Indexed interest for a term, if any, is credited at the end of the term. If you buy this annuity and allocate money to an indexed strategy, you aren't investing directly in the S&P 500 Index or the stocks included in the S&P 500 Index. An indexed interest strategy may earn 0% interest for a term, but your account value will not go down unless you take a withdrawal from your annuity. Withdrawals impact contract values and benefits. Taxable amounts withdrawn prior to age 59 ½ may be subject to a penalty tax in addition to ordinary income tax.
