

This Disclosure summarizes important points for you to consider before you purchase Standard Insurance Company's (The Standard's) Focused Growth Annuity.

The Focused Growth Annuity (FGA) is a single-premium deferred annuity. You purchase the annuity with one premium payment, but premiums are accepted during the first 90 contract days to accommodate multiple roll-overs, transfers and exchanges. The FGA is a fixed deferred annuity which means interest is earned during the accumulation phase and annuity payments are deferred until the annuity date or upon annuitization. The FGA's principal and earnings are not subject to income taxes until funds are withdrawn or distributed. A 10% IRS early-withdrawal penalty may apply to withdrawals or distributions prior to age 59½. Please see your financial or tax professional for any exceptions to this early-withdrawal penalty.

The main purpose of a deferred annuity is to save money for retirement and to receive retirement income for life. It is not meant for short-term financial goals.

If you have any questions about the FGA, please ask your broker or financial advisor. You may also contact us at the phone number shown above.

THE ANNUITY CONTRACT *How do I get an annuity started and how will the value of my annuity grow?*

Please check the appropriate box ☐ qualified annuity ☐ non-qualified annuity

Annuity An annuity allows you to pay a premium for the contract and interest will be earned on a tax-deferred basis. The premium and interest earnings are not subject to income taxes until the funds are withdrawn or distributed.

Issue Age An FGA 5, 6 or 7 will be issued to owners age 18-90 and annuitants age 0-90. An FGA10 will be issued to owners 18-80 for annuitants age 0-80.

Annuitant The annuitant is the person on whose life the amount and duration of annuity benefits are based.

Owner The owner is the person or entity who has purchased the contract and to whom the contract is issued.

Contract Effective Date The FGA's effective date is the date premium is received in The Standard's home office. The effective date is shown on the contract cover and in the contract's data pages.

Premium An FGA may be established with an initial premium of \$15,000 to \$1,000,000 (or more with prior home-office approval). Additional premium payments may be made during the first 90 days of the contract. This generally allows for multiple roll-overs, transfers and exchanges.

Interest Rates The initial premium will receive the interest rate in effect as of the date the application and premium are received in the home office. Additional premium received during the first 90 days of the contract will be credited with the interest rate in effect at the time they are received in the home office.

Premium payments are credited with a guaranteed interest rate for five years for the FGA5, six years for the FGA6, seven years for the FGA7, and ten years for the FGA10. Thereafter, the annuity fund will be credited with a renewal rate based on the current economic and interest rate environment.

Interest compounds daily.

Annuity Fund The annuity fund is the amount available to provide annuity benefits, surrender benefits and death benefits. The value of the annuity fund equals: (a) premium plus credited interest; minus (b) amounts surrendered, surrender charges and associated market value adjustments, and premium tax (if any).

Expense Charges There are no expense charges under the contract, other than surrender charges, market value adjustments, and premium tax in those states that require premium tax.

Safety and Guarantees During the market value adjustment period, The Standard guarantees that the owner will never receive less than 91.2% of the total premium payments, net of any withdrawals or loans¹ taken. After the market value adjustment period, The Standard guarantees that the owner or beneficiary will never receive less than 100% of the total premium payments, net of any withdrawals or loans¹ taken.

SURRENDER BENEFITS *May I take money out of my annuity and, if so, how?*

You may take money out of your annuity any time before annuity payments begin. You may take out all of your annuity's fund value (**full surrender**) or part of it (**partial surrender**).

Withdrawals must be \$500 or more. At least \$2000 must remain in the account for the contract to remain in force.

A 10% IRS penalty may apply to withdrawals made before age 59½.

A Surrender Fee will be assessed on amounts you withdraw before the end of the Surrender Fee Period, as follows:

FGA5	Year	1	2	3	4	5				
	Charge	8%	7%	6%	5%	4%				
FGA6	Year	1	2	3	4	5	6			
	Charge	8%	7%	6%	5%	4%	3%			
FGA7	Year	1	2	3	4	5	6	7		
	Charge	8%	7%	6%	5%	4%	3%	2%		
FGA10	Year	1	2	3	4	5	6	7	8	9
	Charge	8%	7%	6%	5%	4%	3%	2%	1%	0.9%

Example: If you withdrew \$5,000 during the first contract year, an 8% surrender charge would apply. $\$5,000 \times .08 = \400 . The withdrawal amount paid would be $\$5,000 - \$400 = \$4,600$ plus the market value adjustment.

Market Value Adjustment During the first 5 contract years for the FGA5, the first 6 contract years for the FGA6, first 7 contract years for the FGA7, and first 10 contract years for the FGA10 a market value adjustment will be applied to withdrawals or surrenders. Generally, if interest rates have risen since the purchase, the adjustment will decrease the surrender value. If interest rates have fallen since the purchase, the adjustment will increase the surrender value.

Note: *The market value adjustment is waived whenever surrender fees are waived.*

ANNUITY BENEFITS *How do I get income (payouts) from my annuity?*

Annuity Date The annuity date is the contract anniversary nearest the annuitant's 95th birthday or the 10th contract anniversary, whichever is later. The contract will automatically annuitize and begin its payout phase, unless otherwise directed.

Payout Options You may choose from the following payment options:

Life Income – A guaranteed income for as long as the annuitant lives.

Joint & Survivor Life Income – A guaranteed income for as long as both annuitants live.

Certain Period – A guaranteed income for your chosen time period (5, 10, 15 or 20 years).

Life Income with Certain Period – A guaranteed income for your minimum chosen time period. If the annuitant is still living at the end of that period, payments continue as long as the annuitant lives.

Lump Sum – One lump-sum payment of the annuity fund.

If a payment option is not chosen, we will automatically pay under a 10-year certain and life payment option.

Annuitization An FGA may be converted into an income annuity with The Standard at the annuity date. If your state imposes a premium tax, it will be deducted from your annuitized payments.

Annuity Benefits The contract may not be surrendered once payment of annuity benefits has begun.

ACCESSING FUNDS *Are there ways to access funds without incurring a surrender fee?*

The FGA offers many ways to access funds without incurring a surrender fee. There are no surrender fees associated with the following options, but an IRS early withdrawal penalty may apply to withdrawals before you reach age 59½.

- Regularly scheduled payments of interest earnings.
- Nursing home confinement.²
- Terminal condition.²
- IRS Required Minimum Distributions.
- Out-of-surrender-fee-period withdrawals.

DEATH BENEFITS *What happens if I die?*

The annuity's value is paid to the beneficiary if the owner or the annuitant dies before the Annuity date, with a choice of payment options. However, death benefits must begin within one year of the date of death and may not extend beyond the beneficiary's life expectancy. Under federal law, if the beneficiary is the spouse as defined under federal law, that spouse does not need to have death benefits paid; rather, that spouse may continue the contract as though that spouse were the original owner.

ADVANTAGES OF TAX DEFERRAL *How will payouts and withdrawals from my annuity be taxed?*

The annuity fund under the FGA grows tax-deferred. Taxes will be due only when withdrawals or distributions are paid from the annuity. As a result, interest accumulates on the principal, earnings and on money that otherwise would be paid in income taxes (often referred to as triple-compounding). An IRS early withdrawal penalty may also apply to payouts and withdrawals paid before you reach age 59½. A tax-deferred annuity may be exchanged for another tax-deferred annuity without being assessed income tax on the earnings. There are no additional tax advantages to purchasing an annuity as part of a qualified plan, other than those provided by the qualified plan itself. Please consult your broker or financial advisor.

OTHER INFORMATION *What else do I need to know?*

- You have 30 days to look over the annuity contract. You may return the contract to the agent who sold it or our home office within that 30 days. Any premium paid, including any contract fees or other charges, will be refunded, less any benefits paid, and the contract will be void and considered never in force.
- We pay a commission to the agent, broker or firm for selling you the annuity.
- No additional optional benefits are available.

Market Value Adjustment During the market value adjustment period, a market value adjustment will be applied to withdrawals or surrenders. The market value adjustment is waived whenever surrender charges are waived. The adjustment is based on changes in the yields of the market value adjustment index and may increase or decrease the annuity's surrender value. Generally, if interest rates have risen since the purchase, the adjustment will decrease the surrender value. If interest rates have fallen since the purchase, the adjustment will increase the surrender value.

Illustrated Effect of Possible Market Value Adjustment Consider the combined charges for an early surrender when market value adjustment index rates increase or decrease. The following sample calculation assumes the index is 3.00% at issue then either rises to 5.00% or drops to 1.00%. The percentages are for illustrative purposes only. Actual results may vary.
