AssurancePlus 7

AssurancePlusSM 7 is a fixed annuity designed for your financial security and retirement needs.

Backed by financial strength

Great American Life Insurance Company® is a member of the Great American Financial Resources®, Inc. (GAFRI) family of companies. Great American Life® is rated “A (Excellent)” for financial strength and operating performance by A.M. Best Company, the leading independent insurance analyst. This is the third highest of 16 ratings, and is as of February 14, 2011.

Avoids probate

The account value will be paid upon the death of the owner or any joint owner. It is payable directly to your designated beneficiaries, so that proceeds generally pass without the legal cost or delays of probate, and with the privacy you desire.

Access to your money

During the first contract year, you may withdraw earned interest credited to your contract without an early withdrawal charge (referred to as surrender charges in the contract). Each year after the first contract year, you may withdraw up to 10% of the account value as of the most recent contract anniversary without an early withdrawal charge. Remember that withdrawals prior to age 59½ may be subject to restrictions and a penalty tax, according to IRS regulations.

It's important to note that early withdrawal charges may apply to withdrawals, surrenders and certain annuitizations. These charges, if applicable, are a percent of the account value:

Contract year							
1	2	3	4	5	6	7	8+
Early withdrawal charge							
7%	7%	7%	6%	5%	4%	3%	0%

Guaranteed rate protection¹

The amount of interest credited to your contract is based on the current rate declared by the company. Even if economic conditions cause interest rates to drop, you are protected by a bailout provision. All early withdrawal charges will be **waived** for any period that the current interest rate on any purchase payment falls below the waiver base rate for that purchase payment.

In addition, for each purchase payment, the current rate is **assured not to be less than the guaranteed rate**. The guaranteed rate will remain constant throughout the accumulation phase of your contract.

A bonus for you

For each purchase payment, you will receive a purchase payment bonus, based on the amount of your initial purchase payment. For amounts less than \$100,000, you will receive a **1% purchase payment bonus**. For amounts \$100,000 or more, you will receive a **2% purchase payment bonus**. Please note, the bonus and interest earned on it will be forfeited if the contract is canceled or surrendered during the first contract year.

Additional protection

In addition, an extended care waiver rider and terminal illness waiver rider may be available for your protection.

No upfront fees

This modified single premium deferred annuity has no upfront charges. All your money goes to work for you.

Tax control

You can take control of your money through the power of tax deferral. Your money in this product grows tax deferred, which means your earnings remain free from current taxes until a withdrawal is made.²

Payout options for your retirement

AssurancePlus 7 settlement options can provide you with a guaranteed monthly income for a specified number of years or for the rest of your life. Your contract provides you with the flexibility to annuitize your contract and choose a settlement option that fits your needs.
