Owner's Beneficiary Designation² - In the event of the owner's death, death benefit proceeds are payable to the owner's primary beneficiary. If there are joint owners, the death benefit is payable upon the first death. If there are joint owners, the surviving joint owner, if any, will be the designated primary beneficiary unless otherwise specified below. Note: Complete the Owner's Primary Beneficiary Section if you want to name someone other than the surviving owner to receive 100% of the death benefit. If the owner's primary beneficiary is no longer living at the time of the owner's death, the owner's contingent beneficiary will receive the death benefit proceeds.

Please designate if you want the beneficiary designation to be Per Stirpes or Per Capita. If an election is not made then by default it will be Per Capita. Per Stirpes designations require a listing of the children on a separate sheet of paper that is signed and dated. The list must include the children's names, addresses, phone numbers, dates of birth and social security numbers.

- Per Stirpes definition: A common way of distributing proceeds where if one or more beneficiaries has died, his or her children share equally in his or her share of the proceeds.
- Per Capita definition: Proceeds are split amongst the beneficiaries that survive the owner/annuitant. If one of the beneficiaries does not survive the owner/annuitant then the remaining beneficiaries receive the proceeds split equally.

Annuity Disclosure Statement

Thank you for your interest in the MNL SaversSM Income 7 Annuity from Midland National[®] Life Insurance Company. It is important for you to read and understand this summary before you decide to purchase the annuity. This summary will help you understand the features of the annuity and determine if it will help you meet your financial goals. Once you have read this summary, please sign pages 8 and 10 to confirm that you understand the annuity and submit this document with your application for the annuity. *Refer to the Contract for complete details*.

This Annuity Disclosure Statement must be signed by the applicant and agent, then return the Home Office copy to Midland National Life Insurance Company, Annuity Division with the application.

4350 Westown Parkway, West Des Moines, IA 50266 Phone: (877) 586-0240 • www.MidlandNational.com

The MNL SaversSM Income 7 is issued on form ICC16-AS147A (certificate/contract), ICC16-AR226A, ICC15-AR311A, ICC15-AR314A, ICC15-AR316A, ICC15-AR317A, ICC16-AR318A and ICC16-AR323A (riders/endorsements) or appropriate state variation by Midland Nationa^{III} Life Insurance Company, West Des Moines, IA. This product, its features and riders may not be available in all states.

25378Y Page 1 of 10 REV 11-17

The MNL Savers Income 7 is a flexible premium deferred fixed index annuity from Midland National Life Insurance Company which offers lifetime income through Lifetime Payment Amounts (LPA). The MNL Savers Income 7 accumulates interest in the following ways: A) based on the change in the Index Account during each contract year, without the risk of losing premium due to market volatility, and/or B) a traditional Fixed Account. Those individuals who intend to take withdrawals prior to utilizing the Guaranteed Lifetime Withdrawal Benefit (GLWB) may not receive the full benefit of the (GLWB) feature.

Fixed Account

The portion of premium allocated to this account will earn the current Fixed Account interest rate. This rate will be guaranteed for the first contract year and the rate for future contract years will be declared annually thereafter at the Company's discretion. This rate will never fall below the Minimum Guaranteed Fixed Account Interest Rate of 0.25%. Ask your sales representative for the current interest rate.

Index Account

The Index Account is the portion of your premium that you determine will earn interest based on one or more of the following crediting methods:

- Annual Point-to-Point Crediting Method with Index Cap Rate
- Annual Point-to-Point Crediting Method with Participation Rate
- Annual Point-to-Point Crediting Method with Index Margin
- · Performance Trigger with Declared Performance Rate

Please see the MNL Savers Income 7 product brochure for specific details regarding these crediting methods.

Ask your sales representative for the current Index Cap Rates, Index Margins, Participation Rates, and Declared Performance Rates

Index Margin

The Index Margin is subtracted from any index gain to determine any Interest Credit. For the Annual Point-to-Point with Index Margin Index Account option, the Index Margin is subtracted on each contract anniversary. It is guaranteed for the first year and declared annually thereafter at the Company's discretion. The maximum Index Margin is 15% for the Annual Point-to Point with Index Margin Index Account.

Index Cap Rate

The Index Cap Rate is an upper limit used to determine Interest Credits. The Index Cap Rate applies to the Annual Point-to-Point with Index Cap Rate Index Account option. It will always be declared on the Contract Anniversary by the Company at their discretion and is guaranteed for the following contract year. The Index Cap Rate may change annually. However, at no time will the Index Cap Rate be less than 0.50%.

Participation Rate

The Participation Rate is the percentage of any index gain that will be credited to the Contract as the Interest Credit to the Annual Point-to-Point with Participation Rate Index Account option. The rate is guaranteed for the first year and declared annually thereafter at the Company's discretion, never to be less than 5% for Annual Point-to-Point with Participation Rate Index Account.

Performance Trigger

The Performance Trigger (or Annual Declared Rate Performance Option) credits a Declared Performance Rate of interest when the index stays the same or goes up throughout the year. This Declared Performance Rate may be changed by the Company at their discretion annually and will never fall below the minimum guaranteed rate of 1%.

Accumulation Value

Your Accumulation Value is equal to 100% of premium, plus any fixed and index account interest earned, minus withdrawals. The Accumulation Value is used to determine the Death Benefit as well as penalty-free withdrawals.

Surrender Value

The Surrender Value is the amount that is available at the time of surrender. The Surrender Value is equal to the Accumulation Value, subject to the Market Value Adjustment (if any), less applicable surrender charges, and state premium taxes where applicable.

The Minimum Surrender Value will never be less than 87.5% of all premiums less any partial surrenders (after Market Value Adjustment or reduction for surrender charges); accumulated at 1.00%, or otherwise directed by your Contract.

Payment of Commission

Midland National will pay a sales commission in connection with the sale of this product. This commission is one of many costs which Midland National considers and factors into the product's design and policy performance, including setting the guaranteed rates in the Contract and the manner in which nonguaranteed benefits may be offered. One-hundred percent of your premium deposit will be credited to your account, and no deductions from your premium payment or from your account value will be made due to the payment of this sales commission.

Midland National may enter into written sales agreements with other financial institutions ("selling firms") for the sale of the Contract. The selling firms and their representatives are independent of Midland National. In this case, the selling firms are responsible for evaluating product proposals or recommendations independently and for exercising independent judgment about these proposals. Midland National pays selling firms all or a portion of the commissions received for their sales of the Contract.

SURRENDER CHARGES AND MARKET VALUE ADJUSTMENT

Please read the following information and sign the last page of this disclosure to acknowledge your understanding that Surrender Charges and Market Value Adjustments will apply when withdrawals are taken from your Contract during the Surrender Charge Period.

Surrender Charges

A surrender charge is assessed on any amount withdrawn, whether as a partial withdrawal or full surrender, that is in excess of the penalty-free amount. I also understand surrenders and surrender charges assessed will have a negative impact on future lifetime income. A surrender during the surrender charge period may result in a loss of premium.

The Surrender Charges that apply for each Contract Year are based on the state where your Contract is issued and are shown as follows:

For contracts issued in all states other than those specifically listed below:

Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7
7%	6%	5%	4%	3%	2%	1%

Surrender charges allow the Company to invest long-term, and in turn, generally credit higher yields.

Surrender charges and Market Value Adjustments on IRS-Required Minimum Distributions that exceed the 5% penalty-free amount are waived by current company practice*.

*A feature offered "by current company practice" is not a contractual guarantee of this annuity Contract and can be removed or changed at any time.

Market Value Adjustment

The MNL Savers Income 7 includes a Market Value Adjustment that is applied only during the surrender charge period to full surrenders and to any partial surrender in excess of the applicable penalty-free partial surrender amount. This adjustment may decrease or increase the Surrender Value or partial surrender depending on the change in the Index Value of the Market Value Adjustment External Index during the period since you purchased this annuity. Lower interest rates at time of issue may result in less opportunity for a positive Market Value Adjustment in future contract years. In certain rate scenarios at the time of issue, it may not be possible to experience a positive Market Value Adjustment.

Example of Market Value Adjustment (MVA) Formula

The Market Value Adjustment will be calculated by multiplying the portion of any full or partial surrender that exceeds any available penalty-free withdrawal amount before the reduction for any surrender charge by the formula* described below

*The Market Value Adjustment Factor is: $(i_0$ - $i_t)$ x (T)

In all states except those listed to the right the key below applies:

i₀ = The Index Value of the Market Value Adjustment External Index on the issue date of the annuity Contract.

i, = The Index Value of the Market Value Adjustment External Index at the time of partial or full surrender.

T = Time in years as follows: number of days from the date of the partial or full surrender to the end of the current contract year divided by 365; plus whole number of years remaining in the market value adjustment period.

In all states except California, the amount of the Market Value Adjustment will never exceed the lesser of a) the total interest credited to the Accumulation Value since issue, less the sum of the absolute values of all Market Value Adjustments on prior partial surrenders (i.e. all adjustments positive or negative added together), or b) the applicable surrender charge.

In California, the amount of the Market Value Adjustment will never exceed the lesser of a) the applicable surrender charge or b) 0.50% of the Accumulation Value at the time of the surrender.

See the "Understanding the Market Value Adjustment" brochure for more information.

GUARANTEED LIFETIME WITHDRAWAL BENEFIT (GLWB) FEATURE

Please read the following information and sign the last page of this disclosure to acknowledge your understanding of purchasing this annuity product with the purpose of generating a lifetime income sometime in the future.

What is the Guaranteed Lifetime Withdrawal Benefit (GLWB)

This Guaranteed Lifetime Withdrawal Benefit feature provides you with a way to receive income payments for life without incurring a surrender charge or Market Value Adjustment.

When income is started by initiating the GLWB feature, you may modify, start and stop income payments under the GLWB feature. When an annuity payout option is elected this income flexibility is not available nor can you utilize the GLWB feature.

Your premium will accumulate as the GLWB Value does and can provide you with a guaranteed lifetime income stream. The withdrawal amount is based on the Annuitant's age, the current GLWB Value and LPA option elected at the time you elect to begin lifetime income. The Lifetime Payment Amount (LPA) is available even if your annuity's Accumulation Value and GLWB Value are reduced to zero, provided no excess withdrawals are taken. You will need to notify us in writing to begin lifetime income payments.

If you elect the level LPA option, your LPA will not increase. If you elect the increasing LPA option, your LPA may increase each year based on the weighted average percentage change in the fixed and indexed accounts.

The Lifetime Payment Amount may be reduced if total partial surrenders (including penalty-free withdrawals) during a contract year exceed the GLWB Value Partial Surrender Allowance.

By current company practice*, if you are taking LPAs and the Required Minimum Distribution (RMD) for this contract exceeds your LPA, we will allow withdrawal of the RMD without reducing your LPA.

*A feature offered "by current company practice" is not a contractual guarantee of this annuity Contract and can be removed or changed at any time.

Will I be taxed on income payments?

Please see your tax advisor. Under current tax law, income payments from this Lifetime Benefit feature may be taxed as ordinary income. Additionally, if taken prior to 59½, income payments may be subject to 10% IRS penalty tax.

GLWB Stacking Roll-Up Credit

A 3% GLWB Stacking Roll-Up Credit may be added to the GLWB Value on each Contract Anniversary during the first 20 contract years. The GLWB Stacking Roll-Up credits compound annually, allowing for greater growth opportunity. On each Contract Anniversary during the first 20 contract years, the current GLWB Value may be increased by 3% of the GLWB value plus 100% of dollar amount of any interest credited (either Fixed or Index Interest Credits) to the Accumulation Value. In contract years when a withdrawal is taken, no GLWB Stacking Roll-Up Credit will apply, unless the withdrawal is used to satisfy a Required Minimum Distribution (RMD). This credit ends once you elect to begin lifetime income.

What is the GLWB Value?

The GLWB Value is only used as the basis for calculating your Lifetime Payment Amount (LPA). It is not part of your annuity's Accumulation Value or a Death Benefit, and is only used to calculate the income available to you if you use the GLWB feature. This value cannot be taken as a surrender. Your initial GLWB Value is the initial premium. This value is increased by the GLWB Stacking Roll Up Credits described above, as well as subsequent premiums. Please note that all withdrawals (including lifetime income payments, also known as LPAs) will reduce both your Accumulation Value and your GLWB Value.

What happens if I should die?

Your GLWB Value is not paid out as a Death Benefit.

Individual Annuitant

Upon the death of an individual annuitant, the GLWB feature will terminate. If the annuitant is the contract owner and the spouse is the sole beneficiary, the Contract may be continued under a Spousal Continuation provision, if applicable.

Joint Annuitants

Upon the death of the first joint annuitant, the GLWB will continue when the contract continues and there will be no change to the Lifetime Payment Amount. Upon the death of the second joint annuitant, the GLWB will terminate.

Transfer Options

You may elect to transfer your values between the Fixed Account and Index Account options. You may also elect to transfer between crediting methods within the Index Account options on an annual basis for all annual crediting method options. By current company practice*, you will have 30 days following each Contract Anniversary to reallocate. Transfers are not allowed until your first contract anniversary. Based on current tax laws, transfers between options will not be taxable or subject to surrender penalties. Please refer to your MNL Savers Income 7 Additional Benefits Specifications Page, found in your Contract, for minimum transfer amounts.

Death Benefit

The Death Benefit is payable upon the death of the first owner, unless the sole beneficiary is the owner's spouse and he or she elects to continue this contract under its spousal continuance provisions. If there are joint annuitants, and an annuitant who is not also the contract's owner dies, the death benefit will be paid upon the death of the second annuitant.

The Death Benefit equals the Accumulation Value plus potential interest credits for the partial contract year as of the date of death. The calculation of the death benefit will vary depending on the Index Accounts to which the Accumulation Value is allocated at the time of death. The beneficiary may choose to receive the Death Benefit in either a lump sum or a series of income payments.

A death benefit is not available if an annuity payout option has been elected.

NOTE: The GLWB Value is not available as a Death Benefit

Subsequent Premiums

All subsequent premiums will be credited a fixed interest rate until the next Contract Anniversary. This interest rate will be declared at the time the subsequent premium is received. On each Contract Anniversary, Midland National will allocate any premium received since the prior Contract Anniversary according to your most recent instructions.

LIQUIDITY FEATURES

Certain withdrawals before age 59½ may be subject to a 10% IRS penalty. Exercising the Penalty-free withdrawals or Annuity Payout Options explained below will impact future income payments of the Guaranteed Lifetime Withdrawal Benefit feature.

Penalty-Free Withdrawals

Once per year after the first Contract Anniversary, you may take a penalty-free withdrawal (also known as a Penalty-Free Partial Surrender), without surrender charges or Market Value Adjustment, of up to 5% of your Accumulation Value. If you take a withdrawal it will result in a reduction of your Accumulation Value and GLWB Value. Please review the GLWB section for details on how the penalty-free withdrawals may impact your income payments.

Nursing Home Confinement Waiver For Connecticut, known as the Free Withdrawal Benefit for Nursing Home Confinement Rider:

After the first Contract Anniversary, if the annuitant becomes confined to a qualified nursing home facility for at least 90 consecutive days, we will increase the penalty-free withdrawal amount by 100% of the Accumulation Value each year while the annuitant is confined. This waiver is available for all issue ages and is automatically included with your annuity at no additional charge.

Required Minimum Distributions

By current company practice*, Required Minimum Distributions (RMD) that exceed the 5% penalty-free amount may be withdrawn without a surrender charge or Market Value Adjustment

Annuity Payout Options

In all states except **Florida**, you may select an annuity payout option at any time. If selected during the Surrender Charge period, your payout will be based on the Surrender Value. Available payout options include Life Income, Life Income with Period Certain, Joint and Survivor Life Income and Income for a Specified Period or Amount.

By current company practice*, you may receive an income from the Accumulation Value after the first contract year (without surrender charges or Market Value Adjustment) if you choose a Life Income Option. You can also receive an income based on the Accumulation Value if your annuity has been inforce for at least five years and you elect to receive payments over at least a five year period.

For **Florida**:

You may select an annuity payout option based on the Accumulation Value at any time after the first contract year. Available payout options include Life Income, Life Income with a 10-Year or 20-Year Period Certain, Joint and Survivor Life Income and Joint and Survivor with a 10-Year or 20-Year Period Certain.

Once a payout option is elected it cannot be changed and all other rights and benefits under the annuity end. The GLWB feature of this annuity will terminate upon electing an annuity payout option.

^{*}A feature offered "by current company practice" is not a contractual guarantee of this annuity Contract and can be removed or changed at any time.

Additional Information

The MNL Savers Income 7 is not a registered security, does not directly participate in stock or equity investments. Applicable index returns do not include dividends. Past index performance is not intended to predict future performance. Under current law, annuities grow tax-deferred. Annuities may be subject to taxation during the income or withdrawal phase. The tax-deferred feature is not necessary for a tax qualified retirement account. If purchasing this annuity as a qualified retirement account, you should consider whether other features, such as the GLWB future income and Death Benefit features, lifetime annuity payments and other riders will help meet your needs. Before purchasing this contract you should obtain competent advice as to tax treatment of the contract. Neither Midland National, nor any agents acting on its behalf in the sale of this product, should be viewed as providing legal, tax or securities advice.

Index Account Calculations

The following hypothetical examples are provided as a general explanation of how the Annual Point-to-Point Crediting Option is calculated and how interest may be credited under three scenarios. These examples assume: initial premium of \$10,000, a beginning index value of 1000 for the S&P 500®, an Annual Point to Point Index Cap Rate of 5% and no withdrawals

Annual Point-To-Point With Index Cap Rate (APP Cap) Crediting Method:

This crediting method measures the index growth using two points in time in the contract year; the beginning index value and the ending index value. Index linked gains are calculated based on the difference between these two values. The index growth, if any, is then subject to an Index Cap Rate. The annual Index Credit will never be less than zero, and will not be more than the Index Cap Rate. Index growth is calculated as follows:

Index Return = Ending Index Value - Beginning Index Value

Beginning Index Value

Index Credit = (Index Return, not to exceed Index Cap Rate) x Initial Premium

Index Account Value = Initial Premium + Index Credit

	SCENARIO A: Above Average Return	SCENARIO B: Average Return	SCENARIO C: Negative Return
Index Return =	$\frac{1,200 - 1,000}{1,000} = 20\%^*$	$\frac{1,040 - 1,000}{1,000} = 4\%^*$	$\frac{900 - 1,000}{1,000} = -10\%^{**}$
Index Credit =	(0.05) x \$10,000 = \$500	(0.04) x \$10,000 = \$400	(0.0) x \$10,000 = \$0**
Index Account Value =	\$10,000 + \$500 = \$10,500	\$10,000 + \$400 = \$10,400	\$10,000 + \$0 = \$10,000

^{*} Cannot exceed the Annual Point-to-Point Index Cap Rate. **The Index Credit will never be less than zero.

Minimum Surrender Value

(Hypothetical example assumes an annuity contract with a 7-year surrender charge schedule and an initial premium of \$10,000, and no withdrawals):

End of

Yr 1: \$8,837.50 **Yr 3**: \$9,015.13 **Yr 5**: \$9,196.33 **Yr 7**: \$9,381.18

IMPORTANT NOTICE: REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases, this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new contract involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy or contract to pay all or part of any premium or payment due on the new contract. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

 Are you considering disconting existing policy or contract? 		urrendering, forfeiting, assigning to th	ne insurer, or otherwise terminating your

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

AGENT INSTRUCTION: Three Copies Needed.

Return this signed original to the Home Office, Leave a signed copy with the Applicant and retain a permanent copy in your file.

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

Are they affordable? Could they change?

You're older--are premiums higher for the proposed new policy?

How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

New policies usually take longer to build cash values and to pay dividends.

Acquisition costs for the old policy may have been paid; you will incur costs for the new one.

What surrender charges do the policies have?

What expense and sales charges will you pay on the new policy?

Does the new policy provide more insurance coverage?

INSURABILITY:

If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.

You may need a medical exam for a new policy.

Claims on most new policies for up to the first two years can be denied based on inaccurate statements.

Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

How are premiums for both policies being paid?

How will the premiums on your existing policy be affected?

Will a loan be deducted from death benefits?

What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

Will you pay surrender charges on your old contract?

What are the interest rate guarantees for the new contract?

Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

What are the tax consequences of buying the new policy?

Is this a tax-free exchange? (See your tax advisor.)

Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?

Will the existing insurer be willing to modify the old policy?

How does the quality and financial stability of the new company compare with your existing company?

4. Assignment of ownership

I/We, the undersigned, hereby state that I/we am/are the owner of the life insurance, endowment, or annuity contract identified above. For the purpose of making an Internal Revenue Code Section 1035 Exchange of insurance or annuity contract, I/We hereby absolutely assign and transfer all rights, benefits, interests, and property I/we have in the above identified contract to the assignee identified above (hereafter "the Company").

This assignment and Section 1035 Exchange is conditioned upon the decision by the Company to issue, on the basis set forth in the application, an annuity contract or life insurance policy. After acceptance of the application by the Company, this assignment will become absolute and the Company will issue to me an annuity contract or life insurance policy in exchange for the partial or full and complete surrender of the above listed contract and that the cash surrender value will be applied as a premium on the contract issued to me by the Company. The cash value received from the surrender of the contract(s) identified above will be credited to the contract issued by the Company upon receipt from the other Company. The Company assumes no liability for any delay by the other Company in processing the assignment of ownership, the request for surrender, or the payment of the cash surrender value. I/We understand that the contract values and terms of the above-identified contract may differ substantially from those in the contract issued by the Company.

I/We understand that the Company will request the immediate surrender of the contract being assigned to them as part of the Section 1035 Exchange. If I/we elect to refuse the policy issued by the Company under the "free-look" provision, I/We recognize that the assigned contract may have already been surrendered for its cash surrender value. If I/we refuse the policy under the "free-look" provision, the Company has no liability beyond the return of the cash surrender value of the assigned contract. If no premium is paid with the application, coverage under the new policy issued by the Company becomes effective when coverage under the existing policy identified above ceases because the other insurer has processed the Company's request for surrender. I/We certify that no proceeding in bankruptcy or insolvency, voluntary or involuntary, is pending against me/us.

5. Transaction authorization

I/We am/are aware of any surrender/withdrawal penalties, which may apply, and I/we authorize the transaction described above. This transfer request also authorizes Midland National to receive information on the status of this transfer or exchange.

The undersigned represents and agrees that the Company is participating in this transaction at the undersigned's specific request and as an accommodation to the undersigned. It is further agreed that neither the Company, nor the officer, employee, agent, or any person acting on behalf of the Company warrants or represents the income tax consequences of this transaction. I/We have been advised by the Company, and/or its officers, agents, employees, or persons acting on the Company's behalf, that I/we should consult my/our own tax advisor regarding the tax consequences of this transaction. I/We have not relied on the Company or any agent of the Company for tax advice.

I/We agree to release, indemnify, and hold harmless Midland National, its directors, officers, employees, agents, parents, subsidiaries, and affiliates, and their directors, officers, employees, and agents (Midland National), as transfer agent, from and against any and all claims, liabilities, damages, costs, charges and expenses, including reasonable attorney fees, sustained or incurred by reason of any claim, litigation, arbitration or other proceeding arising as a result of Midland National's transfer of the above-referenced funds at my/our request. Without limiting the foregoing, I/we specifically acknowledge and agree that Midland National shall not be responsible for any loss due to market fluctuations which I/we incur as a result of any delay in the transfer of such funds and acknowledge and agree that it is my/our responsibility to request the transferring company to transfer these funds to the fixed or general account of the annuity, mutual fund, or other investment product from which the exchange is being made pending the processing and completion of this request.

Note: Under the laws of most states, an agent is restricted in, or prohibited from, having a beneficial interest in a contract sold by that agent, unless that agent is a family member, or has a recognized insurable interest. Additionally, Midland National® company policy prohibits our agents from serving in any capacity that may be construed as creating a direct or indirect conflict of interest with regard to a contract or contracts for which they are or have been the agent(s) of record.

NOTICE: THIS SECTION CONTAINS A WAIVER AND RELEASE OF LIABILITY. PLEASE READ CAREFULLY.

This section is to be completed and signed by ALL Trustees required by the response to Question 1. For purposes of this section, "Trust" and "Trustees" refer to the trust and its trustee(s) identified on the first page of this form. "Annuity Policy/Contract" refers to the annuity policy(ies), contract(s), or certificate(s) referenced on the first page of this form together with any associated riders. "Owner", "Beneficiary", and "Annuitant" have the same meaning as defined in the Annuity Policy/Contract, and include multiple or joint Owners, Beneficiaries, or Annuitants where applicable. When not capitalized, "owners" and "beneficiaries" refer to the designated legal owners or beneficiaries of the Trust.

The undersigned persons ("the Trustees") represent, certify, and agree as follows:

- A. The Trustees are the authorized Trustees of the Trust identified above, and are authorized and legally capable of purchasing the Annuity Policy/Contract. Midland National may rely upon the signatures of the Trustees on behalf of the Trust as if they were the actual Owner or Beneficiary of the Annuity Policy/Contract.
- B. If the Trust is to be named the Owner of the Annuity Policy/Contract, the Trust is authorized under the terms of the Trust to purchase and hold the Annuity Policy/Contract, and if the Trust is to be named the Beneficiary of the Annuity Policy/Contract, the Trust is authorized under the terms of the Trust to receive the Annuity Policy/Contract proceeds.
- C. No additional authorizations are necessary to purchase the Annuity Policy/Contract.
- D. The Trustees acknowledge and agree that Midland National has no responsibility for reviewing or interpreting Trust or Trust-related documents, that Midland National will issue and administer the Annuity Policy/Contract based solely upon the representations made by the Trustees in this form, and that any consequence of any error, inaccuracy, or misunderstanding in interpreting the Trust will be borne solely by the Trustees.
- E. The Trustees have reviewed all provisions of the Trust and Annuity Policy/Contract. By accepting the Annuity Policy/Contract, the Trustees certify they have determined that:
 - i. None of the provisions of the Trust (including income and corpus distribution requirements) conflict or will interfere with the terms and operation of the Annuity Policy/Contract; and
 - ii. None of the provisions of the Annuity Policy/Contract (including distribution requirements of section 72(s) of the federal Internal Revenue Code as incorporated into the terms of the Annuity Policy/Contract and applicable surrender charges) conflict or will interfere with the terms and operation of the Trust.
- F. The Trustees have determined the Annuity Policy/Contract is suitable for the purposes of the Trust, and the Annuity Policy/Contract conforms to the income distribution requirements of the Trust and to applicable state and federal laws. The Trustees acknowledge that distribution of the Annuity Policy/Contract funds may result in surrender charges and/or interest adjustments pursuant to the terms of the Annuity Policy/Contract.
- G. The Trustees acknowledge that the purchase and ownership of an Annuity Policy/Contract by the Trust may have significant tax, estate/probate, and other legal and financial consequences for the Trust and the Trust's owners and beneficiaries. The Trustees have sought advice from their own legal, tax, trust, and financial advisors regarding any questions related to the suitability, purchase, and ownership of an Annuity Policy/Contract by the Trust, and have independently determined that purchase of the Annuity Policy/Contract is appropriate for the Trust.
- H. The Trustees further acknowledge and agree that:
 - i. Midland National does not make and has not made any recommendations regarding the use of a Trust for any purpose, Midland National's agents are not authorized to recommend or sell Trusts while acting in their capacity as an agent for Midland National, and any Trust recommendation should be provided by a qualified advisor;

- ii. Neither Midland National nor its agents, employees, or representatives are authorized to give tax, estate/probate, or other legal advice. Although some Midland National agents may also be duly licensed professionals (e.g. attorneys or accountants), any tax, estate/probate, or other legal advice provided by such individuals is solely in their capacity as an independent professional, and not in their capacity as an agent of Midland National;
- iii. The Trustees have not relied upon any representation or advice of any of Midland National's agents, employees, or representatives with respect to the validity, terms, or utilization of the Trust as the Owner or Beneficiary of the Annuity Policy/Contract; and
- iv. The establishment of the Trust is not required in conjunction with the purchase of the Annuity Policy/Contract, and that any fees, costs, and/or expenses associated with the establishment of the Trust are independent of any premium paid for the purchase of the Annuity Policy/Contract.
- I. The beneficiary(ies) of the Trust is/are each a natural person. No beneficiary of the Trust is an entity, such as a corporation, another trust, educational or religious institution, or charity, and the Trustees do not have discretion to pay Trust benefits to any entity. Based on independent advice received from a qualified tax advisor, the Trustees have determined that the Trust will be holding the Annuity Policy/Contract as an agent solely for a natural person (or solely for natural persons) within the meaning of section 72(u)(1) of the federal Internal Revenue Code.
- J. If the Trust is a testamentary trust, the Trust currently exists and all required probate proceedings have been completed.
- K. The Trust is not a Welfare Benefit Trust or a trust set up as part of a Nonqualified Deferred Compensation Plan.
- L. The Trustees understand that the Annuity Policy/Contract will terminate in accordance with the terms of the Annuity Policy/Contract upon the death of the Annuitant, resulting in a mandatory distribution of funds from the Annuity Policy/Contract in accordance with its terms.
- M. The Trustees agree that Midland National shall have no responsibility with respect to the use or application of any funds paid to the Trust or the Trustees.
- N. The Trustees agree that each and every Trustee and successor Trustee is bound by the declarations of the Trustees signing this form. The Trustees further agree that Midland National may rely upon the directions of the Trustees identified in this form and any named successor Trustees until Midland National receives at its Executive Office written notification of a change of Trustee in a form acceptable to Midland National. The Trustees agree to notify Midland National of any change in Trustee within a reasonable time. The Trustees further agree to promptly notify Midland National if there is any change of facts that would affect any of the representations, certifications, or agreements contained in this form.
- O. The Trustees agree to release and hold harmless Midland National, its officers, employees, agents, and affiliates from and against all claims, liabilities, costs, and expenses which may arise or result from:
 - i. any action taken by Midland National at the direction of the Trustees or their successors;
 - ii. any tax, estate/probate, or other legal or financial liability or consequences associated with the Trust's purchase or ownership of the Annuity Policy/Contract;
 - iii. any error, inaccuracy, or misunderstanding in interpreting the Trust, and
 - iv. Midland National's reliance on the Trustees' representations regarding the Trust or their authority with respect to the Trust.
