Business Procedures

Contracting and Licensing

Anyone who was not "mass appointed" needs to complete the GAFRI Bank Rep Appointment form and either fax it to (513) 412-5144, or scan and email it to AnnuityLicensing@gaig.com. They do not need a copy of your license as they will check the DOI websites to confirm number and that it is active. They appoint immediately as they do not do "just in time appointments". It can take 7 to 10 days to get appointed. Appointment paperwork needs to be dated one day prior to writing new business though they prefer the rep to have their agent number prior to writing business.

Literature

For marketing brochures, please email me your name, address, phone number and the quantity you are requesting. The forms are provided on our website or I can email them to you. At this time they are not including new business forms in with the marketing materials when mailing out kits. Please refer to our website for all forms.

NIGO Issues

You will receive an email direct from Great American with any "Not in Good Order" (NIGO) issues regarding the paperwork you submitted. In most situations, the rep can just update their copy of the form and initial it themselves then fax it in. However, if a signature or date is missing or incorrect, the client will need to correct and initial the changes, then fax it to GAFRI. NIGO fax number is 888-788-1693. Please make sure the policy number is on all forms.

- Joint Owners – Pays on death of either owner to surviving owner regardless who is listed as primary beneficiary. Please still indicate "Surviving Spouse" if owned by both husband and wife and children as contingent. If owned by two owners not husband and wife, indicate both names under primary and also an additional form is needed to be completed called the Important Notice Regarding Non-Spouse Joint Owners of an Annuity Contract. This additional form is not required for Spouses.
- Section 3D Special Requests– Please breakdown the amounts being contributed. For instance, \$50k is coming from a 1035 exchange and \$50k is coming from a check.

Disclosure Document

Does not require a signature. Please make sure you give this information to your client.

Suitability Form

If you are required to complete the GAFRI Suitability Form, Question 13, Health of Joint owner must be completed even if no joint owner. There is a N/A box that can be checked.

Exchange/Rollover/Transfer Request Form

In section 3C, it asks if your client needs to take out their RMD prior to transfer. GAFRI is not RMD friendly in the first contract year only; therefore one of those boxes must be checked. You should have the client take out their RMD prior to the transfer. GAFRI is RMD friendly after the first contract year.
