

New Business Checklist—Deferred Annuity

Client's Name: _____

Thank you for choosing Midland National for your annuity business! We look forward to receiving your application. Below are guidelines and forms you'll need to complete your sale. Go paperless and save time by using Annuity e-App! These forms are also available on the web site at MidlandNational.com or call our Sales Support Team at 877-586-0241.

Questions to Ask Before Soliciting:

- ☐ Does the owner and annuitant meet the restrictions of the product selected?
- ☐ Does the owner/annuitant exceed the maximum issue age for the product selected?
- ☐ Does the premium meet the minimum guidelines for this product?
- ☐ Have all agent training requirements been completed?

New Business Guidelines:

- For ease of business, be sure to provide the correct agent code.
- Original paperwork with wet signatures is required to set up an application unless the business is submitted through our Annuity e-App and the client elects to e-sign. Stamped signatures are not allowed.
- Use the most current, state-specific forms.
- The client's address on the application must be a street address. If the client uses a P.O. Box for mailing, please submit this on a separate sheet of paper.
- Beneficiaries must equal 100% and include the beneficiary's address and social security number. Ensure distributions at death are payable to the intended recipient. (Helpful Hint: Do not use 33.33% for three beneficiaries; one must be 33.34% to add up to 100%.)
- **DO NOT USE WHITE OUT** or alter our forms. If you have a correction, cross it out and have the owner/annuitant initial the change.
- Review all forms for completeness and ensure forms are properly signed and dated. Dates should match on all forms.
- Make copies of all paperwork to keep on file for your records.
- When sending corrections, be sure to write the policy number on all pages mailed or faxed to our office to ensure they are matched to the correct file. Fax New Business at 877-586-0243, or email New Business at nbprocessors@sfgmembers.com.

New Business Forms (Check [New Business Forms Chart 7372Y](#) for appropriate state variations):

Owner's Beneficiary Designation² - For individual owners, the death benefit is payable to the owner's primary beneficiary. If the owner's primary beneficiary is no longer living at the time of the owner's death, the owner's contingent beneficiary will receive the death benefit.

For joint owners, the death benefit is payable on the death of the first owner (except in cases of spousal continuance) and the surviving joint owner is the designated sole primary beneficiary. Name only contingent beneficiaries below.

Please designate if you want the beneficiary designation to be Per Stirpes or Per Capita. If an election is not made then by default it will be Per Capita. Per Stirpes designations require a listing of the children on a separate sheet of paper that is signed and dated. The list must include the children's names, addresses, phone numbers, dates of birth and social security numbers.

- Per Stirpes definition: A common way of distributing proceeds where if one or more beneficiaries has died, his or her children share equally in his or her share of the proceeds.
- Per Capita definition: Proceeds are split amongst the beneficiaries that survive the owner/annuitant. If one of the beneficiaries does not survive the owner/annuitant then the remaining beneficiaries receive the proceeds split equally.

☐ **Issue with first funds (must still meet minimum premium requirements):** I would like my contract issued with the first funds received. If the annuity is index linked, the initial index will be set on the effective date of the annuity. I understand that any additional deposits after issue will be applied to the fixed account until the contract anniversary. (This option is not available for single premium contracts or Inherited IRAs.)

☐ **Issue with last funds:** I would like my contract issued with the last funds received. I understand that my interest will be credited from the date the annuity becomes effective. If the annuity is index linked, the initial index will be set on the effective date of the annuity.

MNL Endeavor® 8

Annuity Disclosure Statement

Thank you for your interest in the MNL Endeavor® 8 Annuity from Midland National® Life Insurance Company. It is important for you to read and understand this summary before you decide to purchase the annuity. This summary will help you understand the features of the annuity and determine if it will help you meet your financial goals. Once you have read this summary, please sign pages 8 and 10 to confirm that you understand the annuity and submit this document with your application for the annuity. *Refer to the Contract for complete details.*

This Annuity Disclosure Statement must be signed by the applicant and agent, then return the Home Office copy to Midland National Life Insurance Company, Annuity Division with the application.

4350 Westown Parkway, West Des Moines, IA 50266
Phone: (877) 586-0240 • MidlandNational.com

The MNL Endeavor® 8 is issued by Midland National® Life Insurance Company, West Des Moines, IA on form AS124A/ICC16-AS145A.MVA/AS145A (contract), AR153A/ICC15-AR314A, AR158A/ICC15-AR309B, AR163A-1/ICC15-AR313A, ICC15-AR316A/AR316A/AR154A, AR194A/ICC15-AR317A, AR227A/ICC17-AR331A, AR277A/ICC15-AR311A, AR324A/ICC16-AR324A, AR327A/ICC15-AR307A and AR160A (riders/endorsements) or appropriate state variation. This product, its features and riders may not be available in all states.

The MNL Endeavor 8 is a flexible premium deferred fixed index annuity from Midland National Life Insurance Company that accumulates interest in the following ways: A) based on the change in the Index Account during each contract year, without the risk of losing premium due to market volatility, and/or B) a traditional Fixed Account.

Fixed Account

The portion of premium allocated to this account will earn the current Fixed Account interest rate. This rate will be guaranteed for the first contract year and the rate for future contract years will be declared annually thereafter at the Company's discretion. This rate will never fall below the Minimum Guaranteed Fixed Interest Rate of 0.25%. *Ask your sales representative for the current interest rate.*

Index Account

The Index Account is the portion of your premium, that you determine will earn interest based on the following crediting methods:

- Annual Point-to-Point Crediting Method with Index Cap Rate
- Annual Point-to-Point Crediting Method with Index Margin
- Annual Point-to-Point Crediting Method with Participation Rate
- Annual Point-to-Point Crediting Method with Threshold Participation Rate
- Monthly Point-to-Point Crediting Method with Index Cap Rate
- Inverse Performance Trigger Crediting Method

Please see the MNL Endeavor 8 product brochure for specific details regarding these crediting methods.

Ask your sales representative for the current Index Cap Rates, Index Margins, Participation Rates, including the Base and Enhanced Participation Rate and the Index Return Threshold, and Declared Performance Rate.

Threshold Participation Strategy

A Participation Rate is the percentage of any index gain that will be credited to the contract as an interest credit. The Threshold Participation Strategy (or Annual Point-to-Point with Threshold Participation Rate) may credit interest using both a Base Participation Rate and an Enhanced Participation Rate. The index-linked gain is compared to the declared Index Return Threshold. If the gain is less than or equal to the Index Return Threshold, the Base Participation Rate is applied to determine the interest credited. If the gain exceeds the Index Return Threshold, the Base Participation Rate is applied to the portion of the gain up to and including the Index Return Threshold and the Enhanced Participation Rate is applied to the portion of the gain that exceeds the Index Return Threshold. The Index Return Threshold, the Base Participation Rate, and the Enhanced Participation Rate are each declared annually at the Company's discretion.

Each of these rates is guaranteed for the first contract year, and can change each year thereafter on the contract anniversary; never to be less than 5% for the Base Participation Rate and 10% for the Enhanced Participation Rate. At no time will the Index Return Threshold be set higher than the Maximum Index Return Threshold of 10%.

Index Cap Rate

An Index Cap Rate is an upper limit used to determine Interest Credits. The index Cap Rate applies to the Annual Point-to-Point and the Monthly Point-to-Point Index Account options. It will always be declared on the contract anniversary by the Company at their discretion and is guaranteed for the following contract year. This cap may change annually. However, at no time will this cap ever fall below the minimum guarantees which are: 0.50% for Annual Point-to-Point and 0.25% for Monthly Point-to-Point.

Index Margin

The Index Margin is subtracted from any percent change in index value to determine any Interest Credit. It is guaranteed for the first year and declared annually thereafter at the Company's discretion. The maximum Index Margin is 15% for the Annual Point-to-Point with Index Margin Account.

Participation Rate

The Participation Rate is the percentage of any index gain that will be credited to the Contract as the Interest Credit to the Annual Point-to-Point Index Account. The rate is guaranteed for the first year and declared annually thereafter at the Company's discretion, never to be less than 5% for Annual Point-to-Point with Participation Rate Index Account.

Inverse Performance Trigger

The Inverse Performance Trigger (or Annual Declared Rate Negative Performance Option) credits a Declared Performance Rate of interest when the index stays the same or goes down throughout the year. This Declared Performance Rate may be changed by the Company at their discretion annually and will never fall below the minimum guaranteed rate of 0.25%.

Payment of Commission

Midland National will pay a sales commission in connection with the sale of this product. This commission is one of many costs which Midland National considers and factors into the product's design and policy performance, including setting the guaranteed rates in the Contract and the manner in which non-guaranteed benefits may be offered. One-hundred percent of your premium deposit will be credited to your account, and no deductions from your premium payment or from your account value will be made due to the payment of this sales commission.

Midland National may enter into written sales agreements with other financial institutions ("selling firms") for the sale of the Contract. The selling firms and their representatives are independent of Midland National. In this case, the selling firms are responsible for evaluating product proposals or recommendations independently and for exercising independent judgment about these proposals. Midland National pays selling firms all or a portion of the commissions received for their sales of the Contract.

Accumulation Value

Your Accumulation Value is equal to 100% of premium, plus any fixed and index account interest earned, minus withdrawals. The Accumulation Value is used to determine the Death Benefit as well as penalty-free withdrawals.

Surrender Value

The Surrender Value is the amount that is available at the time of surrender. The Surrender Value is equal to the Accumulation Value, subject to the Interest Adjustment (if any), less applicable Surrender Charges and state premium taxes where applicable.

The Minimum Surrender Value will never be less than 87.5% of all premiums; less any partial surrenders (after any Interest Adjustment or reduction for Surrender Charges); accumulated at 1.00%, or otherwise directed by your Contract.

SURRENDER CHARGES AND INTEREST ADJUSTMENT

Please read the following information and sign the last page of this disclosure to acknowledge your understanding that Surrender Charges and Interest Adjustments will apply when withdrawals are taken from your contract during the Surrender Charge Period.

Surrender Charges

A Surrender Charge is assessed on any amount withdrawn, whether as a partial withdrawal or full surrender, that is in excess of the penalty-free amount. A surrender during the Surrender Charge period may result in a loss of premium.

The Surrender Charges that apply for each Contract Year are based on the state where your Contract is issued and are shown as follows:

For contracts issued in **all states** other than those specifically listed below:

Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8
10%	10%	10%	10%	9%	8%	5%	3%

For **California** issued contracts, the Surrender Charges are as follows:

Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8
8%	7.45%	6.5%	5.5%	4.55%	3.55%	2.55%	1.5%

For **AK, CT, DE, HI, MN, MO, NV, NJ, OH, OK, OR, PA, SC, TX, UT, VA, WA** issued contracts, the Surrender Charges are as follows:

Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8
9%	8.5%	7.5%	6.5%	5.5%	4.5%	3.5%	3%

Surrender charges allow the Company to invest long-term, and in turn, generally credit higher yields.

Surrender charges and Interest Adjustments on IRS-Required Minimum Distributions that exceed the 10% penalty-free amount are waived by current company practice*.

**A feature offered "by current company practice" is not a contractual guarantee of this annuity Contract and can be removed or changed at any time.*

See next page for Interest Adjustment.

Interest Adjustment (also known as Market Value Adjustment):

The MNL Endeavor 8 includes an Interest Adjustment that is applied only during the surrender charge period to full surrenders and to any partial surrender in excess of the applicable penalty-free partial surrender amount. This adjustment may decrease or increase the Surrender Value or partial surrender depending on the change in the interest rates or the Index Value of the Interest Adjustment during the period since you purchased this annuity.

Example of Interest Adjustment (Market Value Adjustment-MVA) Formula

The Interest Adjustment will be calculated by multiplying the portion of any full or partial surrender that exceeds any available penalty-free withdrawal amount before the reduction for any surrender charge by the formula* described below.

*The Interest Adjustment Factor is: $(i_0 - i_t - \text{ADJ}) \times (T)$

In all states except those listed to the right the key below applies:	In AK, CT, DE, HI, MN, MO, NV, NJ, OH, OK, OR, PA, SC, TX, UT, VA and WA the key below applies:
<p>i_0 = The current interest rate when the contract was issued.</p> <p>i_t = The current interest rate offered for new contracts at time of the partial or full surrender.</p> <p>ADJ = 0.005 (in all states other than those specifically noted)</p> <p> = 0.0025 (in FL)</p> <p> = 0.0000 (in IN)</p>	<p>i_0 = The Index Value of the Market Adjustment External Index on the issue date of the annuity Contract.</p> <p>i_t = The Index Value of the Market Value Adjustment External Index at the time of partial or full surrender.</p> <p>ADJ = 0.000</p>
<p>In all states above other than California the amount of the Interest Adjustment will never exceed the total interest credited to the Accumulation Value since issue, less the sum of the absolute values of all Interest Adjustments on prior partial surrenders (i.e. all adjustments positive or negative added together).</p> <p>In California, the amount of the Interest Adjustment will never exceed the lesser of a) the applicable surrender charge or b) 0.50% of the Accumulation Value at the time of the surrender.</p>	<p>The amount of the Market Value Adjustment will never exceed the lesser of a) the total interest credited to the Accumulation Value since issue, less the sum of the absolute values of all Market Value Adjustments on prior partial surrenders (i.e. all adjustments positive or negative added together), or b) the applicable surrender charge.</p>
<p>T = Time in years as follows: number of days from the date of the partial or full surrender to the end of the current contract year divided by 365; plus whole number of years remaining in the market value adjustment period.</p>	
<p>Lower interest rates at time of issue may result in less opportunity for a positive Interest Adjustment in future contract years. In certain rate scenarios at the time of issue, it may not be possible to experience a positive Interest Adjustment.</p>	

See the "Understanding the Market Value Adjustment" brochure for more information.

Death Benefit

The Death Benefit is payable upon the death of the first owner, unless the sole beneficiary is the owner's spouse and he or she elects to continue this Contract under its spousal continuance provisions. If there are joint annuitants, and an annuitant who is not also the contract's owner dies, the death benefit will be paid upon the death of the second annuitant.

The Death Benefit equals the Accumulation Value or the Minimum Surrender Value as defined in the contract, whichever is greater. The beneficiary may choose to receive the Death Benefit in either a lump sum or a series of income payments.

A death benefit is not available if an annuity payout option has been elected.

Subsequent Premiums

All subsequent premiums will be credited a fixed interest rate until the next contract anniversary. This interest rate will be declared at the time the subsequent premium is received. On each contract anniversary, Midland National will allocate any premium received since the prior contract anniversary according to your most recent instructions.

LIQUIDITY FEATURES

Certain withdrawals before age 59½ may be subject to a 10% IRS penalty.

Penalty-Free Withdrawals

Once per year after the first anniversary, you may take a penalty-free withdrawal (also known as Penalty-Free Partial Surrender), without Surrender Charges or Interest Adjustment, up to 10% of your Accumulation Value.

Nursing Home Confinement Waiver

(Not available in all states)

After the first Contract Anniversary, if the annuitant becomes confined to a qualified nursing home facility for at least 90 consecutive days, we will increase the penalty-free withdrawal amount by 10% of the Accumulation Value each year while the annuitant is confined. This waiver is only available for issue ages 75 and younger and is automatically included with your annuity at no additional charge.

Required Minimum Distributions

By current company practice*, Required Minimum Distributions (RMD) that exceed the 10% penalty-free amount may be withdrawn without a Surrender Charge or Interest Adjustment.

Transfer Options

You may elect to transfer your values between the Fixed Account and Index Account options. You may also elect to transfer between crediting methods within the Index Account options on an annual basis. By current company practice*, you will have 30 days following each contract anniversary to reallocate. Transfers are not allowed until your first contract anniversary. Based on current tax laws, transfers between options will not be taxable or subject to surrender penalties. *Please refer to your Endeavor 8 Additional Benefits Specifications Page, found in your Contract, for minimum transfer amounts.*

Annuity Payout Options

In all states except Florida, you may select an annuity payout option at any time. If selected during the Surrender Charge period, your payout will be based on the Surrender Value. Available payout options include Life Income, Life Income with Period Certain, Joint and Survivor Income and Income for a Specified Period or Amount.

By current company practice*, you may receive an income from the Accumulation Value after the first contract year (without Surrender Charges or Interest Adjustment) if you choose a Life Income Option. You can also receive an income based on the Accumulation Value if your annuity has been in force for at least five years and you elect to receive payments over a five-year period.

For Florida:

You may select an annuity payout option based on the Accumulation Value at any time after the first contract year. Available payout options include Life Income, Life Income with a 10-Year or 20-Year Period Certain, Joint and Survivor Life Income and Joint and Survivor with a 10-Year or 20-Year Period Certain.

Once a payout option is elected, it cannot be changed and all other rights and benefits under the annuity end.

**A feature offered "by current company practice" is not a contractual guarantee of this annuity Contract and can be removed or changed at any time.*

Additional Information

The Endeavor 8 is not a registered security, does not directly participate in stock or equity investments and the Indexes do not include dividends. Past index performance is not intended to predict future performance. Under current law, annuities grow tax-deferred. Annuities may be subject to taxation during the income or withdrawal phase. The tax-deferred feature is not necessary for a tax qualified retirement account. For purchase as a qualified retirement account, you should consider whether other features, such as the Death Benefit, lifetime annuity payments and riders will help meet your needs. Before purchasing this Contract you should obtain competent advice regarding the tax treatment of the Contract. Neither Midland National, nor any agents acting on its behalf in the sale of this product, should be viewed as providing legal, tax or securities advice.

Index Account Calculations

The following hypothetical examples are provided as a general explanation of how the Annual Point-to-Point Crediting Option is calculated and how interest may be credited under three scenarios. These examples assume: initial premium of \$10,000, a beginning index value of 1000 for the S&P 500®, an Annual Point to Point Index Cap Rate of 5% and no withdrawals.

Annual Point-To-Point With Index Cap Rate (APP Cap) Crediting Method:

This crediting method measures the index growth using two points in time in the contract year; the beginning index value and the ending index value. Index linked gains are calculated based on the difference between these two values. The index growth, if any, is then subject to an Index Cap Rate. The annual Index Credit will never be less than zero, and will not be more than the Index Cap Rate. Index growth is calculated as follows:

Index Return =
$$\frac{\text{Ending Index Value} - \text{Beginning Index Value}}{\text{Beginning Index Value}}$$

Index Credit = (Index Return, not to exceed Index Cap Rate) x Initial Premium

Index Account Value = Initial Premium + Index Credit

EXAMPLE: S&P 500® Index Account	SCENARIO A: Above Average Return	SCENARIO B: Average Return	SCENARIO C: Negative Return
Index Return =	$\frac{1,200 - 1,000}{1,000} = 20\%^*$	$\frac{1,040 - 1,000}{1,000} = 4\%^*$	$\frac{900 - 1,000}{1,000} = -10\%^{**}$
Index Credit =	$(0.05) \times \$10,000 = \500	$(0.04) \times \$10,000 = \400	$(0.0) \times \$10,500 = \0^{**}
Index Account Value =	$\$10,000 + \$500 = \$10,500$	$\$10,500 + \$400 = \$10,400$	$\$10,000 + \$0 = \$10,000$

* Cannot exceed the Annual Point-to-Point Index Cap Rate. **The Index Credit will never be less than zero.

Minimum Surrender Value

(Hypothetical example assumes an annuity contract with an 8-year Surrender Charge schedule and an initial premium of \$10,000, and no partial withdrawals):

Yr 1:	\$8,837.50	Yr 3:	\$9,015.13	Yr 5:	\$9,196.33	Yr 7:	\$9,381.18
Yr 2:	\$8,925.87	Yr 4:	\$9,105.28	Yr 6:	\$9,288.30	Yr 8:	\$9,474.99

Index Disclosure Supplement:

S&P Multi-Asset Risk Control 5% Excess Return Index (S&P MARC 5% ER)

(Please see your Annuity Disclosure for details.)

Thank you for considering a Fixed Index Annuity from Midland National® Life Insurance Company. Upon issue, this is an annuity contract between you and Midland National. It is an insurance contract filed with the state insurance department. Therefore, this contract is governed by state insurance laws and your state insurance department.

A Midland National Fixed Index Annuity contract offers you flexibility to choose how to allocate your premiums to determine the manner in which your contract will earn interest. You may earn Interest Credits by linking to an external index and by selecting from our various interest crediting methods or by allocating your premium to the Fixed Account. Midland National annuity products offer you, the customer, flexibility and choice in determining how you wish to have your contract premiums allocated. If you elect to place your premium in the Index Account, your Interest Credit will never be less than zero. If you elect to place your premium in the fixed account, a declared rate of interest will be credited each year.

A Midland National Fixed Index Annuity contains a minimum guaranteed interest rate, backed by the financial strength of Midland National. The fixed account minimum guaranteed interest rate is set at issue and guaranteed for the entire term of the contract.

If you elect to link your premiums and credited interest to an external index, your premiums are never invested directly in the external index. The investment performance of the external index that your premiums are linked to does not pass through to you as a security investment does. If it is a stock-based index you do not receive dividends. By linking to an external index you merely select the manner used to measure what your credited interest will be. You ultimately decide how to allocate your premiums and decide how interest credits to your contract will be calculated. It is critical you understand how the components of your Fixed Index Annuity work. There are two main aspects that factor in to determining the Interest Credits, the Index Account (Crediting Method) option and the index itself.

S&P Multi-Asset Risk Control 5% Excess Return Index Option

The S&P MARC 5% ER index is a multi-asset excess index that tends to create more stable returns through diversification, an excess return methodology, and by managing volatility. The index covers major asset classes which represent equities, U.S. Treasuries, gold, and cash. The index applies established rules to allocate amongst those asset classes. The S&P MARC 5% ER index value is available at the following website: <http://us.spindices.com/indices/strategy/sp-marc-5-excess-return-index>.

We reserve the right to add, remove or revise availability of the S&P MARC 5% ER index, or to substitute a different published benchmark should the Company, in its discretion, determine that the use of the S&P MARC 5% ER index no longer is commercially reasonable. The S&P MARC 5% ER index does not constitute a purchase of or direct investment in the index, or in the underlying components of the index. All references to S&P MARC 5% ER index values are used with the permission of S&P Dow Jones Indices and have been provided for informational purposes only. S&P Dow Jones Indices accepts no liability or responsibility for the accuracy of the prices or the underlying components to which the prices may be referenced.

Annual Point-to-Point Index Account

The S&P MARC 5% ER index is available with the Annual Point-to-Point Index Account option. Annual Point-to-Point measures index growth using two points in time, the beginning index value and the ending index value for each contract year. Index-linked gains are calculated based on the difference between these two values on an annual basis. The index growth, if any, is then subject to an Index Margin that is subtracted to determine your interest credit. No Cap Rate is applied. The annual interest credit will never be less than zero.

Additional Options

We feel it's important to offer you several options to which you can allocate your premium. We also offer annual transfer options that give you the opportunity to re-allocate your Accumulation Value to the various Fixed and Index Account options on an annual basis. Please contact your agent or Midland National for additional information.

S&P 500® Low Volatility Daily Risk Control 8% Index

(Please see your Annuity Disclosure for details.)

Thank you for considering a Fixed Index Annuity from Midland National® Life Insurance Company. Upon issue, this is an annuity contract/certificate between you and Midland National. It is an insurance contract/certificate filed with the state insurance department and governed by state insurance laws and your state insurance department.

A Midland National Fixed Index Annuity contract/certificate offers you flexibility to choose how to allocate your premiums to determine the manner in which your contract/certificate will earn interest. A Fixed Index Annuity is not a direct investment in the stock market. It is a long term insurance product with guarantees backed by Midland National and provides the potential for interest to be credited based in part on the performance of specific indexes without the risk of loss of premium due to market downturns or fluctuations. Midland National annuity products offer you, flexibility and choices in determining how you wish to have your contract/certificate premiums allocated. You may earn Interest Credits by allocating to an external index and by selecting from various interest crediting methods or by allocating your premium to the Fixed Account. If you elect to place your premium in the Index Options your Interest Credit will never be less than zero. If you elect to place your premium in the Fixed Account a set rate of interest will be credited each year.

A Midland National Fixed Index Annuity contains a minimum guaranteed interest rate, backed by the financial strength of Midland National. The minimum guaranteed interest rate is set at issue and guaranteed for the life of the contract/certificate.

It is critical you understand how the components of your Fixed Index Annuity work. There are two main aspects that factor in to determining the Interest Credits; the Index Account (Crediting Method) option and the index itself. If you elect to allocate your premiums and credited interest to an external index, those values are never invested directly in the external index itself. The investment performance of the external index to which your contract/certificate premiums and credited interest are allocated does not pass through to you like a security investment. If it is a stock based index you do not receive dividends. By allocating to an external index you merely select the manner used to measure what your credited interest will be. You ultimately decide how to allocate your premiums and credited interest.

S&P 500® Low Volatility Daily Risk Control 5% Index Option – *Ask your sales representative for availability in your state.*

The S&P 500 Low Volatility Index is a separate index, which measures performance of the 100 least volatile stocks in the S&P 500. The S&P 500 Low Volatility Daily Risk Control 5% Index strives to create stable performance through managing volatility to a 5% target (i.e. risk control) on the S&P 500 Low Volatility Index. The S&P 500 Low Volatility Daily Risk Control 5% Index adds an element of risk control by allocating between stocks, as represented by the S&P 500 Low Volatility Index, and cash. Because this index is managed to a volatility target, the index performance will not match the underlying performance of the S&P 500 Low Volatility Index (typically the volatility control tends to reduce the rate of negative performance and positive performance of the underlying S&P 500 Low Volatility Index – thus creating more stabilized performance).

Annual Point-to-Point with Index Margin Crediting Method – *Ask your sales representative for availability in your state.*

The S&P 500 Low Volatility Daily Risk Control 5% Index uses the Annual Point-to-Point with Index Margin crediting method. Annual Point-to-Point measures index growth using two points in time; the beginning index value and the ending index value for each contract/certificate year. Index linked gains are calculated based on the difference between these two values on an annual basis. The Index change if any, is then subject to an Index Margin. The resulting final value will be the amount of interest credited (Interest Credit) at the contract/certificate anniversary.

S&P 500® Low Volatility Daily Risk Control 8% Index Option – *Ask your sales representative for availability in your state.*

The S&P 500 Low Volatility Index is a separate index which measures performance of the 100 least volatile stocks in the S&P 500. The S&P 500 Low Volatility Daily Risk Control 8% Index strives to create stable performance through managing volatility to an 8% target (i.e. risk control) on the S&P 500 Low Volatility Index. The S&P 500 Low Volatility Daily Risk Control 8% Index adds an element of risk control by allocating between stocks, as represented by the S&P 500 Low Volatility Index, and cash. Because this index is managed to a volatility target, the index performance will not match the underlying performance of the S&P 500 Low Volatility Index (typically the volatility control tends to reduce the rate of negative performance and positive performance of the underlying S&P 500 Low Volatility Index – thus creating more stabilized performance).

Two-Year Point-to-Point with Index Margin Crediting Method – *Ask your sales representative for availability in your state.*

The S&P 500 Low Volatility Daily Risk Control 8% Index uses the Two-Year Point-to-Point with Index Margin crediting method. Two-Year Point-to-Point measures index growth using two points in time; the beginning index value and the index value at the end of the 2-year term. Index-linked gains are calculated based on the growth between these two values less the annual Index Margin multiplied by two (which is the term length). The resulting final value will be the amount of interest credited (Interest Credit) at the end of the 2-year term.

NOTICE TO APPLICANT REGARDING REPLACEMENT OF LIFE INSURANCE

A decision to buy a new policy and discontinue or change an existing policy may be a wise choice or a mistake.

Get all the facts. Make sure you fully understand both the proposed policy and your existing policy or policies. New policies may contain clauses which limit or exclude coverage of certain events in the initial period of the contract, such as the suicide and incontestable clauses which may have already been satisfied in your existing policy or policies.

Your best source for facts on the proposed policy is the proposed company and its agent. The best source on your existing policy is the existing company and its agent.

Hear from both before you make your decision. This way you can be sure your decision is in your best interest.

If you indicate that you intend to replace or change an existing policy, Florida regulations require notification of the company that issued the policy.

FLORIDA REGULATIONS GIVE YOU THE RIGHT TO RECEIVE A WRITTEN COMPARATIVE INFORMATION FORM WHICH SUMMARIZES YOUR POLICY VALUES. INDICATE WHETHER OR NOT YOU WISH TO RECEIVE A COMPARATIVE INFORMATION FORM FROM THE PROPOSED COMPANY AND YOUR EXISTING INSURER OR INSURERS BY PLACING YOUR INITIALS IN THE APPROPRIATE BOX BELOW.

☐ **As soon as possible after receipt of all necessary forms** ☐ **On a specific date:** _____

I / We also understand it is my / our responsibility to confirm with the surrendering company their processing guidelines to selecting a specific transfer date.

3. DISCLOSURES / ACKNOWLEDGMENTS

- I. I fully assign and transfer all claims, options, privileges, rights, title and interest to either all of the life insurance policy, all of the annuity contract or part of the annuity contract value identified in the Contract Information section on page 1 to the receiving company. The sole purpose of this assignment is to effect a tax-free exchange under Section 1035(a) of the Internal Revenue Code. All of the powers, elections, appointments, options and rights I have as owner of the contract, including the right to surrender, are now exercisable by the receiving company. Simultaneous with a full assignment, I also revoke all existing beneficiary designations under the Assigned Policy. Other than the above mentioned owner, no person, firm, or corporation other than myself and the insurer that issued the above numbered policy, has an interest in said policy. No proceedings in insolvency or bankruptcy have been instituted by or against me. I understand that the receiving company intends to surrender the contract for the cash value; or if this is a partial exchange, the portion assigned, subject to its terms and conditions, and to use the proceeds as the purchase payment for the new contract to be issued by the receiving company. I authorize the surrendering company to send the proceeds directly to the receiving company and understand that fees and surrender charges may apply. This exchange is subject to acceptance by the receiving company. Neither the receiving company nor the surrendering company is liable or responsible for changes in market value that may occur after the surrendering company has processed the transaction and before the proceeds are received by the receiving company in good order and allocated to the new contract. Prior to the date of receipt of the proceeds by the receiving company, no value will accrue or be earned on the receiving company contract.
- II. If this is a partial exchange, I understand that it is subject to Revenue Ruling 2003-76, which dictates how much of the original contract's cost basis must be allocated to the new contract. The cost basis should be allocated ratably between the two contracts based on the percentage of the value retained in the original contract and the percentage of the value transferred to the new contract. For example, if the contract value is \$100,000 and basis is \$50,000, and I assign 30% for a partial exchange, then \$15,000 (30% of \$50,000) of the basis would be applied to the new contract. I understand that the IRS has raised concerns about annuity contract owners using partial exchanges to avoid income tax, and I certify that I am not entering into this transaction for the purpose of reducing or avoiding income tax or the 10% penalty tax for early withdrawals.

I expressly represent that the sole purpose is to effect a partial 1035 exchange of an annuity contract. However, I acknowledge that Revenue Procedure 2011-38 states that withdrawals from annuitization, taxable owner or annuitant changes, or surrenders, other than an amount received as an annuity for a period of 10 years or more or during one or more lives, of either the original contract or the new contract during the 180 day period following the partial exchange, may affect the tax free status of the partial exchange.

Note: Other exceptions may apply and a subsequent direct transfer of all or a portion of either contract involved in the exchange could have tax and tax reporting consequences. Please consult your tax advisor. Please confirm with the carrier if they will support partial 1035 exchanges.

I acknowledge that the receiving company has made no representations concerning any tax treatment of this transaction. I understand that the receiving company has neither responsibility nor liability for the validity of this transaction or for my treatment under Section 1035(a) of the Internal Revenue Code or otherwise. Therefore, I agree to release and hold harmless the receiving company and its agents from any and all liability arising from, relating to, or in connection with, the taxation of a partial exchange of the above listed contract. I authorize the receiving company and the surrendering institution to share information necessary to maintain accurate records of the annuity cost basis and to ensure proper withholding and tax reporting. I have been directed to consult my tax or legal advisor before proceeding.

- III. I authorize the receiving company to rely upon the cost basis information provided by the surrendering company, but agree that the receiving company will assume no responsibility for determining or verifying cost basis. If cost basis is not provided, I acknowledge that more restrictive or less beneficial tax rules may apply to the amounts transferred. I acknowledge that the receiving company provides this form and participates in this transaction as an accommodation to me. The receiving company does not give tax or legal advice on the tax consequences for replacing one contract for another, and assumes no responsibility or liability for the validity of this assignment or for the tax treatment of this exchange under IRC Section 1035(a) or other laws or regulations.
- IV. I agree that if the receiving company, in its sole discretion, determines that it is unlikely to receive timely payment of the full contract cash surrender values, the receiving company may reassign ownership of the policy/contract back to me.
- V. RETURN OF LIFE INSURANCE POLICY OR ANNUITY CONTRACT - Does not apply to partial 1035 exchanges on annuity contracts. Unless the surrendering company's policy or contract is attached, I affirm that the policy or contract has been destroyed or lost and that reasonable effort has been made to locate it. To the best of my knowledge no one else has any right, title or interest in the contract, nor has it been assigned, pledged or encumbered, unless this is a life insurance policy with a loan to carry forward.
- VI. MAXIMUM ISSUE AGE DISCLOSURE - An annuity contract may not be issued should the funding requirements be received after reaching maximum issue age for the annuity contract applied for. If the funds are received after the maximum issue age, the contract may be rejected and the funds returned to their original source. The surrendering company may or may not take the funds back, which could result in a taxable event.
- VII. NON-QUALIFIED TRANSFER OF FUNDS (NON 1035 EXCHANGE) - The receiving company will apply all such funds received to an annuity contract issued to me. I understand that the receiving company assumes no responsibility for tax treatment of this matter and I shall be responsible for payment of all federal, state and local taxes incurred with respect to the liquidation of such account. I acknowledge that the earnings credited under the annuity contract will begin to accrue when the receiving company receives these proceeds and all other necessary paperwork in good order. For index annuities, fixed account interest under the annuity contract will begin to accrue on the next Issue Day.
- VIII. TRANSFER / EXCHANGE OF FUNDS INTO A TSA/403(B) - The TSA/403(b) owner / participant's employer or employer's third-party administrator must authorize and sign this transfer request in Section 5.

Authorization for a TSA/403(b) transfer / exchange to a TSA/403(b): This request is for the direct transfer / exchange of non-ERISA funds from the TSA/403(b) (annuity contract) or 403(b)(7) (custodial account) identified in Section 1 of this form to a TSA/403(b) (annuity contract) established on my behalf by the receiving company. I hereby agree to surrender my interest as indicated above and authorize the receiving company to take whatever action necessary to effect this transfer / exchange. I acknowledge that the transferred / exchanged funds shall be subject to the more stringent restrictions on distributions found in either the predecessor annuity contract or the receiving annuity contract. I intend this transaction to be a 403(b) transfer / exchange of funds pursuant to IRC section 403(b) and the final regulations. The transfer / exchange is to be executed from financial institution to financial institution in such a manner that it will not place me in actual or constructive receipt of all or any part of the transferred / exchanged funds. Because this transaction constitutes a direct rollover / transfer / exchange of funds and not a distribution, withholding does not apply. (Provide the receiving company with any records or documents they may request with respect to this transfer / exchange.)

- IX. The IRS has provided limited guidance on the tax consequences of transferring a life insurance policy with values less than the investment in the contract to a new or existing annuity contract. If the owner surrenders the newly acquired annuity contract, it's not clear whether the annuity losses are fully deductible against ordinary income or deductible as a miscellaneous deduction subject to a limitation of 2% of adjusted gross income (AGI). If the IRS views the two transactions as a single integrated transaction, they could consider it a step transaction and successfully disallow the losses as a tax deduction.

4. TAXPAYER IDENTIFICATION NUMBER CERTIFICATION

Under penalties of perjury, I certify that:

1. The number on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. person (including a U.S. resident alien).
☐ Check this box if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return.
4. I am exempt from Foreign Account Tax Compliance Act (FATCA) reporting.

5. SIGNATURES

This transfer request also authorizes the receiving and surrendering company to request information on the status of this transfer or exchange by phone or in writing. By signing below, I represent that the responses herein are, to the best of my knowledge, accurate and I have read the DISCLOSURES / ACKNOWLEDGMENTS section on page 2 the ACORD 1035 Exchange / Rollover / Transfer Form.

The Internal Revenue Service does not require your consent to any provisions of this document other than the certifications required to avoid backup withholding.
