEFITS
May I take money out of my annuity and, if so, how?

You may take money out of your annuity any time before annuity payments begin. You may take out all of your annuity’s fund value (**full surrender**) or part of it (**partial surrender**).

Withdrawals must be \$500 or more. At least \$2000 must remain in the account for the contract to remain in force.

A 10% IRS penalty may apply to withdrawals made before age 59½.

A Surrender Fee will be assessed on amounts you withdraw before the end of the Surrender Fee Period, as follows:

FGA5	Year	1	2	3	4	5			
	Charge	8%	7%	6%	5%	4%			

FGA6	Year	1	2	3	4	5	6		
	Charge	8%	7%	6%	5%	4%	3%		

FGA7	Year	1	2	3	4	5	6	7	
	Charge	8%	7%	6%	5%	4%	3%	2%	

FGA10	Year	1	2	3	4	5	6	7	8	9
	Charge	8%	7%	6%	5%	4%	3%	2%	1%	0.9%

Example: The withdrawal amount paid would be \$5,000 - \$400 = \$4,600 plus the market value adjustment.

Contract SPDA; Riders R-EIO, R-NHB, R-TCB, R-MVAR, R-DB, SWO-DEF, R-ERTSA, R-NERTSA, IRA, Roth IRA, R-QPP
1403(b) Tax-Sheltered Annuity loans are not available during the market value adjustment period.
2Available after the first contract year.
3The nursing home confinement waiver is not available in Massachusetts. State-specific conditions apply to the terminal condition waiver.

Market Value Adjustment During the first 5 contract years for the FGA5, the first 6 contract years for the FGA6, first 7 contract years for the FGA7, and first 10 contract years for the FGA10 a market value adjustment will be applied to withdrawals or surrenders. Generally, if interest rates have risen since the purchase, the adjustment will decrease the surrender value. If interest rates have fallen since the purchase, the adjustment will increase the surrender value.

Note: The market value adjustment is waived whenever surrender fees are waived.

ANNUITY BENEFITS *How do I get income (payouts) from my annuity?*

Annuity Date The annuity date is the contract anniversary nearest the annuitant's 95th birthday or the 10th contract anniversary, whichever is later. The contract will automatically annuitize and begin its payout phase, unless otherwise directed.

Payout Options You may choose from the following payment options:

Life Income – A guaranteed income for as long as the annuitant lives.

Joint & Survivor Life Income – A guaranteed income for as long as both annuitants live.

Certain Period – A guaranteed income for your chosen time period (5, 10, 15 or 20 years).

Life Income with Certain Period – A guaranteed income for your minimum chosen time period. If the annuitant is still living at the end of that period, payments continue as long as the annuitant lives.

Lump Sum – One lump-sum payment of the annuity fund.

If a payment option is not chosen, we will automatically pay under a 10-year certain and life payment option.

Annuitization An FGA may be converted into an income annuity with The Standard at any time. No surrender fees will apply if you choose a Life Income or at least a 5-year Certain Period payout option. If your state imposes a premium tax, it will be deducted from your annuitized payments.

Annuity Benefits The contract may not be surrendered once payment of annuity benefits has begun.

ACCESSING FUNDS *Are there ways to access funds without incurring a surrender fee?*

The FGA offers many ways to access funds without incurring a surrender fee. There are no surrender fees associated with the following options, but an IRS early withdrawal penalty may apply to withdrawals before you reach age 59½.

- Regularly scheduled payments of interest earnings.
- Nursing home confinement.^{2 3}
- Terminal condition.^{2 3}
- IRS Required Minimum Distributions.
- Out-of-surrender-fee-period withdrawals.

DEATH BENEFITS *What happens if I die?*

The annuity's value is paid to the beneficiary if the owner or the annuitant dies before the Annuity date, with a choice of payment options. However, death benefits must begin within one year of the date of death and may not extend beyond the beneficiary's life expectancy. Under federal law, if the beneficiary is the spouse as defined under federal law, that spouse does not need to have death benefits paid; rather, that spouse may continue the contract as though that spouse were the original owner.

ADVANTAGES OF TAX DEFERRAL *How will payouts and withdrawals from my annuity be taxed?*

The annuity fund under the FGA grows tax-deferred. Taxes will be due only when withdrawals or distributions are paid from the annuity. As a result, interest accumulates on the principal, earnings and on money that otherwise would be paid in income taxes (often referred to as triple-compounding). An IRS early withdrawal penalty may also apply to payouts and withdrawals paid before you reach age 59½. A tax-deferred annuity may be exchanged for another tax-deferred annuity without being assessed income tax on the earnings. There are no additional tax advantages to purchasing an annuity as part of a qualified plan, other than those provided by the qualified plan itself. Please consult your broker or financial advisor.

Contract SPDA; Riders R-EIO, R-NHB, R-TCB, R-MVAR, R-DB, SWO-DEF, R-ERTSA, R-NERTSA, IRA, Roth IRA, R-QPP

¹403(b) Tax-Sheltered Annuity loans are not available during the market value adjustment period.

²Available after the first contract year.

³The nursing home confinement waiver is not available in Massachusetts. State-specific conditions apply to the terminal condition waiver.

OTHER INFORMATION *What else do I need to know?*

- You have 30 days to look over the annuity contract. You may return the contract to the agent who sold it or our home office within that 30 days. Any premium paid, including any contract fees or other charges, will be refunded, less any benefits paid, and the contract will be void and considered never in force.
- We pay a commission to the agent, broker or firm for selling you the annuity.

Market Value Adjustment During the market value adjustment period, a market value adjustment will be applied to withdrawals or surrenders. The market value adjustment is waived whenever surrender charges are waived. The adjustment is based on changes in the yields of the market value adjustment index and may increase or decrease the annuity's surrender value. Generally, if interest rates have risen since the purchase, the adjustment will decrease the surrender value. If interest rates have fallen since the purchase, the adjustment will increase the surrender value.

Illustrated Effect of Possible Market Value Adjustment Consider the combined charges for an early surrender when market value adjustment index rates increase or decrease. The sample calculation below assumes the index is 3.00% at issue then either rises to 5.00% or drops to 1.00%. The percentages represent a percent of the total account value and are for illustrative purposes only. Actual results may vary.

1 Notice

Sound investment practices, as well as state regulations, dictate that annuity brokers who recommend the purchase or exchange of an annuity must have grounds to believe that the transaction is in the purchaser's interest and is appropriate for the purchaser's financial needs and goals. As part of this process, you and your broker should engage in a thoughtful, thorough interview in order to understand your financial background, and current and future needs. Below is a list of suggested topics for discussion. The collection and discussion of this information is for your benefit. It will be used to help your broker determine if an annuity is a suitable investment for you. This information will not be used for any other purpose and will remain confidential.

2 Topics for Determination of Suitability

- Financial status, net worth and current assets, including any existing annuity or life insurance
- Annual income
- Tax status
- Risk tolerance
- Investment objectives
- Current and future monthly financial needs
- Anticipated need to access cash values in the near future (versus the annuity's surrender charge schedule and IRS pre-age 59½ tax penalty, if applicable)
- Any other information relevant to determining whether the annuity is suitable

3 Acknowledgement

Determining the suitability of an annuity contract for a purchaser is the responsibility of the insurance broker, not of the insurance company. In recommending the purchase of an annuity (or the exchange of an annuity that results in another insurance transaction or series of transactions), an insurance broker shall have reasonable grounds for believing that the recommendation is suitable for the purchaser. This determination is made on the basis of facts, disclosed by the purchaser, as to his/her investments and other insurance products, and current financial situation and future financial needs.

Before executing the purchase (or exchange) of an annuity that is the result of the broker's recommendation, an insurance broker shall make reasonable efforts to obtain information about the purchaser's age, financial status, tax status, investment objectives and any other relevant information used or considered to be reasonable by the insurance broker in making the recommendation.

Focused Growth Annuity 5, 6, 7 And 10

A Rewarding Combination Of Safety, Tax Deferral And Choice

Standard Insurance Company

Focused Growth Annuity 5, 6, 7 And 10

A Deferred Annuity Is An Insurance Contract

A deferred annuity contract is chiefly a vehicle for accumulating savings and eventually distributing the value – either as a payment stream or as a one-time, lump-sum payment. All varieties of deferred annuities have one thing in common: the increase in account value is not taxed until those gains are withdrawn (or paid out). This is also known as tax-deferred growth.

Annuity contracts in the U.S. are defined by the Internal Revenue Code. They have features of both life insurance and investment products, but are only allowed to be sold by insurance companies. And because insurance companies are regulated by individual states, some contracts, features and options may not be available or may not be exactly the same in all states.

Optimize Growth With This Annuity

The Focused Growth Annuity offers a robust set of features to optimize growth potential. This annuity is an ideal choice for a long-term saver who can appreciate the benefits of tax-deferred growth, protection and limited access to funds. Few taxable investments provide this blend of safety, growth and flexibility.

Rate Guarantees

The annuity will be credited an interest rate that is guaranteed for five, six, seven or ten years, depending on the option selected. After that guarantee period, the contract will receive subsequent renewal rates based on the current economic and interest-rate environment. The annuity contract is assigned a guaranteed minimum rate; the renewal rate will never be set below this rate. Interest is calculated and credited daily.

Tax-Qualification Options

This annuity may be established as an Individual Retirement Annuity, 403(b) Tax-Sheltered Annuity or Simplified Employee Pension to initiate or continue a qualified retirement savings account.

Lump-sum deposits and complete or partial exchanges of non-qualified funds may also be accepted into this annuity.

Eligibility

A Focused Growth Annuity 5, 6 or 7 may be established for owners age 18-90 and for annuitants age 0-90. A Focused Growth Annuity 10 may be established for owners age 18-80 and for annuitants age 0-80. The Focused Growth Annuity requires a minimum premium amount of \$15,000 and the maximum is \$1,000,000. Greater amounts may be considered, but must receive home-office approval prior to application. Additional premium payments may be made during the first 90 days of the contract.

Advantages Of Tax Deferral

Taxes will be due only when withdrawals or distributions are made from the annuity. This will generally be during retirement, when most people find themselves in a lower tax bracket. As a result, interest accumulates on principal, earnings and on money otherwise paid in income taxes.

Tax-deferred annuities benefit from the effect of “triple-compounding,” meaning that an annuity earns interest on the **principal** (initial premium payment); on the **interest** itself (amount credited as account growth based on the contract interest rate); and on the amount that would have been paid as income **taxes**.

Annuities are intended as long-term savings vehicles.

The Focused Growth Annuity is a product of Standard Insurance Company. It may not be available in some states. The annuity is not guaranteed by any bank or credit union and is not insured by the FDIC or any other governmental agency. The purchase of an annuity is not a provision or condition of any bank or credit union activity. Some annuities may go down in value.

The guarantees of the annuity are based on the financial strength and claims-paying ability of Standard Insurance Company. An annuity should not be purchased as a short-term investment.

Surrender-Charge Period

Unlike short-term savings products, deferred annuities are designed and priced for long-term retirement savings. Part of this design relies on the fact that the advantages of tax deferral work best when the annuity's growth is allowed to compound over time. So, though all or a portion of the funds may be withdrawn at any time, early withdrawals are discouraged and are subject to surrender charges.

Expressed as a percentage of the annuity's total value, these charges diminish to zero over time. This schedule is in effect for only one period during the life of the contract and will not reset.

Please note that the surrender charges are not a part of or associated with any state or federal taxes imposed on a distribution or with the IRS pre-age-59½ tax penalty that may apply to a withdrawal. Surrender charges are in addition to any applicable state or federal taxes or penalties.

Market Value Adjustment

During the market value adjustment period (the first 5, 6 or 7 contract years for the Focused Growth Annuity 5, 6 and 7 and the first 10 contract years for the Focused Growth Annuity 10) a market value adjustment will be applied to withdrawals or surrenders. This adjustment is based on changes in corporate bond yields and may increase or decrease the annuity's surrender value.

The contract details how this adjustment is calculated, but generally if interest rates have risen since the annuity purchase, the adjustment will decrease the surrender value; if interest rates have fallen, the adjustment will increase the surrender value.

In a withdrawal scenario where the surrender charge is waived, the market value adjustment will also be waived.

Withdrawals must be at least \$500, and a minimum balance of \$2,000 must be maintained. An additional 10 percent IRS penalty may apply to withdrawals before age 59½.

Accessing Funds

While withdrawals are discouraged until the annuity has completed its surrender-charge period, some are permitted under certain circumstances. There are no surrender charges associated with the following options, but an IRS penalty may apply before age 59½.

Interest Payments

After 30 days, regularly scheduled withdrawals of interest earnings may be made on a monthly, quarterly, semi-annual or annual basis.

Required Minimum Distributions

If the contract is held as a tax-qualified plan, IRS Required Minimum Distributions may be made on the schedule requested.

Life-Changing Scenarios

After the first contract year, if the owner becomes a nursing-home resident for 30 or more consecutive days or is diagnosed with a terminal condition, withdrawals may be made.¹

Annuitization

At any time the annuity may be converted to a payout annuity with The Standard. Annuitization must be either a lifetime income payment option or a certain period of at least five years.

Death Benefits

Beginning immediately, upon the death of the owner or annuitant, the full annuity value is payable as death benefits to the named beneficiary.

Advantages Of Tax Deferral

Taxes will be due only when withdrawals or distributions are made from the annuity. This will generally be during retirement, when most people find themselves in a lower tax bracket. As a result, interest accumulates on principal, earnings and on money otherwise paid in income taxes.

Time To Reflect On The Purchase

From the date the annuity contract is delivered, an owner has 30 days to consider the purchase. If the transaction is terminated during those 30 days, Standard Insurance Company will return all premium, net of any withdrawals taken.

¹ An applicant currently confined to a nursing home will not be eligible for the nursing-home waiver. The nursing-home waiver is not available in Massachusetts and state-specific conditions may apply to the terminal-condition waiver.

A Guaranteed Income for Life

Annuitization is precisely why many people buy an annuity — to insure against outliving an income. By annuitizing a deferred annuity, a change is made from accumulating savings to generating a guaranteed income stream.

While annuitization may occur at any time, most will consider this option in the transition from the accumulation to the income stage of retirement. It's an option that:

- Provides a guaranteed income stream;
- Can set payments to meet the IRS Required Minimum Distribution; and
- Allows payment of taxes on smaller, regular payments instead of a lump sum.

Income Options

Life Income

A guaranteed income for as long as the annuitant lives. Payments will cease upon the death of the annuitant.

Life Income With Installment Refund

A guaranteed income for as long as the annuitant lives. The total payments will never be less than the total of the funds paid to purchase this option. If the annuitant dies before receiving at least that amount, payments continue to the beneficiary until the full amount is repaid (or may be commuted to a lump-sum payment).

Life Income With Certain Period

A guaranteed income for as long as the annuitant lives. If the annuitant dies prior to the end of the period specified (5, 10, 15 or 20 years), payments continue to the beneficiary until the end of the period (or may be commuted to a lump-sum payment).

Joint And Survivor Life Income

A guaranteed income for as long as both annuitants live. When either annuitant dies, payments will continue at 50 percent, 66²/₃ percent, 75 percent or 100 percent of the payments received when both were living. Payments will cease upon death of both annuitants.

Joint And Survivor Life Income With Installment Refund

A guaranteed income for as long as both annuitants live. The total payments will never be less than the total of the funds paid to purchase this option. If both annuitants die before receiving at least that amount, payments continue to the beneficiary until the full amount is repaid (or may be commuted to a lump-sum payment).

Joint And Survivor Life Income With Certain Period

A guaranteed income for as long as both annuitants live. When either annuitant dies, payments will continue at 100 percent of the payments received when both were living. If both annuitants die prior to the end of the period specified (5, 10, 15 or 20 years), payments continue to the beneficiary until the end of the period (or may be commuted to a lump-sum payment).

Joint And Contingent Survivor Life Income

A guaranteed income for as long as both annuitants live. If the primary annuitant dies first, payments will continue at 50 percent of the payments received when both were living. If the contingent annuitant dies first, payments will continue at 100 percent of the payments received when both were living. Payments will cease upon death of both annuitants.

Certain Period

A guaranteed income for a time period chosen (5, 10, 15 or 20 years). At any time, benefits may be commuted to a lump-sum payment. If the annuitant dies prior to the end of the period specified, payments continue to the beneficiary until the end of the period (or may be commuted to a lump-sum payment).

Our balance sheet is the cornerstone of our financial strength and has provided us with a foundation for profitability through a wide range of economic cycles.

The quality of our commercial mortgage loans is excellent, and our delinquency rates are very low.

- The average loan-to-value ratio on new loans was 66 percent in 2009
- As of December 31, 2009, the average loan-to-value ratio in our overall commercial mortgage portfolio was 66 percent

The Standard Stands The Test Of Time

In the July 2009 issue of Best's Review, Standard Insurance Company was recognized for maintaining an "A" rating or higher from A.M. Best Company since 1928. The Standard was honored to be among one of only 14 life/health insurers to consistently achieve an "A" rating (or higher) for more than 75 years. Given the rapidly evolving markets, changing customer needs and challenging economic times, this is a significant accomplishment. We are proud of this longstanding track record of financial strength.

Notice of Replacement of Life Insurance or Annuities

1 Important Notice: Replacement of Life Insurance or Annuities

(This notice must be signed by the applicant(s) and broker, with the original sent to Standard Insurance Company and a copy left with the applicant(s).)

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financial purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy or contract to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interests. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured individual.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on page 2 of this form.

- A. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer or otherwise terminating your existing policy or contract? ☐ Yes ☐ No
- B. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? ☐ Yes ☐ No
- C. If you answered "Yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number, if available) and whether each policy or contract will be replaced or used as a source of financing:

INSURER NAME	CONTRACT/POLICY NUMBER	NAME OF INSURED OR ANNUITANT	REPLACED (R) OR FINANCING (F)
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request, an in force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

3 Important Replacement Issues

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense.

Policy Value

- Acquisition costs for the old policy may have been paid, and you may incur costs for the new one.
- What surrender charges do the policies have?
- What expense and sales charges will you pay on the new policy?
- Does the new policy provide more insurance coverage?

Insurability

- If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
- You may need a medical exam for a new policy.
- Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
- Suicide limitations may begin anew on the new coverage.

If you are keeping the old policy as well as the new policy

- How are premiums for both policies being paid?
- How will the premiums on your existing policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old policy are being used to pay premiums?

If you are surrendering an annuity or interest sensitive life product

- Will you pay surrender charges on your old contract?
- What are the interest rate guarantees for the new contract?
- Have you compared the contract charges or other policy expenses?

Other issues to consider for all transactions

- What are the tax consequences of buying the new policy?
- Is this a tax-free exchange? (See your tax advisor.)
- Is there a benefit from favorable “grandfathered” treatment of the old policy under the federal tax code?
- Will the existing insurer be willing to modify the old policy?
- How does the quality and financial stability of the new company compare with your existing company?
