**Contract Return; Information Request**

The owner may cancel and return the contract for any reason within thirty (30) days after it is received. If the contract is returned, Standard Insurance Company will: (a) cancel the contract from the beginning; and (b) promptly refund any premium paid by the owner, less any prior partial withdrawals, after receiving: (1) a written notice of cancellation; (2) the original contract document; and (3) a completed form **5031** or IRS forms W-9 and W-4P from the owner. Upon written request of the owner, Standard Insurance Company will provide factual information about the contract benefits and provisions within a reasonable time.

**Applies if the annuity is purchased through a bank or credit union.**

The annuity is not a deposit. The annuity is not guaranteed by any bank or credit union. The annuity is not insured by the FDIC or by any other governmental agency. The purchase of an annuity is not a provision or condition of bank or credit union activity. Some annuities are subject to investment risk and may go down in value.

**Privacy Statement**

I understand that, in the course of processing my application, Standard Insurance Company may collect personal information about: (a) me; and (b) others I have identified in this application, e.g. beneficiaries, policyowners and annuitants. I understand that the personal information may include information about my: (a) age; (b) occupation; (c) income; (d) finances; and (e) other insurance. Standard Insurance Company may obtain personal information from: (a) this application; (b) other forms I submit to Standard Insurance Company; (c) an employer; (d) an insurance sales representative; (e) other insurance companies; (f) Standard Insurance Company's web sites; and (g) any other person, organization or institution having records or knowledge of me that are necessary to process this transaction. In the course of processing this transaction there may be circumstances in which Standard Insurance Company discloses to other parties the information collected about me. I authorize Standard Insurance Company to disclose personal information to: (a) an employer (e.g. name, employment status and Social Security number); (b) organizations or persons, including insurance sales representatives, that perform services or functions necessary to process this transaction; and (c) other insurance companies. No other disclosure may be made without my further authorization except: (a) to the extent necessary for the conduct of Standard Insurance Company's business; or (b) as permitted or required by law. I understand that failure to sign the authorization may: (a) impair the ability to process my application; and (b) be the basis for denying my application. I understand that this authorization: (a) will automatically expire 24 months following the date of my signature below; (b) may be revoked by me at any time by sending a written request for revocation to Standard Insurance Company at the address above; and (c) such revocation may be the basis for denying my application. I also understand that: (a) I (or my authorized representative) have the right to request a copy of my authorization and to learn the nature and substance of any personal information about me in Standard Insurance Company's file; (b) I (or my authorized representative) have the right to ask Standard Insurance Company to correct or amend such information, if necessary; and (c) Standard Insurance Company will carefully review my request and, where appropriate, make the necessary change. To obtain further information about these rights and information practices, I have been informed that I may request a copy of the *Privacy Notice* by contacting Standard Insurance Company at the address above.

**ME Residents** I further understand that failure to sign the authorization may: (a) impair the ability to evaluate my claim for benefits; and (b) be the basis for denying my claim for benefits.

I represent that all statements and information provided herein are true and complete to the best of my belief and knowledge. I understand that the application will be attached to and made a part of the annuity contract. Additionally, I declare the following:

- A** ☐ Yes ☐ No To the best of my knowledge, the owner has existing life insurance policies or annuity contracts. Regardless of answer, states that have adopted NAIC replacement model please attach 10443.
- B** ☐ Yes ☐ No To the best of my knowledge, the contract applied for will replace an existing life insurance or annuity contract. If so, the broker has left with me all materials used in this presentation.
- C** ☐ Yes ☐ No I have received the product disclosure statement and, in those states where required or upon request, a *Buyer's Guide To Fixed Deferred Annuities*.
- D** ☐ Yes ☐ No I am a full-time, active-duty member of the US Armed Forces (to include a reserve unit serving under published orders for training).
- E** ☐ Yes ☐ No I am purchasing an SRA 1, FRA 7, AGA 5 or AGA 7  
**a** ☐ Yes ☐ No If Yes, I understand that The Standard guarantees that the additional interest will be credited only for the first contract year.
- F** ☐ Yes ☐ No I am purchasing an FGA 5, FGA 6, FGA 7, FGA 10, AGA 5 or AGA 7. If Yes:  
**a** ☐ Yes ☐ No I understand that this annuity includes a market-value adjustment feature. During the market-value adjustment period, any amount surrendered or used to provide annuity benefits may be subject to the adjustment. It could increase or decrease the amounts payable under the contract. If interest rates rise after the contract effective date, the market-value adjustment will generally decrease the surrender value; if interest rates fall, the market-value adjustment will generally increase the surrender value.  
**b** ☐ Yes ☐ No I have received and read the applicable product disclosure and understand the various product features, including but not limited to: (a) surrenders and withdrawals; (b) surrender charges; (c) surrender charge period; (d) early withdrawal tax penalty; and (e) annuitization.
- G** ☐ Yes ☐ No I am purchasing a PGA 5, PGA 7 or PGA 9.  
**a** ☐ Yes ☐ No If Yes, I understand that The Standard guarantees that the additional interest will be credited only for one year from the date of receipt of each premium.
- H** ☐ Yes ☐ No I understand and acknowledge that The Standard does not offer legal, financial, tax, investment or estate-planning advice and I have had the opportunity to seek such advice from the proper sources before purchasing this annuity. I agree that the purchase of this annuity is appropriate to my particular legal, financial, tax, investment, estate-planning goals and other circumstances.

Any changes to the application as noted here must be signed in writing by the applicant.

This Disclosure summarizes important points for you to consider before you purchase Standard Insurance Company's (The Standard's) Focused Growth Annuity.

The Focused Growth Annuity (FGA) is a single-premium deferred annuity. You purchase the annuity with one premium payment, but premiums are accepted during the first 90 contract days to accommodate multiple roll-overs, transfers and exchanges. The FGA is a fixed deferred annuity which means interest is earned during the accumulation phase and annuity payments are deferred until the annuity date or upon annuitization. The FGA's principal and earnings are not subject to income taxes until funds are withdrawn or distributed. A 10% IRS early-withdrawal penalty may apply to withdrawals or distributions prior to age 59½.

The main purpose of a deferred annuity is to save money for retirement and to receive retirement income for life. It is not meant for short-term financial goals.

**If you have any questions about the FGA, please ask your broker or financial advisor. You may also contact us at the phone number shown above.**

**THE ANNUITY CONTRACT** *How do I get an annuity started and how will the value of my annuity grow?*

**Please check the appropriate box** ☐ qualified annuity ☐ non-qualified annuity

**Annuity** An annuity allows you to pay a premium for the contract and interest will be earned on a tax-deferred basis. The premium and interest earnings are not subject to income taxes until the funds are withdrawn or distributed.

**Issue Age** An FGA 5, 6 or 7 will be issued to owners age 18-90 and annuitants age 0-90. An FGA10 will be issued to owners 18-80 for annuitants age 0-80.

**Annuitant** The annuitant is the person on whose life the amount and duration of annuity benefits are based.

**Owner** The owner is the person or entity who has purchased the contract and to whom the contract is issued.

**Contract Effective Date** The FGA's effective date is the date premium is received in The Standard's home office. The effective date is shown on the contract cover and in the contract's data pages.

**Premium** An FGA may be established with an initial premium of \$15,000 to \$1,000,000 (or more with prior home-office approval). Additional premium payments may be made during the first 90 days of the contract. This generally allows for multiple roll-overs, transfers and exchanges.

**Interest Rates** The initial premium will receive the interest rate in effect as of the date the application and premium are received in the home office. Additional premium received during the first 90 days of the contract will be credited with the interest rate in effect at the time they are received in the home office.

Premium payments are credited with a guaranteed interest rate for five years for the FGA5, six years for the FGA6, seven years for the FGA7, and ten years for the FGA10. Thereafter, the annuity fund will be credited with a renewal rate based on the current economic and interest rate environment.

Interest compounds daily.

**Annuity Fund** The annuity fund is the amount available to provide annuity benefits, surrender benefits and death benefits. The value of the annuity fund equals: (a) premium plus credited interest; minus (b) amounts surrendered, surrender charges and associated market value adjustments, and premium tax (if any).

**Expense Charges** There are no expense charges under the contract, other than surrender charges, market value adjustments, and premium tax in those states that require premium tax.

**Safety and Guarantees** During the market value adjustment period, The Standard guarantees that the owner will never receive less than 87½% of the total premium payments, net of any withdrawals or loans<sup>1</sup> taken. After the market value adjustment period, The Standard guarantees that the owner or beneficiary will never receive less than 100% of the total premium payments, net of any withdrawals or loans<sup>1</sup> taken.

**SURRENDER BENEFITS**
*May I take money out of my annuity and, if so, how?*

You may take money out of your annuity any time before annuity payments begin. You may take out all of your annuity’s fund value (**full surrender**) or part of it (**partial surrender**).

Withdrawals must be \$500 or more. At least \$2000 must remain in the account for the contract to remain in force.

A 10% IRS penalty may apply to withdrawals made before age 59½.

A Surrender Fee will be assessed on amounts you withdraw before the end of the Surrender Fee Period, as follows:

FGA5	Year	1	2	3	4	5			
	Charge	8%	7%	6%	5%	4%			

FGA6	Year	1	2	3	4	5	6		
	Charge	8%	7%	6%	5%	4%	3%		

FGA7	Year	1	2	3	4	5	6	7	
	Charge	8%	7%	6%	5%	4%	3%	2%	

FGA10	Year	1	2	3	4	5	6	7	8	9
	Charge	8%	7%	6%	5%	4%	3%	2%	1%	0.9%

Example: If you withdrew \$5,000 during the first contract year, an 8% surrender charge would apply. \$5,000 x .08 = \$400. The withdrawal amount paid would be \$5,000 - \$400 = \$4,600 plus the market value adjustment.

**Market Value Adjustment** During the first 5 contract years for the FGA5, the first 6 contract years for the FGA6, first 7 contract years for the FGA7, and first 10 contract years for the FGA10 a market value adjustment will be applied to withdrawals or surrenders. Generally, if interest rates have risen since the purchase, the adjustment will decrease the surrender value. If interest rates have fallen since the purchase, the adjustment will increase the surrender value.

**Note:** The market value adjustment is waived whenever surrender fees are waived.

#### **ANNUITY BENEFITS** *How do I get income (payouts) from my annuity?*

**Annuity Date** The annuity date is the contract anniversary nearest the annuitant's 95th birthday or the 10th contract anniversary, whichever is later. The contract will automatically annuitize and begin its payout phase, unless otherwise directed.

**Payout Options** You may choose from the following payment options:

Life Income – A guaranteed income for as long as the annuitant lives.

Joint & Survivor Life Income – A guaranteed income for as long as both annuitants live.

Certain Period – A guaranteed income for your chosen time period (5, 10, 15 or 20 years).

Life Income with Certain Period – A guaranteed income for your minimum chosen time period. If the annuitant is still living at the end of that period, payments continue as long as the annuitant lives.

Lump Sum – One lump-sum payment of the annuity fund.

If a payment option is not chosen, we will automatically pay under a 10-year certain and life payment option.

**Annuitization** An FGA may be converted into an income annuity with The Standard at any time. No surrender fees will apply if you choose a Life Income or at least a 5-year Certain Period payout option. If your state imposes a premium tax, it will be deducted from your annuitized payments.

**Annuity Benefits** The contract may not be surrendered once payment of annuity benefits has begun.

#### **ACCESSING FUNDS** *Are there ways to access funds without incurring a surrender fee?*

The FGA offers many ways to access funds without incurring a surrender fee. There are no surrender fees associated with the following options, but an IRS early withdrawal penalty may apply to withdrawals before you reach age 59½.

- Regularly scheduled payments of interest earnings.
- Nursing home confinement.<sup>2,3</sup>
- Terminal condition.<sup>2,3</sup>
- IRS Required Minimum Distributions.
- Out-of-surrender-fee-period withdrawals.

#### **DEATH BENEFITS** *What happens if I die?*

The annuity's value is paid to the beneficiary if the owner or the annuitant dies before the Annuity date, with a choice of payment options. However, death benefits must begin within one year of the date of death and may not extend beyond the beneficiary's life expectancy. Under federal law, if the beneficiary is the spouse as defined under federal law, that spouse does not need to have death benefits paid; rather, that spouse may continue the contract as though that spouse were the original owner.

#### **ADVANTAGES OF TAX DEFERRAL** *How will payouts and withdrawals from my annuity be taxed?*

The annuity fund under the FGA grows tax-deferred. Taxes will be due only when withdrawals or distributions are paid from the annuity. As a result, interest accumulates on the principal, earnings and on money that otherwise would be paid in income taxes (often referred to as triple-compounding). An IRS early withdrawal penalty may also apply to payouts and withdrawals paid before you reach age 59½. A tax-deferred annuity may be exchanged for another tax-deferred annuity without being assessed income tax on the earnings. There are no additional tax advantages to purchasing an annuity as part of a qualified plan, other than those provided by the qualified plan itself. Please consult your broker or financial advisor.

Contract SPDA; Riders R-EIO, R-NHB, R-TCB, R-MVAR, R-DB, SWO-DEF, R-ERTSA, R-NERTSA, IRA, Roth IRA, R-QPP

<sup>2</sup>Available after the first contract year.

<sup>3</sup>The nursing home confinement waiver is not available in Massachusetts. State-specific conditions apply to the terminal condition waiver.

**OTHER INFORMATION** *What else do I need to know?*

- You have 30 days to look over the annuity contract. You may return the contract to the agent who sold it or our home office within that 30 days. Any premium paid, including any contract fees or other charges, will be refunded, less any benefits paid, and the contract will be void and considered never in force.
- We pay a commission to the agent, broker or firm for selling you the annuity.

**Market Value Adjustment** During the market value adjustment period, a market value adjustment will be applied to withdrawals or surrenders. The market value adjustment is waived whenever surrender charges are waived. The adjustment is based on changes in the yields of the market value adjustment index and may increase or decrease the annuity's surrender value. Generally, if interest rates have risen since the purchase, the adjustment will decrease the surrender value. If interest rates have fallen since the purchase, the adjustment will increase the surrender value.

**Illustrated Effect of Possible Market Value Adjustment** Consider the combined charges for an early surrender when market value adjustment index rates increase or decrease. The sample calculation below assumes the index is 3.00% at issue then either rises to 5.00% or drops to 1.00%. The percentages are for illustrative purposes only. Actual results may vary.

**OWNER ACKNOWLEDGMENT**

I affirm that I am purchasing a Focused Growth Annuity from Standard Insurance Company. I understand the FGA product features, including that: (a) the contract includes a market value adjustment feature; (b) during the market value adjustment period a market value adjustment will be applied to withdrawals or surrenders; and (c) the market value adjustment is waived whenever surrender charges are waived. I understand that the contract is intended as a long-term savings vehicle and, as such, may have substantial penalties for early surrenders. I understand and acknowledge that The Standard does not offer legal, financial, tax, investment or estate planning advice. I affirm that I have sought such advice from the proper sources before purchasing this contract. I acknowledge and represent that the purchase of this annuity is suitable given my particular legal, financial, tax, investment, estate planning or other goals or circumstances. I further understand that annuities are not: (a) insured by the FDIC or any federal government agency; (b) deposits of or guaranteed by any bank or credit union; or (c) provisions or conditions of any bank or credit union activity. Some annuities are subject to investment risk and may lose value. I certify that: (a) I have read and fully understand the FGA product brochure, the application and this disclosure statement; (b) I have retained a copy of all solicitation materials and this disclosure statement used during the course of the sale; and (c) I understand that this disclosure is a summary and not part of the contract.

# NAIC Buyer's Guide for Fixed Deferred Annuities

It's important that you understand how annuities can be different from each other so you can choose the type of annuity that's best for you. The purpose of this Buyer's Guide is to help you do that. This Buyer's Guide isn't meant to offer legal, financial, or tax advice. You may want to consult independent advisors that specialize in these areas.

**This Buyer's Guide is about fixed deferred annuities in general and some of their most common features. It's not about any particular annuity product.** The annuity you select may have unique features this Guide doesn't describe. It's important for you to carefully read the material you're given or ask your annuity salesperson, especially if you're interested in a particular annuity or specific annuity features.

This Buyer's Guide includes questions you should ask the insurance company or the annuity salesperson (the agent, producer, broker, or advisor). Be sure you're satisfied with the answers before you buy an annuity.

## What Is an Annuity?

An annuity is a contract with an insurance company. All annuities have one feature in common, and it makes annuities different from other financial products. *With an annuity, the insurance company promises to pay you income on a regular basis for a period of time you choose—including the rest of your life.*

### When Annuities Start to Make Income Payments

Some annuities begin paying income to you soon after you buy it (an **immediate** annuity). Others begin at some later date you choose (a **deferred** annuity).

### How Deferred Annuities Are Alike

There are ways that *most* deferred annuities are alike.

- They have an **accumulation** period and a **payout** period. During the accumulation period, the value of your annuity changes based on the type of annuity. During the payout period, the annuity makes income payments to you.
- They offer a basic death benefit. If you die during the accumulation period, a deferred annuity with a basic death benefit pays some or all of the annuity's value to your survivors (called beneficiaries) either in one payment or multiple payments over time. The amount is usually the greater of the annuity account value or the minimum guaranteed surrender value. If you die after you begin to receive income payments (**annuitize**), your chosen survivors may not receive anything *unless*: 1) your annuity guarantees to pay out at least as much as you paid into the annuity, or 2) you chose a payout option that continues to make payments after your death. For an extra cost, you may be able to choose enhanced death benefits that increase the value of the basic death benefit.

#### Sources of Information

**Contract:** *The legal document between you and the insurance company that binds both of you to the terms of the agreement.*

**Disclosure:** *A document that describes the key features of your annuity, including what is guaranteed and what isn't, and your annuity's fees and charges. If you buy a variable annuity, you'll receive a prospectus that includes detailed information about investment objectives, risks, charges, and expenses.*

**Illustration:** *A personalized document that shows how your annuity features might work. Ask what is guaranteed and what isn't and what assumptions were made to create the illustration.*

- You usually have to pay a charge (called a **surrender** or **withdrawal charge**) if you take some or all of your money out too early (usually before a set time period ends). Some annuities may not charge if you withdraw small amounts (for example, 10% or less of the account value) each year.
- Any money your annuity earns is **tax deferred**. That means you won't pay income tax on earnings until you take them out of the annuity.
- You can add features (called **riders**) to many annuities, usually at an extra cost.
- An annuity salesperson must be licensed by your state insurance department. A person selling a variable annuity also must be registered with FINRA<sup>1</sup> as a representative of a broker/dealer that's a FINRA member. In some states, the state securities department also must license a person selling a variable annuity.

1. FINRA (Financial Industry Regulatory Authority) regulates the companies and salespeople who sell variable annuities.

- Insurance companies sell annuities. You want to buy from an insurance company that's financially sound. There are various ways you can research an insurance company's financial strength. You can visit the insurance company's website or ask your annuity salesperson for more information. You also can review an insurance company's rating from an independent rating agency. Four main firms currently rate insurance companies. They are A.M. Best Company, Standard and Poor's Corporation, Moody's Investors Service, and Fitch Ratings. Your insurance department may have more information about insurance companies. An easy way to find contact information for your insurance department is to visit [www.naic.org](http://www.naic.org) and click on "States and Jurisdictions Map."
- Insurance companies usually pay the annuity salesperson after the sale, but the payment doesn't reduce the amount you pay into the annuity. You can ask your salesperson how they earn money from the sale.

## How Deferred Annuities Are Different

There are differences among deferred annuities. Some of the differences are:

- Whether you pay for the annuity with one or more than one payment (called a **premium**).
- The types and amounts of the **fees, charges, and adjustments**. While almost all annuities have *some* fees and charges that could reduce your account value, the types and amounts can be different among annuities. *Read the Fees, Charges, and Adjustments section in this Buyer's Guide for more information.*
- Whether the annuity is a **fixed** annuity or a **variable** annuity. How the value of an annuity changes is different depending on whether the annuity is fixed or variable.

**Fixed annuities** guarantee your money will earn at least a minimum interest rate. Fixed annuities may earn interest at a rate higher than the minimum but only the minimum rate is guaranteed. The insurance company sets the rates.

**Fixed indexed annuities** are a type of fixed annuity that earns interest based on changes in a market index, which measures how the market or part of the market performs. The interest rate is guaranteed to never be less than zero, even if the market goes down.

**Variable annuities** earn investment returns based on the performance of the investment portfolios, known as "subaccounts," where you choose to put your money. The return earned in a variable annuity isn't guaranteed. The value of the subaccounts you choose could go up or down. If they go up, you could make money. But, if the value of these subaccounts goes down, you could lose money. Also, income payments to you could be less than you expected.

- Some annuities offer a **premium bonus**, which usually is a lump sum amount the insurance company adds to your annuity when you buy it or when you add money. It's usually a set percentage of the amount you put into the annuity. Other annuities offer an **interest bonus**, which is an amount the insurance company adds to your annuity when you earn interest. It's usually a set percentage of the interest earned. You may not be able to withdraw some or all of your premium bonus for a set period of time. *Also, you could lose the bonus if you take some or all of the money out of your annuity within a set period of time.*

What Is an Annuity?

## How Does the Value of a Deferred Annuity Change?

### Fixed Annuities

Money in a fixed deferred annuity earns interest at a rate the insurer sets. The rate is **fixed** (won't change) for some period, usually a year. After that rate period ends, the insurance company will set another fixed interest rate for the next rate period. *That rate could be higher or lower than the earlier rate.*

Fixed deferred annuities *do* have a guaranteed minimum interest rate—the lowest rate the annuity can earn. It's stated in your contract and disclosure and can't change as long as you own the annuity. Ask about:

- The *initial interest* rate – What is the rate? How long until it will change?
- The *renewal interest* rate – When will it be announced? How will the insurance company tell you what the new rate will be?

### Fixed Indexed Annuities

Money in a fixed indexed annuity earns interest based on changes in an index. Some indexes are measures of how the overall financial markets perform (such as the S&P 500 Index or Dow Jones Industrial Average) during a set period of time (called the **index term**). Others measure how a specific financial market performs (such as the Nasdaq) during the term. The insurance company uses a formula to determine how a change in the index affects the amount of interest to add to your annuity at the *end of each index term*. Once interest is added to your annuity for an index term, those earnings usually are locked in and changes in the index in the next index term don't affect them. If you take money from an indexed annuity before an index term ends, *the annuity may not add all of the index-linked interest for that term to your account.*

Insurance companies use different formulas to calculate the interest to add to your annuity. They look at changes in the index over a period of time. See the box "*Fixed Deferred Indexed Formulas*" that describes how changes in an index are used to calculate interest.

The formulas insurance companies use often mean that interest added to your annuity is based on only *part* of a change in an index over a set period of time. **Participation rates, cap rates, and spread rates** (sometimes called margin or asset fees) all are terms that describe ways the amount of interest added to your annuity may not reflect the full change in the index. But *if the index goes down over that period, zero interest is added to your annuity.* Then your annuity value won't go down as long as you don't withdraw the money.

When you buy an indexed annuity, you aren't investing directly in the market or the index. Some indexed annuities offer you more than one index choice. Many indexed annuities also offer the choice to put part of your money in a fixed interest rate account, with a rate that won't change for a set period.

#### Fixed Deferred Indexed Formulas

**Annual Point-to-Point** – Change in index calculated using two dates one year apart.

**Multi-Year Point-to-Point** – Change in index calculated using two dates more than one year apart.

**Monthly or Daily Averaging** – Change in index calculated using multiple dates (one day of every month for monthly averaging, every day the market is open for daily averaging). The average of these values is compared with the index value at the start of the index term.

**Monthly Point-to-Point** – Change in index calculated for each month during the index term. Each monthly change is limited to the "cap rate" for positive changes, but not when the change is negative. At the end of the index term, all monthly changes (positive and negative) are added. If the result is positive, interest is added to the annuity. If the result is negative or zero, no interest (0%) is added.

## What Other Information Should You Consider?

### *Fees, Charges, and Adjustments*

Fees and charges reduce the value of your annuity. They help cover the insurer's costs to sell and manage the annuity and pay benefits. The insurer may subtract these costs directly from your annuity's value. Most annuities have fees and charges but they can be different for different annuities. Read the contract and disclosure or prospectus carefully and ask the annuity salesperson to describe these costs.

A **surrender or withdrawal charge** is a charge if you take part or all of the money out of your annuity during a set period of time. The charge is a percentage of the amount you take out of the annuity. The percentage usually goes down each year until the surrender charge period ends. Look at the contract and the disclosure or prospectus for details about the charge. Also look for any waivers for events (such as a death) or the right to take out a small amount (usually up to 10%) each year without paying the charge. If you take all of your money out of an annuity, you've surrendered it and no longer have any right to future income payments.

#### How Insurers Determine Indexed Interest

**Participation Rate** – *Determines how much of the increase in the index is used to calculate index-linked interest. A participation rate usually is for a set period. The period can be from one year to the entire term. Some companies guarantee the rate can never be lower (higher) than a set minimum (maximum). Participation rates are often less than 100%, particularly when there's no cap rate.*

**Cap Rate** – *Typically, the maximum rate of interest the annuity will earn during the index term. Some annuities guarantee that the cap rate will never be lower (higher) than a set minimum (maximum). Companies often use a cap rate, especially if the participation rate is 100%.*

**Spread Rate** – *A set percentage the insurer subtracts from any change in the index. Also called a "margin or asset fee." Companies may use this instead of or in addition to a participation or cap rate.*

Some annuities have a **Market Value Adjustment (MVA)**. An MVA could increase or decrease your annuity's account value, cash surrender value, and/or death benefit value if you withdraw money from your account. In general, if interest rates are *lower* when you withdraw money than they were when you bought the annuity, the MVA could *increase* the amount you could take from your annuity. If interest rates are *higher* than when you bought the annuity, the MVA could *reduce* the amount you could take from your annuity. Every MVA calculation is different. Check your contract and disclosure or prospectus for details.

### *How Annuities Make Payments*

#### **Annuitize**

At some future time, you can choose to **annuitize** your annuity and start to receive guaranteed fixed income payments for life or a period of time you choose. After payments begin, you can't take any other money out of the annuity. You also usually can't change the amount of your payments. For more information, see "**Payout Options**" in this Buyer's Guide. If you die before the payment period ends, your survivors may not receive any payments, depending on the payout option you choose.

#### **Full Withdrawal**

You can withdraw the cash surrender value of the annuity in a lump sum payment and end your annuity. *You'll likely pay a charge to do this if it's during the surrender charge period.* If you withdraw your annuity's cash surrender value, your annuity is cancelled. Once that happens, you can't start or continue to receive regular income payments from the annuity.

## Partial Withdrawal

You may be able to withdraw *some* of the money from the annuity's cash surrender value without ending the annuity. Most annuities with surrender charges let you take out a certain amount (usually up to 10%) each year without paying surrender charges on that amount. Check your contract and disclosure or prospectus. Ask your annuity salesperson about other ways you can take money from the annuity without paying charges.

## Living Benefits for Fixed Annuities

Some fixed annuities, especially fixed indexed annuities, offer a **guaranteed living benefits** rider, usually at an extra cost. A common type is called a guaranteed lifetime withdrawal benefit that guarantees to make income payments you can't outlive. While you get payments, the money still in your annuity continues to earn interest. You can choose to stop and restart the payments or you might be able to take extra money from your annuity. Even if the payments reduce the annuity's value to zero at some point, you'll continue to get payments for the rest of your life. If you die while receiving payments, your survivors may get some or all of the money left in your annuity.

## How Annuities Are Taxed

Ask a tax professional about your individual situation. The information below is general and should not be considered tax advice.

Current federal law gives annuities special tax treatment. Income tax on annuities is deferred. That means you aren't taxed on any interest or investment returns while your money is in the annuity. This isn't the same as tax-free. You'll pay ordinary income tax when you take a withdrawal, receive an income stream, or receive each annuity payment. When you die, your survivors will typically owe income taxes on any death benefit they receive from an annuity.

There are other ways to save that offer tax advantages, including Individual Retirement Accounts (IRAs). You can buy an annuity to fund an IRA, *but you also can fund your IRA other ways and get the same tax advantages.* When you take a withdrawal or receive payments, you'll pay ordinary income tax on all of the money you receive (not just the interest or the investment return). You also may have to pay a 10% tax penalty if you withdraw money before you're age 59½.

### Annuity Fees and Charges

**Contract fee** – A flat dollar amount or percentage charged once or annually.

**Percentage of purchase payment** – A front-end sales load or other charge deducted from each premium paid. The percentage may vary over time.

**Premium tax** – A tax some states charge on annuities. The insurer may subtract the amount of the tax when you pay your premium, when you withdraw your contract value, when you start to receive income payments, or when it pays a death benefit to your beneficiary.

**Transaction fee** – A charge for certain transactions, such as transfers or withdrawals.

### Payout Options

*You'll have a choice about how to receive income payments. These choices usually include:*

- For your lifetime
- For the longer of your lifetime or your spouse's lifetime
- For a set time period
- For the longer of your lifetime or a set time period

## ***Finding an Annuity That's Right for You***

An annuity salesperson who suggests an annuity must choose one that they think is right for you, based on information from you. They need complete information about your life and financial situation to make a suitable recommendation. Expect a salesperson to ask about your age; your financial situation (assets, debts, income, tax status, how you plan to pay for the annuity); your tolerance for risk; your financial objectives and experience; your family circumstances; and how you plan to use the annuity. If you aren't comfortable with the annuity, ask your annuity salesperson to explain why they recommended it. Don't buy an annuity you don't understand or that doesn't seem right for you.

Within each annuity, the insurer *may* guarantee some values but not others. Some guarantees may be only for a year or less while others could be longer. Ask about risks and decide if you can accept them. For example, it's possible you won't get all of your money back *or* the return on your annuity may be lower than you expected. It's also possible you won't be able to withdraw money you need from your annuity without paying fees *or* the annuity payments may not be as much as you need to reach your goals. These risks vary with the type of annuity you buy. All product guarantees depend on the insurance company's financial strength and claims-paying ability.

## ***Questions You Should Ask***

- Do I understand the risks of an annuity? Am I comfortable with them?
- How will this annuity help me meet my overall financial objectives and time horizon?
- Will I use the annuity for a long-term goal such as retirement? If so, how could I achieve that goal if the income from the annuity isn't as much as I expected it to be?
- What features and benefits in the annuity, other than tax deferral, make it appropriate for me?
- Does my annuity offer a guaranteed minimum interest rate? If so, what is it?
- If the annuity includes riders, do I understand how they work?
- Am I taking full advantage of all of my other tax-deferred opportunities, such as 401(k)s, 403(b)s, and IRAs?
- Do I understand all of the annuity's fees, charges, and adjustments?
- Is there a limit on how much I can take out of my annuity each year without paying a surrender charge? Is there a limit on the *total* amount I can withdraw during the surrender charge period?
- Do I intend to keep my money in the annuity long enough to avoid paying any surrender charges?
- Have I consulted a tax advisor and/or considered how buying an annuity will affect my tax liability?
- How do I make sure my chosen survivors (beneficiaries) will receive any payment from my annuity if I die?

*If you don't know the answers or have other questions, ask your annuity salesperson for help.*

## ***When You Receive Your Annuity Contract***

When you receive your annuity contract, carefully review it. Be sure it matches your understanding. Also, read the disclosure or prospectus and other materials from the insurance company. Ask your annuity salesperson to explain anything you don't understand. In many states, a law gives you a set number of days (usually 10 to 30 days) to change your mind about buying an annuity after you receive it. This often is called a **free look** or **right to return** period. Your contract and disclosure or prospectus should prominently state your free look period. If you decide during that time that you don't want the annuity, you can contact the insurance company and return the contract. Depending on the state, you'll either get back all of your money or your current account value.

### 1 Important Notice: Replacement of Life Insurance or Annuities

(This notice must be signed by the applicant(s) and broker, with the original sent to Standard Insurance Company and a copy left with the applicant(s).)

#### Replacing your life insurance policy?

Are you thinking about buying a new life insurance policy or annuity and discontinuing or changing an existing life insurance policy? If you are, your decision could be a good one — or a mistake. You will not know for sure unless you make a careful comparison of your existing policy and the proposed policy.

Make sure you understand the facts. Georgia law gives you the right to obtain a policy summary statement from your existing insurer at any time. Ask the company or agent that sold you your existing policy to give you information about it.

Page 2 contains a checklist of some of the items you should consider in making your decision. **Take time to read it.**

Do not let one agent or insurer prevent you from obtaining information from another agent or insurer which may be to your advantage.

Hear both sides before you decide. This way you can be sure you are making a decision that is in your best interest.

☐ Check this box if you wish a policy summary statement from your existing insurer(s).

We are required by law to notify your existing company that you may be replacing your policy.

## 5 Items to Consider in Replacement

1. If the policy coverages are basically similar, premiums for a new policy may be higher because rates increase as your age increases.
2. Cash values and dividends, if any, may grow slower under a new policy initially because of the initial costs of issuing a policy.
3. Your present insurance company may be able to make a change on terms that may be more favorable than if you replace existing insurance with new insurance.
4. If you borrow against an existing policy to pay premiums on a new policy, death benefits payable under your existing policy will be reduced by the amount of any unpaid loan, including unpaid interest.
5. Current interest rates are not guaranteed. Guaranteed interest rates are usually considerably lower than current rates. What rates are guaranteed?
6. Are premiums guaranteed or subject to change – up or down?
7. Participating policies pay dividends that may materially reduce the cost of insurance over the life of the contract. Dividends, however, are not guaranteed.
8. **Caution**, you are urged not to take action to terminate, assign, or alter your existing life insurance coverage until after you have been issued the new policy, examined it and have found it to be acceptable to you.

AND...

9. **Remember**, you have ten (10) days following receipt of any individual life insurance policy or annuity to examine its contents. If you are not satisfied with it for any reason, you have the right to return it to the insurer at its home or branch office, or to the agent through whom it was purchased, for a full refund of premium.
