Owner's Beneficiary Designation² - For individual owners, the death benefit is payable to the owner's primary beneficiary. If the owner's primary beneficiary is no longer living at the time of the owner's death, the owner's contingent beneficiary will receive the death benefit.

For joint owners, the death benefit is payable on the death of the first owner (except in cases of spousal continuance) and the surviving joint owner is the designated sole primary beneficiary. Name only contingent beneficiaries below.

Please designate if you want the beneficiary designation to be Per Stirpes or Per Capita. If an election is not made then by default it will be Per Capita. Per Stirpes designations require a listing of the children on a separate sheet of paper that is signed and dated. The list must include the children's names, addresses, phone numbers, dates of birth and social security numbers.

- Per Stirpes definition: A common way of distributing proceeds where if one or more beneficiaries has died, his or her children share equally in his or her share of the proceeds.
- Per Capita definition: Proceeds are split amongst the beneficiaries that survive the owner/annuitant. If one of the beneficiaries does not survive the owner/annuitant then the remaining beneficiaries receive the proceeds split equally.

Owner's Statement

All statements made in this application are true to the best of my/our knowledge and belief, and I/we agree to all terms and conditions as shown on this application. All statements and descriptions in this application are deemed to be representations not warranties. I/We further agree that this application shall be a part of the annuity and that the Annuitant is aware that he/she was designated as Annuitant. I understand that if I am applying for a Fixed Indexed Annuity that while the values of the contract may be affected by an external index, the annuity does not directly participate in any stock or equity investments. I understand that any values shown, other than guaranteed minimum values, are not guarantees, promises or warranties. I understand that if the contract being applied for contains an Interest Adjustment (also known as a Market Value Adjustment), the benefits and values of this contract may increase or decrease. Amounts payable under the contract being applied for will be subject to a Market Value Adjustment (if applicable) when the contract is surrendered or a partial surrender above the free surrender amount is taken prior to the date specified in the contract. Thank you for your interest in the MNL SaversSM Income 7 Annuity from Midland National[®] Life Insurance Company. It is important for you to read and understand this summary before you decide to purchase the annuity. This summary will help you understand the features of the annuity and determine if it will help you meet your financial goals. Once you have read this summary, please sign pages 8 and 10 to confirm that you understand the annuity and submit this document with your application for the annuity. *Refer to the Contract for complete details*.

This Annuity Disclosure Statement must be signed by the applicant and agent, then return the Home Office copy to Midland National Life Insurance Company, Annuity Division with the application.

4350 Westown Parkway, West Des Moines, IA 50266 Phone: (877) 586-0240 • www.MidlandNational.com

The MNL SaversSM Income 7 is issued on form ICC16-AS147A (certificate/contract), ICC16-AR226A, ICC15-AR311A, ICC15-AR314A, ICC15-AR316A, ICC15-AR317A, ICC16-AR318A and ICC16-AR323A (riders/endorsements) or appropriate state variation by Midland Nationa^{III} Life Insurance Company, West Des Moines, IA. This product, its features and riders may not be available in all states.

25378Y Page 1 of 10 REV 11-17

The MNL Savers Income 7 is a flexible premium deferred fixed index annuity from Midland National Life Insurance Company which offers lifetime income through Lifetime Payment Amounts (LPA). The MNL Savers Income 7 accumulates interest in the following ways: A) based on the change in the Index Account during each contract year, without the risk of losing premium due to market volatility, and/or B) a traditional Fixed Account. Those individuals who intend to take withdrawals prior to utilizing the Guaranteed Lifetime Withdrawal Benefit (GLWB) may not receive the full benefit of the (GLWB) feature.

Fixed Account

The portion of premium allocated to this account will earn the current Fixed Account interest rate. This rate will be guaranteed for the first contract year and the rate for future contract years will be declared annually thereafter at the Company's discretion. This rate will never fall below the Minimum Guaranteed Fixed Account Interest Rate of 0.25%. Ask your sales representative for the current interest rate.

Index Account

The Index Account is the portion of your premium that you determine will earn interest based on one or more of the following crediting methods:

- Annual Point-to-Point Crediting Method with Index Cap Rate
- Annual Point-to-Point Crediting Method with Participation Rate
- Annual Point-to-Point Crediting Method with Index Margin
- · Performance Trigger with Declared Performance Rate

Please see the MNL Savers Income 7 product brochure for specific details regarding these crediting methods.

Ask your sales representative for the current Index Cap Rates, Index Margins, Participation Rates, and Declared Performance Rates

Index Margin

The Index Margin is subtracted from any index gain to determine any Interest Credit. For the Annual Point-to-Point with Index Margin Index Account option, the Index Margin is subtracted on each contract anniversary. It is guaranteed for the first year and declared annually thereafter at the Company's discretion. The maximum Index Margin is 15% for the Annual Point-to Point with Index Margin Index Account.

Index Cap Rate

The Index Cap Rate is an upper limit used to determine Interest Credits. The Index Cap Rate applies to the Annual Point-to-Point with Index Cap Rate Index Account option. It will always be declared on the Contract Anniversary by the Company at their discretion and is guaranteed for the following contract year. The Index Cap Rate may change annually. However, at no time will the Index Cap Rate be less than 0.50%.

Participation Rate

The Participation Rate is the percentage of any index gain that will be credited to the Contract as the Interest Credit to the Annual Point-to-Point with Participation Rate Index Account option. The rate is guaranteed for the first year and declared annually thereafter at the Company's discretion, never to be less than 5% for Annual Point-to-Point with Participation Rate Index Account.

Performance Trigger

The Performance Trigger (or Annual Declared Rate Performance Option) credits a Declared Performance Rate of interest when the index stays the same or goes up throughout the year. This Declared Performance Rate may be changed by the Company at their discretion annually and will never fall below the minimum guaranteed rate of 1%.

Accumulation Value

Your Accumulation Value is equal to 100% of premium, plus any fixed and index account interest earned, minus withdrawals. The Accumulation Value is used to determine the Death Benefit as well as penalty-free withdrawals.

Surrender Value

The Surrender Value is the amount that is available at the time of surrender. The Surrender Value is equal to the Accumulation Value, subject to the Market Value Adjustment (if any), less applicable surrender charges, and state premium taxes where applicable.

The Minimum Surrender Value will never be less than 87.5% of all premiums less any partial surrenders (after Market Value Adjustment or reduction for surrender charges); accumulated at 1.00%, or otherwise directed by your Contract.

Payment of Commission

Midland National will pay a sales commission in connection with the sale of this product. This commission is one of many costs which Midland National considers and factors into the product's design and policy performance, including setting the guaranteed rates in the Contract and the manner in which nonguaranteed benefits may be offered. One-hundred percent of your premium deposit will be credited to your account, and no deductions from your premium payment or from your account value will be made due to the payment of this sales commission.

Midland National may enter into written sales agreements with other financial institutions ("selling firms") for the sale of the Contract. The selling firms and their representatives are independent of Midland National. In this case, the selling firms are responsible for evaluating product proposals or recommendations independently and for exercising independent judgment about these proposals. Midland National pays selling firms all or a portion of the commissions received for their sales of the Contract.

SURRENDER CHARGES AND MARKET VALUE ADJUSTMENT

Please read the following information and sign the last page of this disclosure to acknowledge your understanding that Surrender Charges and Market Value Adjustments will apply when withdrawals are taken from your Contract during the Surrender Charge Period.

Surrender Charges

A surrender charge is assessed on any amount withdrawn, whether as a partial withdrawal or full surrender, that is in excess of the penalty-free amount. I also understand surrenders and surrender charges assessed will have a negative impact on future lifetime income. A surrender during the surrender charge period may result in a loss of premium.

The Surrender Charges that apply for each Contract Year are based on the state where your Contract is issued and are shown as follows:

For contracts issued in all states other than those specifically listed below:

Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7
7%	6%	5%	4%	3%	2%	1%

Surrender charges allow the Company to invest long-term, and in turn, generally credit higher yields.

Surrender charges and Market Value Adjustments on IRS-Required Minimum Distributions that exceed the 5% penalty-free amount are waived by current company practice*.

*A feature offered "by current company practice" is not a contractual guarantee of this annuity Contract and can be removed or changed at any time.

Market Value Adjustment

The MNL Savers Income 7 includes a Market Value Adjustment that is applied only during the surrender charge period to full surrenders and to any partial surrender in excess of the applicable penalty-free partial surrender amount. This adjustment may decrease or increase the Surrender Value or partial surrender depending on the change in the Index Value of the Market Value Adjustment External Index during the period since you purchased this annuity. Lower interest rates at time of issue may result in less opportunity for a positive Market Value Adjustment in future contract years. In certain rate scenarios at the time of issue, it may not be possible to experience a positive Market Value Adjustment.

Example of Market Value Adjustment (MVA) Formula

The Market Value Adjustment will be calculated by multiplying the portion of any full or partial surrender that exceeds any available penalty-free withdrawal amount before the reduction for any surrender charge by the formula* described below

*The Market Value Adjustment Factor is: $(i_0$ - $i_t)$ x (T)

In all states except those listed to the right the key below applies:

i₀ = The Index Value of the Market Value Adjustment External Index on the issue date of the annuity Contract.

i, = The Index Value of the Market Value Adjustment External Index at the time of partial or full surrender.

T = Time in years as follows: number of days from the date of the partial or full surrender to the end of the current contract year divided by 365; plus whole number of years remaining in the market value adjustment period.

In all states except California, the amount of the Market Value Adjustment will never exceed the lesser of a) the total interest credited to the Accumulation Value since issue, less the sum of the absolute values of all Market Value Adjustments on prior partial surrenders (i.e. all adjustments positive or negative added together), or b) the applicable surrender charge.

In California, the amount of the Market Value Adjustment will never exceed the lesser of a) the applicable surrender charge or b) 0.50% of the Accumulation Value at the time of the surrender.

See the "Understanding the Market Value Adjustment" brochure for more information.

GUARANTEED LIFETIME WITHDRAWAL BENEFIT (GLWB) FEATURE

Please read the following information and sign the last page of this disclosure to acknowledge your understanding of purchasing this annuity product with the purpose of generating a lifetime income sometime in the future.

What is the Guaranteed Lifetime Withdrawal Benefit (GLWB)

This Guaranteed Lifetime Withdrawal Benefit feature provides you with a way to receive income payments for life without incurring a surrender charge or Market Value Adjustment.

When income is started by initiating the GLWB feature, you may modify, start and stop income payments under the GLWB feature. When an annuity payout option is elected this income flexibility is not available nor can you utilize the GLWB feature.

Your premium will accumulate as the GLWB Value does and can provide you with a guaranteed lifetime income stream. The withdrawal amount is based on the Annuitant's age, the current GLWB Value and LPA option elected at the time you elect to begin lifetime income. The Lifetime Payment Amount (LPA) is available even if your annuity's Accumulation Value and GLWB Value are reduced to zero, provided no excess withdrawals are taken. You will need to notify us in writing to begin lifetime income payments.

If you elect the level LPA option, your LPA will not increase. If you elect the increasing LPA option, your LPA may increase each year based on the weighted average percentage change in the fixed and indexed accounts.

The Lifetime Payment Amount may be reduced if total partial surrenders (including penalty-free withdrawals) during a contract year exceed the GLWB Value Partial Surrender Allowance.

By current company practice*, if you are taking LPAs and the Required Minimum Distribution (RMD) for this contract exceeds your LPA, we will allow withdrawal of the RMD without reducing your LPA.

*A feature offered "by current company practice" is not a contractual guarantee of this annuity Contract and can be removed or changed at any time.

Will I be taxed on income payments?

Please see your tax advisor. Under current tax law, income payments from this Lifetime Benefit feature may be taxed as ordinary income. Additionally, if taken prior to 59½, income payments may be subject to 10% IRS penalty tax.

GLWB Stacking Roll-Up Credit

A 3% GLWB Stacking Roll-Up Credit may be added to the GLWB Value on each Contract Anniversary during the first 20 contract years. The GLWB Stacking Roll-Up credits compound annually, allowing for greater growth opportunity. On each Contract Anniversary during the first 20 contract years, the current GLWB Value may be increased by 3% of the GLWB value plus 100% of dollar amount of any interest credited (either Fixed or Index Interest Credits) to the Accumulation Value. In contract years when a withdrawal is taken, no GLWB Stacking Roll-Up Credit will apply, unless the withdrawal is used to satisfy a Required Minimum Distribution (RMD). This credit ends once you elect to begin lifetime income.

What is the GLWB Value?

The GLWB Value is only used as the basis for calculating your Lifetime Payment Amount (LPA). It is not part of your annuity's Accumulation Value or a Death Benefit, and is only used to calculate the income available to you if you use the GLWB feature. This value cannot be taken as a surrender. Your initial GLWB Value is the initial premium. This value is increased by the GLWB Stacking Roll Up Credits described above, as well as subsequent premiums. Please note that all withdrawals (including lifetime income payments, also known as LPAs) will reduce both your Accumulation Value and your GLWB Value.

What happens if I should die?

Your GLWB Value is not paid out as a Death Benefit.

Individual Annuitant

Upon the death of an individual annuitant, the GLWB feature will terminate. If the annuitant is the contract owner and the spouse is the sole beneficiary, the Contract may be continued under a Spousal Continuation provision, if applicable.

Joint Annuitants

Upon the death of the first joint annuitant, the GLWB will continue when the contract continues and there will be no change to the Lifetime Payment Amount. Upon the death of the second joint annuitant, the GLWB will terminate.

Transfer Options

You may elect to transfer your values between the Fixed Account and Index Account options. You may also elect to transfer between crediting methods within the Index Account options on an annual basis for all annual crediting method options. By current company practice*, you will have 30 days following each Contract Anniversary to reallocate. Transfers are not allowed until your first contract anniversary. Based on current tax laws, transfers between options will not be taxable or subject to surrender penalties. Please refer to your MNL Savers Income 7 Additional Benefits Specifications Page, found in your Contract, for minimum transfer amounts.

Death Benefit

The Death Benefit is payable upon the death of the first owner, unless the sole beneficiary is the owner's spouse and he or she elects to continue this contract under its spousal continuance provisions. If there are joint annuitants, and an annuitant who is not also the contract's owner dies, the death benefit will be paid upon the death of the second annuitant.

The Death Benefit equals the Accumulation Value plus potential interest credits for the partial contract year as of the date of death. The calculation of the death benefit will vary depending on the Index Accounts to which the Accumulation Value is allocated at the time of death. The beneficiary may choose to receive the Death Benefit in either a lump sum or a series of income payments.

A death benefit is not available if an annuity payout option has been elected.

NOTE: The GLWB Value is not available as a Death Benefit

Subsequent Premiums

All subsequent premiums will be credited a fixed interest rate until the next Contract Anniversary. This interest rate will be declared at the time the subsequent premium is received. On each Contract Anniversary, Midland National will allocate any premium received since the prior Contract Anniversary according to your most recent instructions.

LIQUIDITY FEATURES

Certain withdrawals before age 59½ may be subject to a 10% IRS penalty. Exercising the Penalty-free withdrawals or Annuity Payout Options explained below will impact future income payments of the Guaranteed Lifetime Withdrawal Benefit feature.

Penalty-Free Withdrawals

Once per year after the first Contract Anniversary, you may take a penalty-free withdrawal (also known as a Penalty-Free Partial Surrender), without surrender charges or Market Value Adjustment, of up to 5% of your Accumulation Value. If you take a withdrawal it will result in a reduction of your Accumulation Value and GLWB Value. Please review the GLWB section for details on how the penalty-free withdrawals may impact your income payments.

Nursing Home Confinement Waiver For Connecticut, known as the Free Withdrawal Benefit for Nursing Home Confinement Rider:

After the first Contract Anniversary, if the annuitant becomes confined to a qualified nursing home facility for at least 90 consecutive days, we will increase the penalty-free withdrawal amount by 100% of the Accumulation Value each year while the annuitant is confined. This waiver is available for all issue ages and is automatically included with your annuity at no additional charge.

Required Minimum Distributions

By current company practice*, Required Minimum Distributions (RMD) that exceed the 5% penalty-free amount may be withdrawn without a surrender charge or Market Value Adjustment

Annuity Payout Options

In all states except **Florida**, you may select an annuity payout option at any time. If selected during the Surrender Charge period, your payout will be based on the Surrender Value. Available payout options include Life Income, Life Income with Period Certain, Joint and Survivor Life Income and Income for a Specified Period or Amount.

By current company practice*, you may receive an income from the Accumulation Value after the first contract year (without surrender charges or Market Value Adjustment) if you choose a Life Income Option. You can also receive an income based on the Accumulation Value if your annuity has been inforce for at least five years and you elect to receive payments over at least a five year period.

For **Florida**:

You may select an annuity payout option based on the Accumulation Value at any time after the first contract year. Available payout options include Life Income, Life Income with a 10-Year or 20-Year Period Certain, Joint and Survivor Life Income and Joint and Survivor with a 10-Year or 20-Year Period Certain.

Once a payout option is elected it cannot be changed and all other rights and benefits under the annuity end. The GLWB feature of this annuity will terminate upon electing an annuity payout option.

^{*}A feature offered "by current company practice" is not a contractual guarantee of this annuity Contract and can be removed or changed at any time.

Additional Information

The MNL Savers Income 7 is not a registered security, does not directly participate in stock or equity investments. Applicable index returns do not include dividends. Past index performance is not intended to predict future performance. Under current law, annuities grow tax-deferred. Annuities may be subject to taxation during the income or withdrawal phase. The tax-deferred feature is not necessary for a tax qualified retirement account. If purchasing this annuity as a qualified retirement account, you should consider whether other features, such as the GLWB future income and Death Benefit features, lifetime annuity payments and other riders will help meet your needs. Before purchasing this contract you should obtain competent advice as to tax treatment of the contract. Neither Midland National, nor any agents acting on its behalf in the sale of this product, should be viewed as providing legal, tax or securities advice.

Index Account Calculations

The following hypothetical examples are provided as a general explanation of how the Annual Point-to-Point Crediting Option is calculated and how interest may be credited under three scenarios. These examples assume: initial premium of \$10,000, a beginning index value of 1000 for the S&P 500®, an Annual Point to Point Index Cap Rate of 5% and no withdrawals

Annual Point-To-Point With Index Cap Rate (APP Cap) Crediting Method:

This crediting method measures the index growth using two points in time in the contract year; the beginning index value and the ending index value. Index linked gains are calculated based on the difference between these two values. The index growth, if any, is then subject to an Index Cap Rate. The annual Index Credit will never be less than zero, and will not be more than the Index Cap Rate. Index growth is calculated as follows:

Index Return = Ending Index Value - Beginning Index Value

Beginning Index Value

Index Credit = (Index Return, not to exceed Index Cap Rate) x Initial Premium

Index Account Value = Initial Premium + Index Credit

	SCENARIO A: Above Average Return	SCENARIO B: Average Return	SCENARIO C: Negative Return
Index Return =	$\frac{1,200 - 1,000}{1,000} = 20\%^*$	$\frac{1,040 - 1,000}{1,000} = 4\%^*$	$\frac{900 - 1,000}{1,000} = -10\%^{**}$
Index Credit =	(0.05) x \$10,000 = \$500	(0.04) x \$10,000 = \$400	(0.0) x \$10,000 = \$0**
Index Account Value =	\$10,000 + \$500 = \$10,500	\$10,000 + \$400 = \$10,400	\$10,000 + \$0 = \$10,000

^{*} Cannot exceed the Annual Point-to-Point Index Cap Rate. **The Index Credit will never be less than zero.

Minimum Surrender Value

(Hypothetical example assumes an annuity contract with a 7-year surrender charge schedule and an initial premium of \$10,000, and no withdrawals):

End of

Yr 1: \$8,837.50 **Yr 3**: \$9,015.13 **Yr 5**: \$9,196.33 **Yr 7**: \$9,381.18

Yr 2: \$8,925.87 **Yr 4**: \$9,105.28 **Yr 6**: \$9,288.30

3. DISCLOSURES / ACKNOWLEDGMENTS

- I fully assign and transfer all claims, options, privileges, rights, title and interest to either all of the life insurance policy, all of the annuity contract or part of the annuity contract value identified in the Contract Information section on page 1 to the receiving company. The sole purpose of this assignment is to effect a tax-free exchange under Section 1035(a) of the Internal Revenue Code. All of the powers, elections, appointments, options and rights I have as owner of the contract, including the right to surrender, are now exercisable by the receiving company. Simultaneous with a full assignment, I also revoke all existing beneficiary designations under the Assigned Policy. Other than the above mentioned owner, no person, firm, or corporation other than myself and the insurer that issued the above numbered policy, has an interest in said policy. No proceedings in insolvency or bankruptcy have been instituted by or against me. I understand that the receiving company intends to surrender the contract for the cash value; or if this is a partial exchange, the portion assigned, subject to its terms and conditions, and to use the proceeds as the purchase payment for the new contract to be issued by the receiving company. I authorize the surrendering company to send the proceeds directly to the receiving company and understand that fees and surrender charges may apply. This exchange is subject to acceptance by the receiving company. Neither the receiving company nor the surrendering company is liable or responsible for changes in market value that may occur after the surrendering company has processed the transaction and before the proceeds are received by the receiving company in good order and allocated to the new contract. Prior to the date of receipt of the proceeds by the receiving company, no value will accrue or be earned on the receiving company contract.
- II. If this is a partial exchange, I understand that it is subject to Revenue Ruling 2003-76, which dictates how much of the original contract's cost basis must be allocated to the new contract. The cost basis should be allocated ratably between the two contracts based on the percentage of the value retained in the original contract and the percentage of the value transferred to the new contract. For example, if the contract value is \$100,000 and basis is \$50,000, and I assign 30% for a partial exchange, then \$15,000 (30% of \$50,000) of the basis would be applied to the new contract. I understand that the IRS has raised concerns about annuity contract owners using partial exchanges to avoid income tax, and I certify that I am not entering into this transaction for the purpose of reducing or avoiding income tax or the 10% penalty tax for early withdrawals.

I expressly represent that the sole purpose is to effect a partial 1035 exchange of an annuity contract. However, I acknowledge that Revenue Procedure 2011-38 states that withdrawals from annuitization, taxable owner or annuitant changes, or surrenders, other than an amount received as an annuity for a period of 10 years or more or during one or more lives, of either the original contract or the new contract during the 180 day period following the partial exchange, may affect the tax free status of the partial exchange.

Note: Other exceptions may apply and a subsequent direct transfer of all or a portion of either contract involved in the exchange could have tax and tax reporting consequences. Please consult your tax advisor. Please confirm with the carrier if they will support partial 1035 exchanges.

I acknowledge that the receiving company has made no representations concerning any tax treatment of this transaction. I understand that the receiving company has neither responsibility nor liability for the validity of this transaction or for my treatment under Section 1035(a) of the Internal Revenue Code or otherwise. Therefore, I agree to release and hold harmless the receiving company and its agents from any and all liability arising from, relating to, or in connection with, the taxation of a partial exchange of the above listed contract. I authorize the receiving company and the surrendering institution to share information necessary to maintain accurate records of the annuity cost basis and to ensure proper withholding and tax reporting. I have been directed to consult my tax or legal advisor before proceeding.

- III. I authorize the receiving company to rely upon the cost basis information provided by the surrendering company, but agree that the receiving company will assume no responsibility for determining or verifying cost basis. If cost basis is not provided, I acknowledge that more restrictive or less beneficial tax rules may apply to the amounts transferred. I acknowledge that the receiving company provides this form and participates in this transaction as an accommodation to me. The receiving company does not give tax or legal advice on the tax consequences for replacing one contract for another, and assumes no responsibility or liability for the validity of this assignment or for the tax treatment of this exchange under IRC Section 1035(a) or other laws or regulations.
- IV. I agree that if the receiving company, in its sole discretion, determines that it is unlikely to receive timely payment of the full contract cash surrender values, the receiving company may reassign ownership of the policy/contract back to me.
- V. RETURN OF LIFE INSURANCE POLICY OR ANNUITY CONTRACT Does not apply to partial 1035 exchanges on annuity contracts. Unless the surrendering company's policy or contract is attached, I affirm that the policy or contract has been destroyed or lost and that reasonable effort has been made to locate it. To the best of my knowledge no one else has any right, title or interest in the contract, nor has it been assigned, pledged or encumbered, unless this is a life insurance policy with a loan to carry forward.
- VI. MAXIMUM ISSUE AGE DISCLOSURE An annuity contract may not be issued should the funding requirements be received after reaching maximum issue age for the annuity contract applied for. If the funds are received after the maximum issue age, the contract may be rejected and the funds returned to their original source. The surrendering company may or may not take the funds back, which could result in a taxable event.
- VII. NON-QUALIFIED TRANSFER OF FUNDS (NON 1035 EXCHANGE) The receiving company will apply all such funds received to an annuity contract issued to me. I understand that the receiving company assumes no responsibility for tax treatment of this matter and I shall be responsible for payment of all federal, state and local taxes incurred with respect to the liquidation of such account. I acknowledge that the earnings credited under the annuity contract will begin to accrue when the receiving company receives these proceeds and all other necessary paperwork in good order. For index annuities, fixed account interest under the annuity contract will begin to accrue on the next Issue Day.
- VIII. TRANSFER / EXCHANGE OF FUNDS INTO A TSA/403(B) The TSA/403(b) owner / participant's employer or employer's third-party administrator must authorize and sign this transfer request in Section 5.
 - Authorization for a TSA/403(b) transfer / exchange to a TSA/403(b): This request is for the direct transfer / exchange of non-ERISA funds from the TSA/403(b) (annuity contract) or 403(b)(7) (custodial account) identified in Section 1 of this form to a TSA/403(b) (annuity contract) established on my behalf by the receiving company. I hereby agree to surrender my interest as indicated above and authorize the receiving company to take whatever action necessary to effect this transfer / exchange. I acknowledge that the transferred / exchanged funds shall be subject to the more stringent restrictions on distributions found in either the predecessor annuity contract or the receiving annuity contract. I intend this transaction to be a 403(b) transfer / exchange of funds pursuant to IRC section 403(b) and the final regulations. The transfer / exchange is to be executed from financial institution to financial institution in such a manner that it will not place me in actual or constructive receipt of all or any part of the transferred / exchanged funds. Because this transaction constitutes a direct rollover / transfer / exchange of funds and not a distribution, withholding does not apply. (Provide the receiving company with any records or documents they may request with respect to this transfer / exchange.)
 - IX. The IRS has provided limited guidance on the tax consequences of transferring a life insurance policy with values less than the investment in the contract to a new or existing annuity contract. If the owner surrenders the newly acquired annuity contract, it's not clear whether the annuity losses are fully deductible against ordinary income or deductible as a miscellaneous deduction subject to a limitation of 2% of adjusted gross income (AGI). If the IRS views the two transactions as a single integrated transaction, they could consider it a step transaction and successfully disallow the losses as a tax deduction.

NOTICE REGARDING REPLACEMENT OF LIFE INSURANCE AND ANNUITIES

You have indicated that you intend to replace existing life insurance or annuity coverage in connection with the purchase of our life insurance or annuity policy. As a result, we are required to send you this notice. Please read it carefully.

Whether it is to your advantage to replace your existing insurance or annuity coverage, only you can decide. It is in your best interest, however, to have adequate information before a decision to replace your present coverage becomes final so that you may understand the essential features of the proposed policy and your existing insurance or annuity coverage.

You may want to contact your existing life insurance or annuity company or its agent for additional information and advice or discuss your purchase with other advisors. Your existing company will provide this information to you. The information you receive should be of value to you in reaching a final decision.

If either the proposed coverage or the existing coverage you intend to replace is participating, you should be aware that dividends may materially reduce the cost of insurance and are an important factor to consider. Dividends, however, are not guaranteed.

You should recognize that a policy which has been in existence for a period of time may have certain advantages to you over a new policy. If the policy coverages are basically similar, the premiums for a new policy may be higher because rates increase as your age increases. Under your existing policy, the period of time during which the issuing company could contest the policy because of a material misrepresentation or omission concerning the medical information requested in your application, or deny coverage for death caused by suicide, may have expired or may expire earlier than it will under the proposed policy. Your existing policy may have options which are not available under the policy being proposed to you or may not come into effect under the proposed policy until a later time during your life. Also, your proposed policy's cash values and dividends, if any, may grow slower initially because the company will incur the cost of issuing your new policy. On the other hand, the proposed policy may offer advantages which are more important to you.

If you are considering borrowing against your existing policy to pay the premiums on the proposed policy, you should understand that in the event of your death, the amount of any unpaid loan, including unpaid interest, will be deducted from the benefits of your existing policy thereby reducing your total insurance coverage.

After we have issued your policy, you will have 20 days from the date the new policy is received by you to notify us you are cancelling the policy issued on your application and you will receive back all payments you made to us.

You are urged not to take action to terminate or alter your existing life insurance or annuity coverage until you have been issued the new policy, examined it and have found it acceptable to you.

I have received and read a copy of this Replacement Notice and the agent has provided me with copies of all materials used in this sale.
