Owner's Beneficiary Designation² - For individual owners, the death benefit is payable to the owner's primary beneficiary. If the owner's primary beneficiary is no longer living at the time of the owner's death, the owner's contingent beneficiary will receive the death benefit.

For joint owners, the death benefit is payable on the death of the first owner (except in cases of spousal continuance) and the surviving joint owner is the designated sole primary beneficiary. Name only contingent beneficiaries below.

Please designate if you want the beneficiary designation to be Per Stirpes or Per Capita. If an election is not made then by default it will be Per Capita. Per Stirpes designations require a listing of the children on a separate sheet of paper that is signed and dated. The list must include the children's names, addresses, phone numbers, dates of birth and social security numbers.

- Per Stirpes definition: A common way of distributing proceeds where if one or more beneficiaries has died, his or her children share equally in his or her share of the proceeds.
- Per Capita definition: Proceeds are split amongst the beneficiaries that survive the owner/annuitant. If one of the beneficiaries does not survive the owner/annuitant then the remaining beneficiaries receive the proceeds split equally.

☐ **Issue with first funds (must still meet minimum premium requirements):** I would like my contract issued with the first funds received. If the annuity is index linked, the initial index will be set on the effective date of the annuity. I understand that any additional deposits after issue will be applied to the fixed account until the contract anniversary. (This option is not available for single premium contracts or Inherited IRAs.)

☐ **Issue with last funds:** I would like my contract issued with the last funds received. I understand that my interest will be credited from the date the annuity becomes effective. If the annuity is index linked, the initial index will be set on the effective date of the annuity.

MNL Endeavor® 8

Annuity Disclosure Statement

Thank you for your interest in the MNL Endeavor® 8 Annuity from Midland National® Life Insurance Company. It is important for you to read and understand this summary before you decide to purchase the annuity. This summary will help you understand the features of the annuity and determine if it will help you meet your financial goals. Once you have read this summary, please sign pages 8 and 10 to confirm that you understand the annuity and submit this document with your application for the annuity. *Refer to the Contract for complete details.*

This Annuity Disclosure Statement must be signed by the applicant and agent, then return the Home Office copy to Midland National Life Insurance Company, Annuity Division with the application.

4350 Westown Parkway, West Des Moines, IA 50266
Phone: (877) 586-0240 • MidlandNational.com

The MNL Endeavor® 8 is issued by Midland National® Life Insurance Company, West Des Moines, IA on form AC/AS124A/ICC16-AS145A.MVA/AS145A (certificate/contract), AR153A/ICC15-AR314A, AR158A/ICC15-AR309B, AR163A-1/ICC15-AR313A, ICC15-AR316A/AR316A/AR154A, AR194A/ICC15-AR317A, AR227A/ICC17-AR331A, AR277A/ICC15-AR311A, AR278A/ICC15-AR312A, AR324A/ICC16-AR324A, AR192A/AR327A/ICC15-AR307A, AR160A, and ICC19-AR373A (riders/endorsements) or appropriate state variation. This product, its features and riders may not be available in all states.

The MNL Endeavor 8 is a flexible premium deferred fixed index annuity from Midland National Life Insurance Company that accumulates interest in the following ways: A) based on the change in the Index Account during each contract year, without the risk of losing premium due to market volatility, and/or B) a traditional Fixed Account.

Fixed Account

The portion of premium allocated to this account will earn the current Fixed Account interest rate. This rate will be guaranteed for the first contract year and the rate for future contract years will be declared annually thereafter at the Company's discretion. This rate will never fall below the Minimum Guaranteed Fixed Interest Rate of 0.25%. *Ask your sales representative for the current interest rate.*

Index Account

The Index Account is the portion of your premium, that you determine will earn interest based on the following crediting methods:

- Daily Average Crediting Method with Index Margin
- Monthly Point-to-Point Crediting Method with Index Cap Rate
- Annual Point-to-Point Crediting Method with Index Cap Rate
- Annual Point-to-Point Crediting Method with Participation Rate
- Annual Point-to-Point Crediting Method with Index Margin
- Annual Inverse Performance Trigger Crediting Method
- Two-Year Point-to-Point (also known as Term Point-to-Point) Crediting Method with Index Margin (not available in all states)
- Two-Year Point-to-Point (also known as Term Point-to-Point) Crediting Method with Participation Rate (not available in all states)

Please see the MNL Endeavor 8 product brochure for specific details regarding these crediting methods.

Ask your sales representative for the current Index Cap Rates, Index Margins, Participation Rates and Declared Performance Rate.

Index Margin

The Index Margin is subtracted from any index gain to determine any Interest Credit. For the Daily Average with Index Margin Index Account and the Annual Point-to-Point with Index Margin Index Account, the Index Margin is subtracted on each contract anniversary. It is guaranteed for the first year and declared annually thereafter at the Company's discretion. For the Two-Year Point-to-Point with Index Margin Index Account, the Index Margin is multiplied by two (which is the term length) and then subtracted at the end of the two-year term. It is declared at the beginning of and guaranteed for each two-year term. The maximum Index Margin is 25% for the Daily Average with Index Margin Index Account and 15% for the Annual Point-to-Point with Index Margin Index Account and the Two-Year Point-to-Point with Index Margin Index Account.

Participation Rate

The Participation Rate is the percentage of any index gain that will be credited to the Contract as the Interest Credit to the Annual Point-to-Point Index Account. The rate is guaranteed for the first year and declared annually thereafter at the Company's discretion, never to be less than 5% for Annual Point-to-Point with Participation Rate Index Account and the Two-Year Point-to-Point with Participation Rate Index Account.

Index Rate

The Index Cap Rate is an upper limit used to determine Interest Credits. The Index Cap Rate applies to the Annual Point-to-Point and Monthly Point-to-Point Index Account options. It will always be declared on the contract anniversary by the Company at their discretion and is guaranteed for the following contract year. This cap may change annually. However, at no time will this cap ever fall below the minimum guarantees which are: 0.50% for Annual Point-to-Point with Cap Index Account and 0.25% for Monthly Point-to-Point with Cap Index Account.

Annual Inverse Performance Trigger

The Inverse Performance Trigger (or Annual Declared Rate Negative Performance Option) credits a Declared Performance Rate of interest when the index stays the same or goes down throughout the year. This Declared Performance Rate may be changed by the Company at their discretion annually and will never fall below the minimum guaranteed rate of 0.25%.

Payment of Commission

Midland National will pay a sales commission in connection with the sale of this product. This commission is one of many costs which Midland National considers and factors into the product's design and policy performance, including setting the guaranteed rates in the Contract and the manner in which non-guaranteed benefits may be offered. One-hundred percent of your premium deposit will be credited to your account, and no deductions from your premium payment or from your account value will be made due to the payment of this sales commission.

Midland National may enter into written sales agreements with other financial institutions ("selling firms") for the sale of the Contract. The selling firms and their representatives are independent of Midland National. In this case, the selling firms are responsible for evaluating product proposals or recommendations independently and for exercising independent judgment about these proposals. Midland National pays selling firms all or a portion of the commissions received for their sales of the Contract.

Accumulation Value

Your Accumulation Value is equal to 100% of premium, plus any fixed and index account interest earned, minus withdrawals. The Accumulation Value is used to determine the Death Benefit as well as penalty-free withdrawals.

Surrender Value

The Surrender Value is the amount that is available at the time of surrender. The Surrender Value is equal to the Accumulation Value, subject to the Interest Adjustment (if any), less applicable Surrender Charges and state premium taxes where applicable.

The Minimum Surrender Value will never be less than 87.5% of all premiums; less any partial surrenders (after any Interest Adjustment or reduction for Surrender Charges); accumulated at 1.00%, or otherwise directed by your Contract.

SURRENDER CHARGES AND INTEREST ADJUSTMENT

Please read the following information and sign the last page of this disclosure to acknowledge your understanding that Surrender Charges and Interest Adjustments will apply when withdrawals are taken from your contract during the Surrender Charge Period.

Surrender Charges

A Surrender Charge is assessed on any amount withdrawn, whether as a partial withdrawal or full surrender, that is in excess of the penalty-free amount. A surrender during the Surrender Charge period may result in a loss of premium.

The Surrender Charges that apply for each Contract Year are based on the state where your Contract is issued and are shown as follows:

For contracts issued in **all states** other than those specifically listed below:

Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8
10%	10%	10%	10%	9%	8%	5%	3%

For **California** issued contracts, the Surrender Charges are as follows:

Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8
8%	7.45%	6.5%	5.5%	4.55%	3.55%	2.55%	1.5%

For **AK, CT, DE, HI, MN, MO, NV, NJ, OH, OK, OR, PA, SC, TX, UT, VA, WA** issued contracts, the Surrender Charges are as follows:

Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8
9%	8.5%	7.5%	6.5%	5.5%	4.5%	3.5%	3%

Surrender charges allow the Company to invest long-term, and in turn, generally credit higher yields.

Surrender charges and Interest Adjustments on IRS-Required Minimum Distributions that exceed the 10% penalty-free amount are waived by current company practice*.

**A feature offered "by current company practice" is not a contractual guarantee of this annuity Contract and can be removed or changed at any time.*

See next page for Interest Adjustment.

Interest Adjustment (also known as Market Value Adjustment):

The MNL Endeavor 8 includes an Interest Adjustment that is applied only during the surrender charge period to full surrenders and to any partial surrender in excess of the applicable penalty-free partial surrender amount. This adjustment may decrease or increase the Surrender Value or partial surrender depending on the change in the interest rates or the Index Value of the Interest Adjustment during the period since you purchased this annuity.

Example of Interest Adjustment (Market Value Adjustment-MVA) Formula

The Interest Adjustment will be calculated by multiplying the portion of any full or partial surrender that exceeds any available penalty-free withdrawal amount before the reduction for any surrender charge by the formula* described below.

*The Interest Adjustment Factor is: $(i_0 - i_t - \text{ADJ}) \times (T)$

In all states except those listed to the right the key below applies:	In AK, CT, DE, HI, MN, MO, NV, NJ, OH, OK, OR, PA, SC, TX, UT, VA and WA the key below applies:
<p>i_0 = The current interest rate when the contract was issued.</p> <p>i_t = The current interest rate offered for new contracts at time of the partial or full surrender.</p> <p>ADJ = 0.005 (in all states other than those specifically noted)</p> <p> = 0.0025 (in FL)</p> <p> = 0.0000 (in IN)</p>	<p>i_0 = The Index Value of the Market Adjustment External Index on the issue date of the annuity Contract.</p> <p>i_t = The Index Value of the Market Value Adjustment External Index at the time of partial or full surrender.</p> <p>ADJ = 0.000</p>
<p>In all states above other than California the amount of the Interest Adjustment will never exceed the total interest credited to the Accumulation Value since issue, less the sum of the absolute values of all Interest Adjustments on prior partial surrenders (i.e. all adjustments positive or negative added together).</p> <p>In California, the amount of the Interest Adjustment will never exceed the lesser of a) the applicable surrender charge or b) 0.50% of the Accumulation Value at the time of the surrender.</p>	<p>The amount of the Market Value Adjustment will never exceed the lesser of a) the total interest credited to the Accumulation Value since issue, less the sum of the absolute values of all Market Value Adjustments on prior partial surrenders (i.e. all adjustments positive or negative added together), or b) the applicable surrender charge.</p>
<p>T = Time in years as follows: number of days from the date of the partial or full surrender to the end of the current contract year divided by 365; plus whole number of years remaining in the market value adjustment period.</p>	
<p>Lower interest rates at time of issue may result in less opportunity for a positive Interest Adjustment in future contract years. In certain rate scenarios at the time of issue, it may not be possible to experience a positive Interest Adjustment.</p>	

See the "Understanding the Market Value Adjustment" brochure for more information.

Death Benefit

The Death Benefit is payable upon the death of the first owner, unless the sole beneficiary is the owner's spouse and he or she elects to continue this Contract under its spousal continuance provisions. If there are joint annuitants, and an annuitant who is not also the contract's owner dies, the death benefit will be paid upon the death of the second annuitant.

The Death Benefit equals the Accumulation Value or the Minimum Surrender Value as defined in the contract, whichever is greater. The beneficiary may choose to receive the Death Benefit in either a lump sum or a series of income payments.

A death benefit is not available if an annuity payout option has been elected.

Subsequent Premiums

All subsequent premiums will be credited a fixed interest rate until the next contract anniversary. This interest rate will be declared at the time the subsequent premium is received. On each contract anniversary, Midland National will allocate any premium received since the prior contract anniversary according to your most recent instructions.

LIQUIDITY FEATURES

Certain withdrawals before age 59½ may be subject to a 10% IRS penalty.

Penalty-Free Withdrawals

Once per year after the first anniversary, you may take a penalty-free withdrawal (also known as Penalty-Free Partial Surrender), without Surrender Charges or Interest Adjustment, up to 10% of your Accumulation Value.

Nursing Home Confinement Waiver

(Not available in all states)

After the first Contract Anniversary, if the annuitant becomes confined to a qualified nursing home facility for at least 90 consecutive days, we will increase the penalty-free withdrawal amount by 10% of the Accumulation Value each year while the annuitant is confined. This waiver is only available for issue ages 75 and younger and is automatically included with your annuity at no additional charge.

Required Minimum Distributions

By current company practice*, Required Minimum Distributions (RMD) that exceed the 10% penalty-free amount may be withdrawn without a Surrender Charge or Interest Adjustment.

Transfer Options

You may elect to transfer your values between the Fixed Account and Index Account options. You may also elect to transfer between crediting methods within the Index Account options on an annual basis. By current company practice*, you will have 30 days following each contract anniversary to reallocate. Transfers are not allowed until your first contract anniversary. Based on current tax laws, transfers between options will not be taxable or subject to surrender penalties. *Please refer to your Endeavor 8 Additional Benefits Specifications Page, found in your Contract, for minimum transfer amounts.*

Annuity Payout Options

In all states except Florida, you may select an annuity payout option at any time. If selected during the Surrender Charge period, your payout will be based on the Surrender Value. Available payout options include Life Income, Life Income with Period Certain, Joint and Survivor Income and Income for a Specified Period or Amount.

By current company practice*, you may receive an income from the Accumulation Value after the first contract year (without Surrender Charges or Interest Adjustment) if you choose a Life Income Option. You can also receive an income based on the Accumulation Value if your annuity has been in force for at least five years and you elect to receive payments over a five-year period.

For Florida:

You may select an annuity payout option based on the Accumulation Value at any time after the first contract year. Available payout options include Life Income, Life Income with a 10-Year or 20-Year Period Certain, Joint and Survivor Life Income and Joint and Survivor with a 10-Year or 20-Year Period Certain.

Once a payout option is elected, it cannot be changed and all other rights and benefits under the annuity end.

**A feature offered "by current company practice" is not a contractual guarantee of this annuity Contract and can be removed or changed at any time.*

Additional Information

The Endeavor 8 is not a registered security, does not directly participate in stock or equity investments and the Indexes do not include dividends. Past index performance is not intended to predict future performance. Under current law, annuities grow tax-deferred. Annuities may be subject to taxation during the income or withdrawal phase. The tax-deferred feature is not necessary for a tax qualified retirement account. For purchase as a qualified retirement account, you should consider whether other features, such as the Death Benefit, lifetime annuity payments and riders will help meet your needs. Before purchasing this Contract you should obtain competent advice regarding the tax treatment of the Contract. Neither Midland National, nor any agents acting on its behalf in the sale of this product, should be viewed as providing legal, tax or securities advice.

Index Account Calculations

The following hypothetical examples are provided as a general explanation of how the Annual Point-to-Point Crediting Option is calculated and how interest may be credited under three scenarios. These examples assume: initial premium of \$10,000, a beginning index value of 1000 for the S&P 500®, an Annual Point to Point Index Cap Rate of 5% and no withdrawals.

Annual Point-To-Point With Index Cap Rate (APP Cap) Crediting Method:

This crediting method measures the index growth using two points in time in the contract year; the beginning index value and the ending index value. Index linked gains are calculated based on the difference between these two values. The index growth, if any, is then subject to an Index Cap Rate. The annual Index Credit will never be less than zero, and will not be more than the Index Cap Rate. Index growth is calculated as follows:

Index Return =
$$\frac{\text{Ending Index Value} - \text{Beginning Index Value}}{\text{Beginning Index Value}}$$

Index Credit = (Index Return, not to exceed Index Cap Rate) x Initial Premium

Index Account Value = Initial Premium + Index Credit

EXAMPLE: S&P 500® Index Account	SCENARIO A: Above Average Return	SCENARIO B: Average Return	SCENARIO C: Negative Return
Index Return =	$\frac{1,200 - 1,000}{1,000} = 20\%^*$	$\frac{1,040 - 1,000}{1,000} = 4\%^*$	$\frac{900 - 1,000}{1,000} = -10\%^{**}$
Index Credit =	$(0.05) \times \$10,000 = \500	$(0.04) \times \$10,000 = \400	$(0.0) \times \$10,500 = \0^{**}
Index Account Value =	$\$10,000 + \$500 = \$10,500$	$\$10,500 + \$400 = \$10,400$	$\$10,000 + \$0 = \$10,000$

* Cannot exceed the Annual Point-to-Point Index Cap Rate. **The Index Credit will never be less than zero.

Minimum Surrender Value

(Hypothetical example assumes an annuity contract with an 8-year Surrender Charge schedule and an initial premium of \$10,000, and no partial withdrawals):

Yr 1:	\$8,837.50	Yr 3:	\$9,015.13	Yr 5:	\$9,196.33	Yr 7:	\$9,381.18
Yr 2:	\$8,925.87	Yr 4:	\$9,105.28	Yr 6:	\$9,288.30	Yr 8:	\$9,474.99

Index Disclosure Supplement:

S&P Multi-Asset Risk Control 5% Excess Return Index (S&P MARC 5% ER)

(Please see your Annuity Disclosure for details.)

Thank you for considering a Fixed Index Annuity from Midland National® Life Insurance Company. Upon issue, this is an annuity contract between you and Midland National. It is an insurance contract filed with the state insurance department. Therefore, this contract is governed by state insurance laws and your state insurance department.

A Midland National Fixed Index Annuity contract offers you flexibility to choose how to allocate your premiums to determine the manner in which your contract will earn interest. You may earn Interest Credits by linking to an external index and by selecting from our various interest crediting methods or by allocating your premium to the Fixed Account. Midland National annuity products offer you, the customer, flexibility and choice in determining how you wish to have your contract premiums allocated. If you elect to place your premium in the Index Account, your Interest Credit will never be less than zero. If you elect to place your premium in the fixed account, a declared rate of interest will be credited each year.

A Midland National Fixed Index Annuity contains a minimum guaranteed interest rate, backed by the financial strength of Midland National. The fixed account minimum guaranteed interest rate is set at issue and guaranteed for the entire term of the contract.

If you elect to link your premiums and credited interest to an external index, your premiums are never invested directly in the external index. The investment performance of the external index that your premiums are linked to does not pass through to you as a security investment does. If it is a stock-based index you do not receive dividends. By linking to an external index you merely select the manner used to measure what your credited interest will be. You ultimately decide how to allocate your premiums and decide how interest credits to your contract will be calculated. It is critical you understand how the components of your Fixed Index Annuity work. There are two main aspects that factor in to determining the Interest Credits, the Index Account (Crediting Method) option and the index itself.

S&P Multi-Asset Risk Control 5% Excess Return Index Option

The S&P MARC 5% ER index is a multi-asset excess index that tends to create more stable returns through diversification, an excess return methodology, and by managing volatility. The index covers major asset classes which represent equities, U.S. Treasuries, gold, and cash. The index applies established rules to allocate amongst those asset classes. The S&P MARC 5% ER index value is available at the following website: <http://us.spindices.com/indices/strategy/sp-marc-5-excess-return-index>.

We reserve the right to add, remove or revise availability of the S&P MARC 5% ER index, or to substitute a different published benchmark should the Company, in its discretion, determine that the use of the S&P MARC 5% ER index no longer is commercially reasonable. The S&P MARC 5% ER index does not constitute a purchase of or direct investment in the index, or in the underlying components of the index. All references to S&P MARC 5% ER index values are used with the permission of S&P Dow Jones Indices and have been provided for informational purposes only. S&P Dow Jones Indices accepts no liability or responsibility for the accuracy of the prices or the underlying components to which the prices may be referenced.

Annual Point-to-Point Index Account

The S&P MARC 5% ER index is available with the Annual Point-to-Point Index Account option. Annual Point-to-Point measures index growth using two points in time, the beginning index value and the ending index value for each contract year. Index-linked gains are calculated based on the difference between these two values on an annual basis. The index growth, if any, is then subject to an Index Margin that is subtracted to determine your interest credit. No Cap Rate is applied. The annual interest credit will never be less than zero.

Additional Options

We feel it's important to offer you several options to which you can allocate your premium. We also offer annual transfer options that give you the opportunity to re-allocate your Accumulation Value to the various Fixed and Index Account options on an annual basis. Please contact your agent or Midland National for additional information.

S&P 500® Low Volatility Daily Risk Control 8% Index

(Please see your Annuity Disclosure for details.)

Thank you for considering a Fixed Index Annuity from Midland National® Life Insurance Company. Upon issue, this is an annuity contract/certificate between you and Midland National. It is an insurance contract/certificate filed with the state insurance department and governed by state insurance laws and your state insurance department.

A Midland National Fixed Index Annuity contract/certificate offers you flexibility to choose how to allocate your premiums to determine the manner in which your contract/certificate will earn interest. A Fixed Index Annuity is not a direct investment in the stock market. It is a long term insurance product with guarantees backed by Midland National and provides the potential for interest to be credited based in part on the performance of specific indexes without the risk of loss of premium due to market downturns or fluctuations. Midland National annuity products offer you, flexibility and choices in determining how you wish to have your contract/certificate premiums allocated. You may earn Interest Credits by allocating to an external index and by selecting from various interest crediting methods or by allocating your premium to the Fixed Account. If you elect to place your premium in the Index Options your Interest Credit will never be less than zero. If you elect to place your premium in the Fixed Account a set rate of interest will be credited each year.

A Midland National Fixed Index Annuity contains a minimum guaranteed interest rate, backed by the financial strength of Midland National. The minimum guaranteed interest rate is set at issue and guaranteed for the life of the contract/certificate.

It is critical you understand how the components of your Fixed Index Annuity work. There are two main aspects that factor in to determining the Interest Credits; the Index Account (Crediting Method) option and the index itself. If you elect to allocate your premiums and credited interest to an external index, those values are never invested directly in the external index itself. The investment performance of the external index to which your contract/certificate premiums and credited interest are allocated does not pass through to you like a security investment. If it is a stock based index you do not receive dividends. By allocating to an external index you merely select the manner used to measure what your credited interest will be. You ultimately decide how to allocate your premiums and credited interest.

S&P 500® Low Volatility Daily Risk Control 5% Index Option – Ask your sales representative for availability in your state.

The S&P 500 Low Volatility Index is a separate index, which measures performance of the 100 least volatile stocks in the S&P 500. The S&P 500 Low Volatility Daily Risk Control 5% Index strives to create stable performance through managing volatility to a 5% target (i.e. risk control) on the S&P 500 Low Volatility Index. The S&P 500 Low Volatility Daily Risk Control 5% Index adds an element of risk control by allocating between stocks, as represented by the S&P 500 Low Volatility Index, and cash. Because this index is managed to a volatility target, the index performance will not match the underlying performance of the S&P 500 Low Volatility Index (typically the volatility control tends to reduce the rate of negative performance and positive performance of the underlying S&P 500 Low Volatility Index – thus creating more stabilized performance).

Annual Point-to-Point with Index Margin Crediting Method – Ask your sales representative for availability in your state.

The S&P 500 Low Volatility Daily Risk Control 5% Index uses the Annual Point-to-Point with Index Margin crediting method. Annual Point-to-Point measures index growth using two points in time; the beginning index value and the ending index value for each contract/certificate year. Index linked gains are calculated based on the difference between these two values on an annual basis. The Index change if any, is then subject to an Index Margin. The resulting final value will be the amount of interest credited (Interest Credit) at the contract/certificate anniversary.

S&P 500® Low Volatility Daily Risk Control 8% Index Option – *Ask your sales representative for availability in your state.*

The S&P 500 Low Volatility Index is a separate index which measures performance of the 100 least volatile stocks in the S&P 500. The S&P 500 Low Volatility Daily Risk Control 8% Index strives to create stable performance through managing volatility to an 8% target (i.e. risk control) on the S&P 500 Low Volatility Index. The S&P 500 Low Volatility Daily Risk Control 8% Index adds an element of risk control by allocating between stocks, as represented by the S&P 500 Low Volatility Index, and cash. Because this index is managed to a volatility target, the index performance will not match the underlying performance of the S&P 500 Low Volatility Index (typically the volatility control tends to reduce the rate of negative performance and positive performance of the underlying S&P 500 Low Volatility Index – thus creating more stabilized performance).

Two-Year Point-to-Point with Index Margin Crediting Method – *Ask your sales representative for availability in your state.*

The S&P 500 Low Volatility Daily Risk Control 8% Index uses the Two-Year Point-to-Point with Index Margin crediting method. Two-Year Point-to-Point measures index growth using two points in time; the beginning index value and the index value at the end of the 2-year term. Index-linked gains are calculated based on the growth between these two values less the annual Index Margin multiplied by two (which is the term length). The resulting final value will be the amount of interest credited (Interest Credit) at the end of the 2-year term.

IMPORTANT NOTICE: REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases, this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new contract involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy or contract to pay all or part of any premium or payment due on the new contract. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? ____ YES ____ NO
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new contract? ____ YES ____ NO

If you answered "yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

AGENT INSTRUCTION: Three Copies Needed.

Return this signed original to the Home Office, Leave a signed copy with the Applicant and retain a permanent copy in your file.

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

- Are they affordable?
- Could they change?
- You're older--are premiums higher for the proposed new policy?
- How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

- New policies usually take longer to build cash values and to pay dividends.
- Acquisition costs for the old policy may have been paid; you will incur costs for the new one.
- What surrender charges do the policies have?
- What expense and sales charges will you pay on the new policy?
- Does the new policy provide more insurance coverage?

INSURABILITY:

- If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
- You may need a medical exam for a new policy.
- Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
- Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

- How are premiums for both policies being paid?
- How will the premiums on your existing policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

- Will you pay surrender charges on your old contract?
- What are the interest rate guarantees for the new contract?
- Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

- What are the tax consequences of buying the new policy?
- Is this a tax-free exchange? (See your tax advisor.)
- Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
- Will the existing insurer be willing to modify the old policy?
- How does the quality and financial stability of the new company compare with your existing company?

RIGHT TO EXAMINE POLICY - It is important to us that you are satisfied with your policy and that it meets your insurance goals. Read it carefully. If you are not satisfied with it, you may return it to our Executive Office or to your agent within 30 days after you receive it. We will then void it and refund all premiums paid including any policy fees or charges. In the case of a variable or market value adjustment policy, we will refund the Policy Fund plus the sum of all charges deducted from your premiums, the Policy Fund and the Investment Divisions.

AGENT INSTRUCTION: Three Copies Needed.

1. The above-referenced Trust Agreement (the "Trust") requires that:

☐ All Trustees ☐ A majority of Trustees ☐ Any Trustee ☐ Trust only has one Trustee

Must sign documents pertaining to the above-referenced annuity Contract which require a signature.

2. The agent/representative or any person affiliated with the agent/representative is not a Beneficiary of the above-referenced Trust.

☐ Agree ☐ Disagree*

*If marked disagree, please attach an explanation of why your agent/representative or person affiliated with your agent/representative is named as a Beneficiary of the Trust.

Note: Under the laws of most states, an agent/representative is restricted in, or prohibited from, having a beneficial interest in an annuity sold by that agent/representative, unless that agent/representative is a family member, or has a recognized insurable interest. Additionally, our Company policy prohibits our agents/representatives from serving in any capacity that may be construed as creating a direct or indirect conflict of interest with regard to an annuity Contract(s) for which they are or have been the agent(s)/representative(s) of record.

3. The relationship of the Trust Beneficiary(ies) to the Annuitant is:

☐ Spouse ☐ Child(ren) ☐ Grandchild(ren) ☐ Estate ☐ Other _____ (please describe)

4. Was the Trust validly executed, and is it in full force and effect? ☐ Yes ☐ No

5. The Trustee acknowledges that this annuity Contract is in no way required in conjunction with the establishment of a Trust and that any fees, costs and/or expenses associated with the establishment or maintenance of the Trust are independent of any premium paid for this annuity Contract. ☐ Yes ☐ No

6. The Trustee acknowledges that if the annuity Contract contains a Guaranteed Lifetime Withdrawal Benefit, upon the death of the Annuitant/Covered Person, Lifetime Payment Amounts terminate. ☐ Yes ☐ No

7. Declaration by Trustee(s) and signatures

NOTICE: THIS SECTION CONTAINS A WAIVER AND RELEASE OF LIABILITY. PLEASE READ CAREFULLY.

This section is to be completed and signed by ALL Trustees required by the response to Question 1 in Section 6. For purposes of this section, "Trust" and "Trustees" refer to the Trust and its Trustee(s) identified on the first page of this form. "Annuity Contract" refers to the Annuity Contract(s) referenced on the first page of this form together with any associated Riders. "Owner," "Beneficiary," and "Annuitant" have the same meaning as defined in the annuity Contract, and include multiple or Joint Owners, Beneficiaries, or Annuitants where applicable. When not capitalized, "owners" and "beneficiaries" refer to the designated legal owners or beneficiaries of the Trust.

The undersigned persons ("the Trustees") represent, certify, and agree as follows:

- A. The Trustees are the authorized Trustees of the Trust identified above, and are authorized and legally capable of purchasing the annuity Contract. Midland National may rely upon the signatures of the Trustees on behalf of the Trust as if they were the actual Owner or Beneficiary of the annuity Contract.
- B. If the Trust is to be named the Owner of the annuity Contract, the Trust is authorized under the terms of the Trust to purchase and hold the annuity Contract, and if the Trust is to be named the Beneficiary of the annuity Contract, the Trust is authorized under the terms of the Trust to receive the annuity Contract proceeds.
- C. No additional authorizations are necessary to purchase the annuity Contract.
- D. The Trustees acknowledge and agree that Midland National has no responsibility for reviewing or interpreting Trust or Trust-related documents, that Midland National will issue and administer the Contract based solely upon the representations made by the Trustees in this form, and that any consequence of any error, inaccuracy, or misunderstanding in interpreting the Trust will be borne solely by the Trustees.
- E. The Trustees have reviewed all provisions of the Trust and annuity Contract. By accepting the annuity Contract, the Trustees certify they have determined that:
 - i. None of the provisions of the Trust (including income and corpus distribution requirements) conflict or will interfere with the terms and operation of the annuity Contract; and
 - ii. None of the provisions of the annuity Contract (including distribution requirement(s) under Section 72(s) of the Internal Revenue Code as incorporated into the terms of the annuity Contract and applicable surrender charges) conflict or will interfere with the terms and operation of the Trust.

(section 7 continued on page 4)

7. Declaration by Trustee(s) and signatures (continued)

- F. Neither Company nor any of its agents/representatives, officers, or employees has made to the Trustees any representations regarding the potential tax liabilities or implications associated with the purchase of the annuity Contract. The Trustees agree that they independently made a determination as to the suitability of the annuity Contract for the Trust's purposes as well as the potential tax liabilities or implications which may result from the purchase of the annuity Contract, and certify that they have had the opportunity to consult with their own independent tax, legal, and financial advisors regarding the purchase of the annuity Contract. The Company may conduct its own evaluation as to suitability of the purchase of the annuity Contract consistent with any requirements that may be imposed under state or federal law and may reject any application to purchase the annuity Contract based upon its own review, if conducted. The Trustees expressly waive any claims against Company and its agents/representatives, officers, and employees related to the purchase of the annuity Contract, and fully release from liability Company and its agents/representatives, officers, and employees from any such claims.
- G. The Trustees further acknowledge and agree that:
- Midland National does not make and has not made any recommendations regarding the use of a Trust for any purpose, Midland National's agents/representatives are not authorized to recommend or sell Trusts while acting in their capacity as an agent/representative for Midland National, and any Trust recommendation should be provided by a qualified tax or legal advisor;
 - Midland National's agents/representatives may also be duly licensed professionals (e.g. attorneys or accountants). However, any tax, estate/probate, or other legal or financial advice provided by such individuals is solely in their capacity as independent professionals, and not in their capacity as an agent/representative of Midland National;
 - The Trustees have not relied upon any representation or advice of any of Midland National's agents/representatives, employees with respect to the validity, terms, or utilization of the Trust as the Owner or Beneficiary of the annuity Contract; and
 - The establishment of the Trust is not required in conjunction with the purchase of the annuity Contract, and that any fees, costs, and/or expenses associated with the establishment of the Trust are independent of any premium paid for the purchase of the annuity Contract.
- H. The Beneficiary(ies) of the Trust is/are each a natural person. No Beneficiary of the Trust is an entity, such as a corporation, another Trust, educational or religious institution, or charity, and the Trustees do not have discretion to pay Trust benefits to any entity. Based on independent advice received from a qualified tax or legal advisor, the Trustees have determined that the Trust will be holding the annuity Policy/Contract as an agent/representative solely for a natural person (or solely for natural persons) within the meaning of section 72(u)(1) of the Internal Revenue Code.
- I. If the Trust is a testamentary Trust, the Trust currently exists and all required probate proceedings have been completed.
- J. The Trust is not a Welfare Benefit Trust or a Trust set up as part of a Non-qualified Deferred Compensation Plan.
- K. The Trustees understand that the annuity Contract will terminate in accordance with the terms of the annuity Contract upon the death of the Annuitant, resulting in a mandatory distribution of funds from the annuity Contract in accordance with its terms.
- L. The Trustees agree that Midland National shall have no responsibility with respect to the use or application of any funds paid to the Trust or the Trustees.
- M. The Trustees agree that each and every Trustee and successor Trustee is bound by the declarations of the Trustees signing this form. The Trustees further agree that Midland National may rely upon the directions of the Trustees identified in this form and any named successor Trustees until Midland National receives at its Executive Office written notification of a change of Trustee in a form acceptable to Midland National. The Trustees agree to notify Midland National of any change in Trustee within a reasonable time. The Trustees further agree to promptly notify Midland National if there is any change of facts that would affect any of the representations, certifications, or agreements contained in this form.
- N. The Trustees agree to release and hold harmless Midland National, its officers, employees, agents/representatives, and affiliates from and against all claims, liabilities, costs, and expenses which may arise or result from:
- any action taken by Midland National at the direction of the Trustees or their successors;
 - any tax, estate/probate, or other legal or financial liability or consequences associated with the Trust's purchase or ownership of the annuity Contract;
 - any error, inaccuracy, or misunderstanding in interpreting the Trust, and
 - Midland National's reliance on the Trustee's representations regarding the Trust or their authority with respect to the Trust.

Note: The number of Trustees indicated in Section 6, Question 1 must sign below.

For Corporate Trustees, you must submit a Corporate Resolution verifying individuals authorized to sign on behalf of the entity.
